

Great Things Have Been Happening at Seligman Schools

The past few weeks have been busy at the school. The month began with a middle school field trip to the Yavapai County College theater to see a play about our government called, "We the People."

On February 6th, Seligman High School held its 2nd annual Mr. and Miss Seligman Pageant. Students gave speeches, modeled sportswear and formal wear, answered questions and performed a talent. The

competition was tough, but ultimately Nate Long and Lola Montana were crowned this year's winners.

On February 12th, Ms. Lawson's group took a field trip to a health fair exhibition to learn about the human body. Students were excited to crawl into the giant mouth, learn about the body, and be sneezed out through the nose.

A sports awards banquet was held on February 19th to celebrate athletic achievements for High School Basketball and Middle School Girls Basketball.

Seligman Middle School Student Council hosted a spirit week and dance to end the boys' basketball season.

FFA hosted its spirit week and assembly. Current members encouraged students to become FFA members next year by sharing the activities in which they've been able to participate.

The Spirit Club hosted a free spaghetti dinner on February 26th to celebrate the 100th day of school. Before the event, each class created a poster to represent 100 days of school. Poster winners were the 2nd-3rd grade class led by Ms. Lawson, the 7th grade class led by Mrs. Robison, and the 10th grade class led by Mrs. Campbell. Teachers also worked hard preparing activities with a "100" theme for families to try.

Read Across America was celebrated school wide on March 2nd. The day kicked off by serving green eggs and ham for breakfast while Mr. Phillips and teachers read

the story by the same name. Later, students were paired up across grade levels to read to each other. Students also heard a story called

The Book Tree, and helped to create our own book tree filled with all of our favorite stories.

Family Literacy Night was held the same evening. The annual event promotes reading as a family. Teachers prepared activities in classrooms that would help families to practice reading together. Families took home rhyming games, "Shark Attack," cootie catchers, and prizes for "escaping the school," just to name a few.

Seligman Schools hosted their annual College and Career Fair on March 5th. Representatives from our armed services and many colleges were on hand with information for perspective applicants. Representatives for careers in preschool teaching, EMT, firefighting, taxidermy, L'Hoist, and ADOT were also in attendance.

Wrapping up the 3rd quarter, students completed their Galileo Benchmark Testing. Teachers proudly reported significant growth for the majority of students.

All three schools are heading into fourth quarter with a focus on the upcoming state AzM2 test. Middle School girls are in the midst of the volleyball season while High School boys are playing baseball. Both teams would love to have community support, so come check out a game. Schedules are posted online. We hope to see you at future events at Seligman Schools!
