PCSD #1 Parent Instruction Sheet on Student Illness

Date _____

Your student _____ is being sent home with the following symptoms related to COVID-19:

Oral Temp >100 Fatigue Congestion or runny nose Headache
 Chills Muscle or body aches Diarrhea Nausea or vomiting
 Cough Shortness of Breath New loss of taste or smell Sore throat

*Professional Colleague consulted _____ (PCSD #1 School Nurses)

What do I do now?

-Parents can choose whether or not to take the student to a healthcare provider. This may affect the time he/she must remain out of the school building.

Physician Visit

-If the student has a **positive (+) COVID-19 test**, please follow quarantine orders from your local Public Health office. Typically, he/she can return 10 days after the symptoms started provided they are subsiding **AND** he/she is fever-free for 24 hours without the use of fever reducing medications.

-If the student has a **negative (-) COVID-19 test**, he/she may return when symptom-free **AND** fever-free for 24 hours without the use of fever reducing medications.

-If the student is diagnosed with **another illness** by an approved healthcare provider, such as strep throat or flu, he/she may return to school at the provider's discretion (note required) and per PCSD#1 policy.

No Physician Visit

-If the student does not see a healthcare provider, is not tested for COVID-19, and has had **NO** contact or potential exposure to COVID-19 in the last 14 days, he/she may return to school when symptom-free, **AND** fever-free, for at least 24 hours without the use of fever reducing medications.

--If the student does not see a healthcare provider, is not tested for COVID-19, but **HAS had close contact or potential exposure to COVID-19 within the last 14 days**, please contact your local Public Health office and follow their quarantine orders. Typically, he/she can return 10 days after the symptoms started provided they are subsiding **AND** he/she is fever-free for 24 hours without the use of fever-reducing medications.
