

Dear Parents, Teachers, Staff, and Students,

To those of you who completed a Needs Assessment Survey, THANK YOU! Your thoughts and opinions are greatly appreciated. The following are the results of the survey.

Parents' Survey: 21% returned--Grade: A

Top three areas of importance;

1. continue remedial help in math and reading
2. provide a safer more orderly environment
3. provide better communication between school/home

Area of **least concern**: establishing summer school

Students' Survey: 89% returned--Grade: A

Top three areas of importance;

1. higher expectations for all students
2. continue remedial help in math and reading
3. provide better communication between home/school

Area of **least concern**: more training for teachers

Teachers' Survey: 67% returned--Grade: B

Top three areas of importance;

1. continue remedial help in math and reading
2. higher expectations for all students
3. continue tutoring before and after school

Area of **least concern**: establishing summer school

Staffs' Survey: 38% returned--Grade: B

Top three areas of importance;

1. provide a safer more orderly environment
2. continue remedial help in math and reading
3. tutoring before and after school/better communication between school and home

Area of **least concern**: establish summer school and increase parental involvement

Sincerely,

Caley Cooper
