

## Palominas School District #49

Sherri Rosalik, Superintendent

Dear Parents/Guardians;

Recently, the FCC has released a regulation that prevents schools from sending non-emergency or attendance related communications to students' parents/guardians without their consent on file. In an effort to decrease the amount of paper that we must buy, print, and send home, the schools of the Palominas District would like your permission to contact you with information such as upcoming events, school news, and other relevant school related, non-emergency information.

Please select the level of communication that you would like to receive from the school in addition to emergency, attendance, or school closure information. *Each parent or guardian must have one of these forms on file if he/she would like to be contacted with non-emergency information.* If you require additional copies of this form, please contact the school office and we will have them sent home with your child.

Please contact me with additional information in the following manners *(check all that apply)*

- email
- automated phone call
- text
- parent portal messenger

I would prefer not to be contacted in addition to emergencies, attendance, or school closures
