

Supplemental Application for Position

These questions will be used by the interview committee to provide pieces of evidence and data for selecting those applicants who will receive oral interviews. Please respond completely so that the committee can get a good picture of your experience and background in education. Also please explain all responses fully and include any examples that may be helpful in representing your professional experience.

1. Describe the characteristics of effective instruction and effective classroom management.
2. Describe your hands on experience in curriculum development, instructional strategies/techniques, and assessment/evaluation procedures related to elementary education.
3. Describe the characteristics of a professional teacher.
4. Please state your most recent staff development attended or received and list the five most recent articles or books read your particular area of education.
5. Explain your knowledge of current research in education concerning curriculum and instructional practices.
6. What do you view as your ability to establish and maintain cooperative and professional working relationships with staff, the public, and agency personnel? Please keep in mind that Masada is a small school in a small community.
7. Give an example of a change that was or has been difficult for you in your professional career and any reform efforts in which you have been involved.
8. Describe your vision of an ideal graduate.
