Dear Jeff Tech Families:

Due to the increase in Coronavirus cases throughout our nation, we have been taking precautionary measures to increase our preventative cleaning and sanitation of all surfaces in our building along with stressing personal hygiene. The health and safety of our students and community will remain the focus of our decision making. We anticipate the numbers to continue to rise and believe that it is in our best interest to be overly cautious. We will update you further should additional steps be necessary.

We are continually monitoring activities and data nationally, regionally and locally and will make informed decisions as a result. School staff will remain in contact with the Pennsylvania Department of Health and the Center for Disease Control. We recommend that you visit their websites for the most recent information ( <https://www.health.pa.gov> and [www.cdc.gov](http://www.cdc.gov) ). Additionally, we remain in contact with the Department of Education and have the unique opportunity to draw from the expertise of four very supportive school districts. We will continue to seek guidance from all of these sources. We are also including the information sheet from the Department of Health with this communication.

We will continue to communicate with you when updated Coronavirus information becomes available to us. We thank you for your patience and understanding as we navigate the upcoming weeks. We ask you to continue to stress to your students the importance of proper handwashing and please keep them home if they are sick.

Sincerely,

Barry Fillman  
Director
