

STUDENT TEACHERS

The teachers in the School District acknowledge their professional responsibility to participate in and give leadership to the student teacher practicum. Teachers requesting a student teacher shall make application through their building principal.

A student shall have taught at least two years before being assigned a student teacher.

A teacher shall have taught at least one year in the School District before being assigned a student teacher. The responsibility for assigning and coordinating the student teacher program shall be delegated to the Superintendent.

In general, teachers shall have only one student teacher a year. Any exception to this practice must be approved by the teacher and the Superintendent.

Tenino School District
