On Another Note: Lifetouch Pictures Update

We have been communicating with Lifetouch Pictures about student Spring Pictures. Due to the pandemic shutdown in Montana, they had to close down their facilities for a few weeks and recently opened back up with a minimal crew. They are working hard to get us our pictures and hope to have them to us before the end of the year. If you have any specific questions, the manager, Derrick Robbins has offered to be available on his cell phone at 406.591.4080.

Summer Reading Logs will be handed out with your report cards. We hope you will read at least 30-45 minutes every day and enter it on your reading log to turn in by September 4th!
