Mission Statement

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agriculture education. The National FFA Organization envisions a future in which all agricultural education students will discover their passion in life and build on that insight to chart the course for their educational, career, and personal future. (The Official FFA Manual, 2008).

Because of the above statement, students will be monitored on behavior and academics while in the organization. If for some reason a student has a problem in either area, they will be placed on probation. If the problems continue, the student will be asked to resign from the organization. Major violations will be handled based on severity and at the discretion of administration and teacher and can result in dismissal from the organization.
