Student Verification

If you have not already done so, we are asking that you do the online Student Verification system to update student records as soon as possible. **ALL** families with students in grades K-12 are required to update student information in Parent Web for every child. The Parent Web link can be found on our district web site www.springfieldplatteview.org. The Parent Web account will work for all of your children throughout the district and will ensure that our schools have the most current student information. Parents may update information such as new address, phone numbers, health information, or emergency contacts at any time throughout the school year. If you have not done so please log in and submit your information. **Students ipad use will be limited and students will not be able to go on field trips until the verification is complete.** If you have any

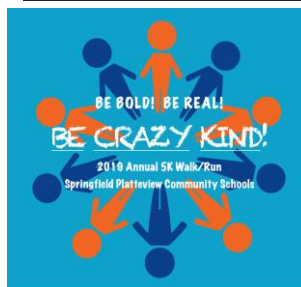

questions please feel free to call the school at 402-253-2245. Thank you for your help in getting this done as soon as possible.

Lunch Account Updates

We are experiencing a glitch with our eFunds system, which is the program families can use to pay for lunches electronically. Due to these technical issues the eFunds program has been suspended and is not operational. Please do not try to use the eFunds system to pay for lunch until further notice.

In order to add money to your student(s)' account please send cash or a check to the office. We cannot take credit card payments at this time. If you have any questions or need assistance please contact Mrs. Romsa, (cromsa@springfieldplatteview.org or 402-253-2245) as she would be glad to assist you. Thank you for your patience and willingness to help us.
