#### **2020 -21 Student Directory:**

<http://bit.ly/2W7ck6j>

The Springfield PTO is gathering student information for the 2020-2021 Student Directory. This directory will include a list of school faculty, students within each classroom and important phone numbers for quick reference. Although, you provide this information to the school, the PTO needs to ensure you approve your child's information to be published in the directory. This information MUST be re-entered each school year and it does not roll forward from year to year. We will also simply collect your email address so that if you do not wish to have your data published in the directory, you can still receive any PTO news from Springfield Elementary.

Please submit this information to ensure your child is included in the directory. The directories will be sent home with your child in their Friday folder towards the end of September.
