

Palominas Elementary School District #49

April 8, 2021

Dear Parents/Guardians,

Online Registration is now open for **New Students** through the ParentVue portal for the **2021-2022** school year. Office staff will be available to help with any questions you may have. Please submit all documents needed before the start of the school year to ensure your student(s) is/are fully registered and able to attend on the first day of school.

A ParentVue account will need to be created for parents that do not have an existing account with our district. If you are not sure if you have an account already please contact the office staff and we can check for you. If you have a kindergarten student that will be registering for the first time in the district and you already have a ParentVue account created for siblings in the district you **do not** need to create another account. They can be added to your existing ParentVue. If you do not have access to ParentVue please feel free to stop in any of the school offices for assistance.
