

# LAMP Lights—September 2019

## LAMP Spotlights:

### Recorders in 4th and 5th Grades

All 4th and 5th grade students will be studying recorders in music class again this year. A letter went home the first week of school about purchasing a recorder or sending in an instrument you already have at home. A second copy of the letter was sent home with students who still need recorders. 5th grade students who went here last year have their recorders in the music room. We will begin our recorder studies this month as part of the music grade so all students need an instrument. If you need to purchase one, they are \$4 and available through Mrs. Williams.
