August 14, 2020

Dear Parents and Guardians:

Yesterday afternoon after receiving the most recent health metrics for Cochise County, the Governing Board voted to resume in person class instruction on Monday August 17<sup>th</sup>. We know this is a relief for many parents, but raises concerns for others. We want to address all questions and concerns, but can't do that in one letter. Please contact your school, email teachers or principals with questions, or you can always contact me. We can accommodate most learning scenarios should you not feel comfortable sending your student back just yet.

Please keep in mind this is a new era for all of us. Be patient as we work through the issues that arise. We all want the safest environment possible for our students and staff, but we also need to have a productive learning environment. This will take time as we transition to a mixture of in person and distance learning over the next few weeks.

If you have questions about our back to school plan, please visit our website or follow the included links for the latest information.
