THAT CAN HELP YOUR  
DISTRICT SUCCEED.

# NEREC

The Northeast Regional Education Cooperative (NEREC/REC#4) is one of ten regional education service

agencies serving 68 smaller and rural school districts across New Mexico. Established in 1984 by the NM State Board of Education, RECs function to better enable school districts to meet the many challenges confronting them in an era of limited resources and increased accountability.

The NEREC continues to expand its focus to include an array of quality supports and services to enhance and strengthen school districts' ability to effectively serve the needs of ALL students and the professional needs of staff.

NEREC provides services to its member school districts and also to non-member public, charter and private schools that want to take advantage of the extensive scope of services and supports that we offer.

Services for non-members are arranged through limited, negotiable purchase service agreements. Weekly, monthly, annual, and per-day service rates are available.

We look forward to meeting with you in the near future to discuss your needs for educational services and supports.

Sincerely,

Dr. James Abreu, Executive Director

\*Former Dean of Education-NMHU

\*Professor Emeritus

\*Former Superintendent

\*Licensed Teacher & Administrator

\*2018 NMCEL RECA Admin. Of the Year

IDEA Support

Collaboration

# HOW CAN NEREC SUPPORT YOU?

- ▶ NEREC services begin with an introductory visit to your district or school administrative office to discuss your needs for training, technical assistance and support.

Service Plan

- ▶ A proposed service plan will be developed and promptly returned to you in the form of a simple contract specifying goals, scope of work, timelines and a detailed breakdown of costs.

- ▶ Training, technical assistance, report and document preparation, and resource development will be provided on-site or via distance technology when appropriate.

Hands-On Support

- ▶ Ongoing technical assistance and support will include hands-on work on-site with teachers and staff to improve instructional effectiveness, create safe and culturally sensitive learning environments and improve administrative functions for the betterment of the overall school environment.

We're looking forward to working with you!
