## **2020-2021 STUDENT BODY HANDBOOK**

### **ANNUAL NOTIFICATION TO PARENTS REGARDING CONFIDENTIALITY OF STUDENT EDUCATION RECORDS**

Dear Parent:

The Governing Board of Pima Unified School District #6 has established written policies regarding the collection, storage, retrieval, use and transfer of student educational records collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents' and student's rights to privacy.

Students' records maintained by the district may include, but are not necessarily limited to: identifying data, report cards, transcripts, test scores, attendance data, reports of psychological testing, health data, teacher or counselor observations, and verified reports of serious or recurrent behavior patterns.

These records are collected and maintained in the administrative offices of each school under the supervision of the building principal. They are available for review by you and by teachers and staff working with the student. Information is not released to others unless; (1) written consent of the parent permits disclosure, (2) it is directory information and, (3) it can be released under limited circumstances permitted by law.

You have the right to inspect and review any and all records related to your child, including the listing of persons who have reviewed or have received copies of the information. Parents wishing to review their children's records should contact the school office and arrange an appointment with the principal. School personnel will be available to explain the contents of the records to you. Copies of student education records will be made available when it is not practical for you to inspect and review the records at school. A reasonable fee will be charged for copies.

If you believe the information in the record file is inaccurate or misleading, you have the right to request that a correction be made and to add comments of your own to the record. When an agreement between the parent and the principal cannot be reached, you have the right to a hearing. A hearing officer, one who does not have direct interest in the outcome, will be assigned by the school to arbitrate the matter within the guidelines set forth in the district policy.

A copy of the District Student Education Record Confidentiality Policies may be reviewed in the principal's office in each school. Federal law permits a parent to file a complaint with the U.S. Department of Education in Washington, D.C. if you feel the school is violating public school records statutes.

Pima Unified School District follows state and federal law concerning Directory Information. This is considered non-confidential information and may be publicly released without permission of parents.

Directory Information includes data such as:

Student's name; date and place of birth;  
address; telephone number; grade; school  
of attendance; most recent school attended;  
diplomas, awards and honors received;  
participation in officially recognized  
activities (sports and school events), weight,  
height, and team number.

***IF YOU DO NOT WISH ANY OR ALL OF THE ABOVE INFORMATION  
RELEASED ABOUT YOUR CHILD, YOU MAY REQUEST NONDISCLOSURE  
BY NOTIFYING THE SCHOOL IN WRITING WITHIN TEN (10) WORKING  
DAYS.*** If this notification is not received, we will assume that your permission is  
given to use your child's Directory Information as described above.

**PIMA HIGH SCHOOL**  
**STATEMENT OF EDUCATIONAL PHILOSOPHY**

Pima High School's Philosophy of Education, in support of the District Philosophy, is to extend to all students equally - regardless of race, creed or sex, an opportunity for education. It is through the cooperative effort of the administration, faculty, students, and community that the following will be provided:

- A solid core curriculum
- An opportunity for academic enrichment
- Methods of instruction that vary according to the students' needs
- Extracurricular activities that develop both the body and mind
- A foundation for civic involvement and responsibility

Consistent with our belief in American Democracy, Pima High School desires to offer its students the opportunity to enhance their personal worth and academic growth by granting equal opportunity to every student. The school's curriculum provides students with the chance to discover areas of personal and vocational preference and to build a solid foundation for post-high school activities. Pima High School does not seek to guarantee success but rather to provide students with the opportunity to develop themselves to the limits of their abilities and desires. This opportunity is the result of a cooperative effort between educators, administrators and community members. The aim of each of these cooperating groups is to enable the community's greatest asset; it's young people, to develop positive citizenship, good moral attitudes, and a solid academic foundation. Education helps students prepare to succeed in life through learning to solve problems, to think creatively, to be tolerant of others, and to maintain a healthy sense of self-worth. These ideals will be met as educators establish a climate conducive to learning and when students strive to take full advantage of their opportunities.

**MISSION STATEMENT**

Our Mission is to provide a quality education for all students, in a safe and nurturing environment, in partnership with parents and our community.

One representative of each club and organization may also serve on the Council. The activities of clubs and organizations are regulated and coordinated by the Student Council. ### **PRINCIPAL'S ADVISORY (Site) COUNCIL**

Besides the School's Student Government Program, there is another way for students to influence and have input on the operations, procedures, policies, and programs of the school. The Principal's Advisory Council, also known as the High School Site Council, will serve to provide information to the school administration for ongoing support. High School Student Body Officers and Class President's will serve on this advisory council to the Principal, along with other students, teachers, classified staff, parents and community members. They will have an equal voice with all others on the Council in offering suggestions and advice on how to improve Pima High School. Members of the council will represent and act as the voice for their corresponding groups. Any parents who would like to be part of PHS site council are encouraged to contact the High School Principal.

Throughout the school year the PHS Site Council will review policies within this handbook. Policies are analyzed for their effectiveness and connection to the school's mission and vision. Policies are then upheld or recommendations are made for adjustment, removal, or modification.

PHS Site council meets the 2<sup>nd</sup> Monday of every quarter

**Materials Fees:**

Classes in which students make projects such as welding, wood shop, and graphic design may require students to purchase the materials necessary for the completion of a project.

As a service, the school often has these needed materials available for purchase by students. In order to begin a project where materials will be available for sale from the school, the student must pay a minimum of 25% of the estimated total project cost prior to their receiving any materials from the school. Students are encouraged to pay on their materials account as they go. At no time may a student make charges to the school for materials, which total \$100.00 or more, on their account.

**PURCHASES**

To spend student activity funds, this procedure is to be followed:

1. An officer or the sponsor of each activity group will fill out an electronic requisition form and electronically submit the form to the principal.
2. After obtaining any additional details, the principal will electronically send the requisition to the District Office to prepare the purchase order. All organizations that raise money through fundraising activities must hold a meeting of their members and vote to expend a specific amount of funds for a specific purpose. The minutes authorizing the expenditure must to be included in the original requisition request along with estimated amounts and all required signatures (i.e. club officers, sponsors, and principal) **prior to the requisition being processed.**
3. All requisitions must fully explain the specifics as to the purpose of the expenditure before a requisition is authorized for processing.
4. The purchase order is then issued either to the vendor or given to the representative for the club.
5. Be sure to allow at least two (2) weeks for purchase orders to be processed. A requisition must be submitted, approved and a purchase order issued prior to purchasing any item.
6. If the club representative takes the purchase order to the vendor a receipt must be obtained and brought to the District Office.
7. All class officers, teachers, coaches, and sponsors will receive adequate in-service opportunities to become familiar with the above procedures.

If circumstances make it impossible to follow the above procedures, then contact the Principal before committing any student funds.

**Payment from an activity account will be refused except under the conditions stated above.** Arizona State Law dictates the procedures that must be followed for the disbursement of Activity Account Funds.

## **GRADUATION REQUIREMENTS**

### **Special Education**

A minimum of twenty-two (22) units of credit is required for graduation. Completion of graduation requirements for special education students who do not meet the requirements of Policy IKF shall be determined on a case-by-case basis in accordance with the special education course of study and the individualized education plan of the student. Graduation requirements established by the Governing Board must be met by a pupil as defined in A.R.S. 15-701.01(D) and A.A.C. R7-2-301.

**To participate in Pima High School's graduation ceremony, a student must have met all of the requirements for graduation from Pima High School prior to the scheduled ceremony.**

### **Early Completion**

Students who wish to graduate early must request approval from the Principal by the end of their sophomore year. Transcripts indicating completion of Pima High school's graduation requirements will be available as soon as all of these requirements have been met. Those students requesting early completion are not considered seniors and will be not eligible for graduation honors. If earned, students will receive the honor cord from their cohort year only.

### **Valedictorian/Salutatorian Honors**

In order to be considered for graduation honors, such as Valedictorian or Salutatorian, a student must have completed their final three consecutive semesters enrolled at Pima High School. Also, to be considered for such honors, all courses which are specifically required for meeting Pima High School's graduation requirements, taken during these final three consecutive semesters, must be taken through Pima High School's educational program, including "dual credit" courses taken at E.A.C. or other approved institutions. Valedictorian and Salutatorian selections will be conducted at the end of the 8<sup>th</sup> semester using cumulative simple percent calculations. These calculations average the percentage earned for each class completed. The calculations do not use a percentage score based on a 4.0 scale. Students within .02% will share honors.

### **Weighted Classes**

Any core college course will be weighted an additional 10% of the earned percentage grade. (Core Classes are defined as Math, English, Science, Social Studies and Foreign Language) Additional weighted classes include Accounting I, II and III, Honors English, and Physics.

### **Class Rank**

If requested, class rank will be calculated by using simple % GPA at the end of each semester. These calculations average the percentage earned for each class completed. The calculations do not use a percentage score based on a 4.0 scale.

### **College Admission Tests**

Students entering college may be required to take, in their senior year, either the American College Test or the Scholastic Achievement Test. Information concerning costs and dates of administration will be available in the Counselor's office.

The Preliminary Scholastic Aptitude Test is available for sophomores and juniors. It assists in predicting college success and is good "practice" in preparing for future admission tests. This test, used for national scholarships and local guidance purposes, is recommended for students with a B average or better.

### **ACT & SAT Information**

Recommend to be taken by the end of junior year.

### **Entrance Requirements for Arizona Universities**

- 4 Years of English
- 4 Years Math (Algebra I, Geometry, Algebra II, plus one more Math higher than Algebra II.)
- 3 Years Laboratory Science (Biology, Earth Science, Chemistry or Physics)
- 2 Years Social Studies
- 2 Years of the same Foreign Language
- 1 Year of Fine Arts

### **Additional Requirements**

#### **There are two types of university admissions**

- **Conditional:** You must rank in the upper 50% of your high school graduating class or have an overall high school grade point average of at least 2.5 on a 4.0 scale;
- **Unconditional:** You must rank in the upper 50% of your high school graduating class or have an overall high school grade point average of at least 3.0 on a 4.0 scale;  
OR Achieve a minimum composite ACT score of 22;  
OR Achieve a minimum composite SAT score of 1040.

### **All Students are Encouraged To Continue With a Post-Secondary Education**

See the guidance counselor early in the fall of your freshmen year. You can be helped with your goal planning in the following ways. We have an academic counselor who can work with you to set up a four-year plan to best prepare you for your career interests.

- Providing vocational information.
- Providing information about the labor market.
- Helping you to assess your abilities and assets through the use of tests.
- Helping you to determine which courses will help you most in your selected vocation.
- Study college catalogs from the guidance office.
- Attend meetings at school with college representatives. Be familiar with required admission tests, financial aid, scholarships and application procedures.
- Visit colleges if possible.
- Write to the colleges of your choice for applications of admission, scholarship and housing information, and a general catalog.
- To apply for scholarships or financial aid, see the guidance counselor in September of your junior and senior year, or before.
- To attend an out-of-state institution, secure information for admissions requirements early in your high school career. This improves your chance of being accepted at the college of your choice. If interested in

attending an out-of-state college or university, you should follow the requirements stated in the catalog of the school you plan to attend.

**Entrance Requirements for Arizona Community Colleges**

Contact individual colleges for any additional information.

**SCHOLARSHIPS**

College catalogs are the best single source of scholarship information. The guidance office will attempt to have on hand as much information as possible on local, state, and national scholarships. This process should begin during the student's junior year and no later than the beginning of the senior year. Since the costs of a college education are increasing every year, it becomes necessary for more and more students to have financial help to continue their education after high school. Those, to whom the best scholarships are awarded, however, do not receive them on the basis of one or two years of hard work in high school. These students start their preparations at the beginning of ninth grade and continue working hard all the way through school.

**Course Load Minimums, Graduation Credits**

All freshmen and sophomore students are required to be enrolled in seven (7) classes at Pima High School (or six classes with one period for “released time”). Juniors may be enrolled a minimum of (6) classes and Seniors may be enrolled in a minimum of (5) classes, not including a “released time” period, **if they can demonstrate a concurrent alternative path that demonstrates continued learning and/or career development. (Job, additional schooling, work at home, etc.)** If a concurrent path is not selected and approved by the principal, juniors and seniors are required to be enrolled in (7) classes (or six classes with one period for “release time”). Students concurrently enrolled in classes through GIFT for a period of time equal to the classes they would be responsible for at Pima High School may enroll in no less than five (5) classes at Pima High School not to include “release time”. For students wishing to be **eligible** to participate in the school’s **athletic programs**, it is required that all 9-12<sup>th</sup> grade **students be enrolled in a minimum of five (5) classes for an entire semester** with Pima High School’s Educational Program, (not to include any “released time” period). Students who attend less than 7 class periods are not to be on PHS campus during the time in which they are released. Credits earned through another appropriately accredited educational institution’s course offerings, will be accepted by Pima High School to meet both required and elective credits as they apply in meeting the Pima High School graduation requirements

### **Dual Enrollment Policy**

The Pima Unified School District will pay for tuition for up to seven (7) **approved** college credits (100 level and above) per semester at Eastern Arizona College.

1. **Pima High School Administrative approval is required for all E.A.C. course activity.**
2. Pima High School currently maintains an agreement with Eastern Arizona College to pay for approved course tuition at the completion of the course.
3. For non-GIFT classes taught on EAC campus, students must obtain an agreement form in the high school office and submit the completed form during registration.
4. Agreements for tuition are included for EAC classes taught on the Pima High School campus and for registered GIFT classes.
5. Pima High School will not pay tuition for students that have failed a course and will owe Eastern Arizona College tuition reimbursement.
6. Pima High School **will not** reimburse for textbooks.
7. Once enrolled in college, you create a college transcript, a record that lasts a lifetime.
8. Students attend “Full” class periods at Pima High School.
9. Students are not excused from E.A.C. classes for any reason.
10. College courses added to the high school transcript will affect PHS honors.

11. If a student drops a Dual Enrollment course required for graduation the student will not be allowed to enter the corresponding course offered at Pima High School if the PHS Drop/Add window has expired.
12. **Pima H.S. students who attend classes at E.A.C. must recognize that their first responsibility is to Pima H.S.** Attendance at E.A.C. is not to interfere with attendance at Pima H.S. during regular classes or the exam schedule.
13. **All college classes taught on the Pima campus are considered dual enrolment courses and will be automatically recorded on student transcripts. All GIFT classes taught at E.A.C. and any CTE classes taught in other local school districts will be automatically recorded on student transcripts.**
14. Any courses taken at E.A.C. that does not fit the above criteria are not automatically recorded on a student's transcript. A letter signed by a parent, and a transcript from the college are required in order to add any college course to the high school transcript. Any course work submitted without percentages will be assigned the following percentage: A=95, B=85, C=75, D=65. **Once course work is added it may not be removed.**

Any individual enrolling for coursework at E.A.C. in excess of seven (7) college units of credit per semester will be responsible for the balance of tuition, which is in excess of tuition fee charged by E.A.C. for seven (7) units of credit.

Three (3) units of college credit will be accepted as the equivalent of .5 units of high school credit.

The following credit percentages apply:

- 1 College credits = .166 high school credits
- 2 College credits = .333 high school credits
- 3 College credits = .5 high school credits
- 4 College credits = .666 high school credits
- 5 College credits = .833 high school credits

For class period equivalency, a college class that meets three to five hours per week is considered as the equivalent of one high school period per day.

Students attending any other educational institution will be responsible to provide their own transportation. Also, students attending classes away from the Pima High School campus will be responsible to be available for the full class period each day for all classes, which are taken on the Pima High School campus.

Pima High School academic recognition, such as "Honor Roll" will be available to students who carry the minimum coursework required, all processed through

Pima High School, regardless of the approved educational institution where the course is actually taken.

Students taking approved coursework at educational institutions other than Pima High School will be eligible for participation in the P.H.S. activity program provided they carry the required minimum coursework loads.

**NOTE:**

- ❖ Students and their parents need to understand that any course taken at the college level, regardless of when that course is taken, will affect that student's permanent college GPA. The ramification of which is the fact that any low grade, in any college course could make the difference as to whether a student could gain admission to a "highly selective" program, such as medical school, in that student's future. ***Maturity and commitment to high academic performance are things to consider anytime a high school age student chooses to enroll in any college course!***
- ❖ A maximum of four (4) total credits earned through all high school correspondence school work over a high school career of eight (8) semesters will be accepted for credit by Pima High School. This is the maximum allowed under our AdvanceEd accreditation standards. The maximum of four (4) credits applies to both elective and required credits.
- ❖ Students and parents need to understand that adding college courses to the high school transcript may lower a student's Simple % GPA.

**Transfer Grade Policy**

Students transferring from another high school with transfer credits will submit documentation of course percentages earned based on a 100% scale. Should course percentages not be available, the following percentage grades will be entered and stored as a calculating factor in rank and percentage GPA. These percentage calculations do not affect the 4.0 GPA scale.

A+	98	A	95	A-	93
B+	88	B	85	B-	83
C+	78	C	75	C-	83
D+	68	D	65	D-	63

### **Incoming Student Placement**

Any student wishing to enroll into Pima High School as a mid-semester transfer will be accepted based on the following considerations:

1. Grade Level Capacity (On occasion classes become full)
2. Passing transfer grades
3. Graduation Progress
4. Prior behavior concerns, suspensions, and expulsions

Students determined to be academically at risk based on the above considerations will be referred to the Gila Valley Learning Center for immediate enrollment pending current availability. Students wishing to exit the Gila Valley Learning Center mid semester who are determined to be at risk based upon the above criteria will be counseled to stay enrolled at GVLC at least until the semester break or new school year.

## ACADEMICS

### Grades and Grading

Grade Point: Averages are computed at the end of each semester. Semester grades will not exceed 100%. Weighting will be applied after grades are stored.

### GRADING

- “A” **A=90-100%:** Student demonstrates 90 to 100 percent mastery of learning objectives through observed improvement and accuracy on assignments, projects, and assessments.
- “B” **B=80-89%:** Student demonstrates 80 to 89 percent mastery of learning objectives through observed improvement and accuracy on assignments, projects, and assessments.
- “C” **C=70-79%:** Student demonstrates 70 to 79 percent mastery of learning objectives through observed improvement and accuracy on assignments, projects, and assessments.
- “D” **D=60-69%:** Student demonstrates 60 to 69 percent mastery of learning objectives through observed improvement and accuracy on assignments, projects, and assessments.
- “F” **F=59%:** Student fails to demonstrate sufficient mastery of learning objectives and therefore receives no credit.
- “I” (Incomplete): Classroom work was not sufficient to be graded and resulting in no credit for class. **“I” is calculated in GPA as 0.0**
- “P” (Passing). **Calculated in GPA as exempt**
- “NC” **NC=0%:** No Credit given for the course (per semester). Usually from excessive absences (see absence policy). NC is calculated in GPA as 0.0.

### STUDENT AIDES

Students who are aides will be graded as Pass/Fail and be awarded elective credit for those classes and grades will be excluded from their GPA.

### RELEASED TIME

Any group to which the Governing Board grants released time will observe the following rules and regulations:

1. It is understood that the School District is not liable or responsible for students during the released time period.
2. Students must go and come during the allotted released time.
3. Tardiness, truancy, and related problems will be just cause for withdrawing a student from the released time program.

### **SCHEDULE CHANGE POLICY**

The student is most likely to get into classes desired by giving thoughtful consideration to the decisions made during registration. This will give the student the most positive experience for next year.

- 1. Anticipated schedule changes for 1<sup>st</sup> semester must be done during the registration prior to the first day of school.**
2. All requests for schedule changes after the first day of school must be made in person or through a live phone conversation by the legal guardian/parent to the appropriate administrator within the first three (3) days of the school year. Schedule changes after the first week of the semester are not allowed.
3. If a student is considering a schedule change for 2<sup>nd</sup> semester, the change must be initiated before the end of 1<sup>st</sup> semester. Schedule changes will not be made after the first day of the 2<sup>nd</sup> semester. Must follow step #2 in requesting a change of placement.

### **CHANGE OF ADDRESS**

Students should notify the office immediately of address or phone number changes during the year.

### **WITHDRAWAL FROM SCHOOL**

To withdraw, a student must report to the office for instructions and procedures to be followed. Final clearance will be given when the forms are completed and a parent's permission notice is recorded along with an administrator's signature. A student is granted "withdrawal grades" which are used only to transfer to another school. **THESE ARE NOT FINAL GRADES.** Students who return to P.H.S. and still owe any fines will not be allowed to enroll until all fees are paid.

### **LEAVING SCHOOL EARLY AT THE END OF THE SEMESTER**

Students are encouraged to complete the entire semester. Sometimes circumstances dictate that a student must leave before a semester is completed. Students who find themselves in this situation must realize that leaving early might cause a lower grade, even a failing one. Special circumstances are judged on an individual basis. The principal may allow a student to terminate early without taking semester exams, but failure to take them may affect the final grade.

### **TRANSCRIPTS AND STUDENTS RECORDS**

All transcripts are mailed directly from school to school through the office. Student records are considered confidential. They contain information of a personal nature and are retained for future use by the school. Student records shall be available under the following circumstances:

1. When they are to be used by the professional staff of the school district in which the student is in attendance.
2. When a school district, employer, or institution requests them if approved by the parent or guardian of the student.

3. When they are requested by a State or Federal agencies as long as the records do not identify the student.
4. When a parent or guardian upon confirmation of identity requests them.
5. When the student who is over the age of eighteen (18) requests them.
6. A transcript request form will need to be filled out before the school will send transcripts to any outside agency.

### **GUIDANCE AND COUNSELING**

The purpose of the guidance and counseling program is to help students with personal and educational matters. Students are urged to use the services of the counselor to help answer questions, resolve personal conflicts, and improve school adjustment. If there is a crisis, the school has specially trained teams and personnel to serve the students' needs. Make the effort; contact your counselor.

### **REPEATING COURSES**

Transcripts for students repeating courses will reflect both the original and the repeated course grade. The higher grade will replace the lower grade in computing the GPA.

### **CREDIT RECOVERY**

Pima High School offers courses for "credit recovery". Using the *Credit Recovery Program* for credit advancement is NOT ALLOWED. The following guidelines will be in place for students taking advantage of *Credit Recovery*:

- *Credit Recovery* is available for sophomores, juniors and seniors for credit recovery only.
- Unless the student is in a full credit course, they must complete the course within the semester. Failure to do so will result in the grade of an incomplete ("I").
- Students will be graded on the time on task along with their overall grade.
- Should a student not finish a course or fail in the allotted time, they will be required to retake the course from the beginning or go back into the regular classroom unless otherwise determined by the Credit Recovery teacher and the Principal.
- Students are required to pass (70%) the Credit Recovery class in order to receive credit on their transcript.
- Once a student finishes their course they are immediately referred to the High School Guidance Counselor for evaluation to determine future activity for that class period. Students must comply with their class period plan in order to receive full credit for the Credit Recovery course.

### **HIGH SCHOOL HONOR ROLL**

High School "Honor Roll" requires that a student have a simple GPA of an 85% or higher. Honor Roll will be calculated at the end of each semester.

## **ATTENDANCE POLICY**

The ultimate responsibility for school attendance rests with students and parents, with the school assisting them to fulfill that responsibility.

**The school expects parents/guardians to call the attendance office each day a student is absent.** Reasonable attempts will be made by the school through phone calls or the mail to inform parents/guardians of student absenteeism. Regular school attendance is basic to the success students attain from high school programs. Students should miss school only when it is absolutely necessary.

### **Classification of Absences/Definition**

**Absence** – An absence is considered to be nonattendance in an assigned class or activity. Arriving to class more than ten (10) minutes late without an acceptable pass will be considered an absence. Parent phone calls or letters are expected.

Students who miss class due to an extracurricular event will be **REQUIRED TO MEET ALL DEADLINES FOR THEIR DAILY ASSIGNMENTS.** This means that students will need to turn in any assignments that are **due prior to leaving.** Missed assignments are **due as per absence policy.** If a student fails to meet this standard, the individual teachers will treat their work as all late work. If there is a test or quiz the day of an extracurricular event, it is the **student's responsibility to meet with the teacher and make arrangements to complete the material.**

**Absence Policy** – Students will be given 1 day for each day missed to make up all missed work for all excused or school related absences unless otherwise agreed upon between student and teacher. It is to be determined by the teacher to extend any due dates or grant any credit for assignments missed due to a general absence.

**Ditching /Truancy** – Arizona Revised Statutes define 'truant' as an unexcused absence for one (1) or more class periods during the school day. A 'habitually truant' child is one that is truant for at least five (5) school days during the school year (ARS 15-803). A student that is not in attendance to regular class or activity is considered ditching or truant from class. A parent may not excuse a student to miss a class to do other things such as type a paper, work in shop, and so forth. If it becomes necessary for a student to leave school because of a family emergency, the **PARENT** must sign the student out in the office. Students are expected to be in class regularly. Should a student choose to ditch a class he/she will be subject to school discipline. Failure to sign out properly may be construed as ditching resulting in discipline measures.

## **SIGN OUT PROCEDURES FOR LEAVING CAMPUS OR SCHOOL**

If you find it necessary to leave school during school hours, your parent/guardian must **sign you out in the office before you go**. The office can contact the school nurse for anyone who becomes ill during the school day. Failure to sign out properly will be construed as ditching by the school, resulting in discipline proceedings. **Students, who are 18 years of age, must have parent permission before they can leave campus during their block of classes.** Students who are sick may not sign themselves out; the school nurse, who will then contact parents regarding early dismissal, must first check them.

Any student who is registered for less than 7 class periods on campus must sign out at the office when they leave campus for the day unless their last class is 7<sup>th</sup> period.

### **Administrator Approved Absence**

- Medical appointment – parents must make every attempt to schedule medical and dental appointments after school hours except in case of emergency whereby they will be excused upon presentation of a medical note. **Documentation must be presented within two (2) school days of the students return to school or it will not be counted as excused.** If a reasonable argument can be made for briefly extending the two (2) school day period, the High School Registrar and Principal will determine the validity of any extenuating circumstances on a case-by-case basis. A student with a chronic illness must have a letter from a doctor identifying specific absences that are necessitated by the illness and treatment. Parents need to contact the school to notify of the expected absence and to get work for a chronically ill student. A student that has been sent home from school by the school nurse shall fall under this category.
- Bereavement – students will be excused for bereavement purposes of an immediate family member.
- Court – a student will be excused to attend court as a witness. A letter from the court clerk provides adequate documentation.
- Family emergency – parents will have to contact the school principal and follow up with a letter explaining the nature of the emergency.
- Weddings of parents or siblings.
- Administrator may preapprove 2 absences per year for certain family activities when notified in writing in advance. The student will be required to obtain signatures from all teachers certifying he/she has made every effort to complete work ahead of time and that he/she is in good academic standing in the class. Administrator Approved Absences do not count against the eight (8) day policy and are not subject to audit procedures.
- Only school-related absences (S and N) will not count against perfect attendance.

**General Absences** – Examples of general absences include, but are not limited to: family vacation, hunting trips, court appearances as a defendant, student employment, and illness when not seen by a medical doctor. All general absences will count against the eight (8) day absence policy.

**School Activity (S)** – When a student is involved in a school-sanctioned activity during a regular school day, the absence will be counted as an “activity”.

**Perfect Attendance**: By definition perfect attendance is being in all classes every day of school, unless excused by the school nurse or on a school related trip.

**Excessive Absences – Eight (8) Day Policy**

Pima High students will be allowed a maximum of seven (7) general absences in any course per semester. Upon receiving eight (8) general absences in any course, the school will notify the student and their parent/guardian that the student will be placed on an ‘audit’ status in that course(s) for the remainder of the semester and that ‘no credit’ may be given for that course or courses. Students have the right to appeal based on extenuating circumstances. See appeal process. An Audit Status notification will be sent home a student’s 6<sup>th</sup> absence in any course.

**Audit Status** – Students with eight (8) or more general absences are placed on ‘Audit’ status. Students on audit status lose credit in the class or classes that are in violation of the attendance policy pending a possible appeal at the end of the semester. Students on audit status are expected to remain in class and attend as usual. Students on audit status must attend Friday School within the same semester to be considered for an appeal. Students will be subject to normal discipline measures for ditching an audit class. A student will be placed on an attendance contract if they are on audit status. See appeal process. **Students involved in extracurricular activities such as sports, spirit line, etc., become ineligible.** Students on audit status may submit a written appeal for eligibility to the High School Principal based on unforeseen circumstances. A determination will be made within two working days of the written Appeal

**Appeal Process – for loss of credit** – A student and/or parent/guardian may petition, in writing, prior to the final week of the semester, requesting a waiver for the “loss of credit” based on extenuating circumstances. A hearing will then be scheduled to consider the extenuating circumstances, academic progress, and achievement made by the student. It is expected that each student seeking to appeal the loss of credit will appear at the hearing in person and be accompanied by a parent. Students must attend a Friday School within the same semester to be considered for appeal. A student may not appeal audit status two semesters in a row. Example: A student who is on audit status made an appeal for credit in the spring and was either denied or granted credit. This student may not appeal his/her audit status for credit in the fall semester of the next school year.

The hearing committee is composed of school administration, school counselor, and selected teachers. The committee will consider appeals of the extenuating circumstances and student academic progress based on established criteria. A decision will be rendered at the completion of each semester

### **Tardy Policy /“Lock Out Policy”**

Pima High School will conduct a school wide lockout every class period. Students who are not in class when the teacher closes the door after the bell has rung will be locked out for that class period. They are expected to report directly to the “lockout” room and sign in. The Principal will use the sign in log from lockout to generate discipline referrals (See discipline points). The student will remain in the Lock Out room for that class period only. Students will still be held accountable to learn and master the material covered in class during lock out.

Students arriving late to school may enter class after checking in at the office if their parent/guardian has called in or sent a note verifying the reason for their tardy. Students who arrive late without proper verification will be sent to lockout.

Students arriving more than ten (10) minutes late to class will be counted absent (unexcused) for that period. Students must report to the office so the proper attendance code can be entered.

Office personnel reserve the right to admit students for excused tardies. These could include but are not limited to parental concerns, vehicle issues, and legitimate appointments.

**Out of School Suspension (OSS)** - When a student earns an Out-of-School Suspension, the student should do the make up work missed, but it is left to the discretion of the individual teacher to award partial or full credit for the assignment(s). **OSS will count against the eight (8) day policy.** **A student on out-of-school suspension is not allowed on campus at any time during the suspension, nor can they participate in ANY school function until they return from suspension.**

### **DRESS CODE**

All students will dress neatly and appropriately. The students along with the teachers, parents, and administration recognize that everyone feels more at ease when properly dressed and groomed. To maintain an appropriate learning environment, the dress code shall be:

1. Shoes that are appropriate for the course must be worn at all times. Bedroom slippers are not allowed.
2. Hats may be worn in the building provided they do not cause a distraction and are not too large as to obstruct the view of other students. Individual classroom Teachers may require hats to be taken off during their class.

Unacceptable

Acceptable

It should be understood that a student would be considered in violation of the dress code if his/her appearance or dress has some disruptive impact on the discipline, health, safety, or cleanliness of the student, or educational function of the school or classroom. **Reminder:** Dress codes apply to students at all school activities and events. The dress code applies to all extracurricular travel. Any and all dress codes may be altered or canceled at any time during the school year. The dress code is in effect while students are on campus during school hours.

### CONSEQUENCES OF DRESS CODE VIOLATIONS

**Each violation will require the student to immediately change or correct the dress code violation. Each violation will also follow the approved discipline policy and the violator will earn discipline points.**

# FOUNDATION OF RESPECT

It is expected that all students, teachers, staff members, and Pima High School associates will embrace, internalize and practice the universal principle of **RESPECT**.

**RESPECT** will drive all decisions and behaviors.

**RESPECT** for self, **RESPECT** for others, **RESPECT** for community, **RESPECT** for country, and **RESPECT** for school

Each teacher, staff member, student, and parent will embrace high **EXPECTATIONS** for themselves and those with whom they work and serve. We truly believe all students can achieve and progress leading to a happier and more fulfilling future.

Through research and evidence we concede that manipulation, coercion, anger, and humiliation does not motivate students to greatness. Belief in oneself, excellent teachers, a foundation of consistently reinforced corrective **CONSEQUENCES**, and the overarching ability to **CHOOSE** will improve motivation, achievement, and innovation.

**To help students increase their capacity for success the following structure will be followed by all students and staff at Pima High School:**

Each student engaged in one of the following unwanted behaviors will be sent to the office to speak with the principal or designated authority. The principal and student will discuss the violation of the foundational principle RESPECT. They will discuss corrective behaviors and possible interventions. The student will then earn Discipline Points based on the chart below as a consequence structured to change future behavior. Each column of points increases with each repeated behavior. **Should a student be engaged in multiple violations throughout an incident, the violation designated with the most points will be used as the defining consequence to deter**

Once a student accumulates 100 discipline points during one semester, they will have the following options:

- Be referred to the Superintendent of Schools for long-term suspension from school.
- Be referred to the Governing Board for possible expulsion from Pima Unified School District.
- Withdraw from Pima High School.

### **Positive Consequences**

Throughout each year varying positive consequences for both outstanding and improved behaviors will be developed and utilized by teachers, administrators, and student leaders.

In addition to these positive consequences, students remove up to 20 total discipline points during each semester by doing the following:

**ATTENDANCE/BEHAVIOR: A student may remove from 0 – 10 points based on how the teachers rate the student’s conduct in each class. Three weeks with no more than one absence & one tardy in all classes (combined).**

**GOOD CONDUCT/BEHAVIOR: A student may remove 10 discipline points by going four weeks without a referral to the office.**

**BEHAVIOR CONTRACT OR PLAN: Student discipline may be modified by the principal by creating a behavior contract agreed upon by the student and parents involved.**

**Appeals to the process outlined in this section are made through the Superintendent.**

### **STUDENT VIOLENCE / HARASSMENT /INTIMIDATION / BULLYING**

The Governing Board of the Pima Unified School District believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Governing Board further believes a school environment that is inclusive of these traits maximizes student achievement, fosters student personal growth, and helps a student build a sense of community that promotes positive participation as citizens in society.

To assist in achieving a school environment based on the beliefs of the Governing Board, **bullying in any form will not be tolerated.**

**Bullying:** Bullying may occur when a student or group of students engages in any form of behavior that includes such acts as intimidation and/or harassment that has the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm or damage to property, is sufficiently severe, persistent or pervasive that the action, behavior, or threat creates an intimidating, threatening, or abusive environment in the form of

physical or emotional harm, occurs when there is a real or perceived imbalance of power or strength, or may constitute a violation of law.

Bullying of a student or group of students can be manifested through written, verbal, physical, or emotional means and may occur in a variety of forms including, but not limited to verbal, written/printed or graphic exposure to derogatory comments, extortion, exploitation, name calling, or rumor spreading either directly through another person or group or through cyberbullying, exposure to social exclusion or ostracism, physical contact including but not limited to pushing, hitting, kicking, shoving, or spitting, and damage to or theft of personal property.

**Cyberbullying:** Cyberbullying is, but not limited to, any act of bullying committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking and other Internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual's personal electronic media and equipment.

**Harassment:** Harassment is intentional behavior by a student or group of students that is disturbing or threatening to another student or group of students. Intentional behaviors that characterize harassment include, but are not limited to, stalking, hazing, social exclusion, name calling, unwanted physical contact and unwelcome verbal or written comments, photographs and graphics. Harassment may be related, but not limited to, race, religious orientation, sexual orientation, cultural background, economic status, size or personal appearance. Harassing behaviors can be direct or indirect and by use of social media.

In order to acquire an appreciation and understanding of correct classroom conduct, the following modes of behavior should be considered carefully by all students:

1. Students should show respect by being on time, listening attentively, and sitting quietly.
2. Students should avoid being disruptive.
3. Students should not read or touch anything on a teacher's desk.
4. Students with good manners will not laugh or ridicule another student.

Any student found operating a vehicle on school campus other than within a designated student parking space without prior administrative approval will receive 50 discipline points and suspension. **Teachers may not** give a student permission to operate a vehicle on campus. Students who drive to school are to demonstrate responsible driving. Streets adjacent to the school are under the jurisdiction of the Town of Pima and are therefore, regulated by local statues and laws. Any violation of traffic rules around the school streets will result in referral to law enforcement authorities. Speeding, reckless driving, endangering pedestrians and other irresponsible driving will bring immediate consequences. Once they have arrived for classes, students are not to leave campus until lunch or end of their school day unless they have classes off campus. ANY student leaving campus for any reason must first check-out through the office. Students who leave without doing so will be considered ditching. Upon hearing the fire alarm signal, students will vacate the rooms using procedures posted in each classroom. Fire/evacuation drills are to be taken seriously at all times, with all movement being done in a neat and orderly manner. Students will be notified when and where to return upon completion of the drill. **Tampering with the Fire Alarm System or Equipment** is a Class 3 violation. Arizona Revised Statutes states this as a misdemeanor. In every case, the law will be followed in addition to District Policy.

### **HALL PASSES**

Anytime a student needs to be out of a class, he/she must have a hall pass from their respective teacher. No student should be in the halls or out of class without such a pass. **Hallways are closed to students during lunchtime.**

### **TELEPHONE**

Student use of office phones will be permitted at the discretion of the office. Parents are encouraged not to call their child during school hours. In case of an emergency, parents may call the office.

### **FOOD AND DRINK IN BUILDINGS**

Food and drink in the classrooms are at the discretion of each individual teacher. Student must obtain permission **prior** to eating or drinking anything within a classroom. It is the responsibility of both the teacher and student to maintain a clean and orderly environment. Consuming food and drink is not permitted in the hallways or bathrooms. **No Styrofoam cups** allowed in school (hallway, lockers, classroom, bathroom). Students found with Styrofoam cups will be asked

dispose of them in a garbage receptacle. Refusal could lead to discipline points. All drink containers are subject to search. Students will not be released during class to make food orders or purchase food from the cafeteria.

### **INTERNET**

In order to utilize the internet services at the school, whether in the Library, in classrooms, or any other school facility; **a student must have on file with the school a signed agreement form with both the student's and their parent's/guardian's signature.** This agreement specifies the conditions under which the Internet may be used and the prohibitions regarding the use of school Internet services. These rules apply equally to all school staff members as well as to all students. A violation of these rules will result in loss of Internet privileges and disciplinary actions being imposed.

### **LOST AND FOUND**

If a student loses something, they should check in the office. It is a good practice to print the owner's name inside book covers and to have articles of clothing (coats, tennis shoes, etc.) and other valuables so marked. Unclaimed articles will be discarded at the end of each semester.

### **VISITORS**

The school is a place of business where an effort is made to avoid interruptions. Consequently, student visitors are not allowed on campus. **ALL PARENTS, VISITORS, OR VISITING PERSONNEL WILL CHECK IN AT THE OFFICE. No visitor may walk through campus to retrieve a student. All students will either be sent to the office by their teacher or retrieved by a district employee or student aide.** As a protection to students, the State Law discourages persons from loitering on or near school grounds. Parents/guardians are encouraged to visit the school at any time provided they check in through the School Office.

### **LOST AND DAMAGED MATERIALS**

Students will be required to pay replacement costs for lost or damaged property and books owned by the district. Each textbook and workbook will have a number on it. You are responsible for these books. If they are lost, stolen, or damaged, you must pay for them. If your textbook is missing, inform your teacher and make arrangement for payment in the office with the Bookstore Manager. You will be issued a receipt, which you are to show to your classroom teacher in order to have another book issued to you.

At the end of the year you will be assessed charges if you have damaged your textbooks beyond that what is considered normal wear and tear. Each textbook must last six years. If you abuse your books or if you write in them, you will pay for replacement.

At the beginning of the year when you are given your books by each of your teachers, you will sign a form that indicates the condition the textbook was in when it was checked out to you.

If a student has damaged school property (i.e. band instruments, computer or audio equipment, school furniture) and textbooks without offering corrective compensation, the parents of the students may be held legally liable and could jeopardize the students future enrollment at Pima High School.

## **OTHER INFORMATION**

### **MAKE UP WORK**

A student has an equal number of days in which to make up the missed assignments as the number of days absent. A prolonged stay in the restroom because of illness is considered ditching class; a student must go to the Nurse's Office if ill. If a student leaves campus for any reason, **and does not have school and parental permission**, the absence will be considered **truancy**.

*Injuries*

If a student is injured while participating in a supervised activity, he should report the injury immediately to the supervising teacher.

However, the student trying to avoid a physical fight will be given consideration for a waiver of the suspension.

## BUS RULES

### Morning and Afternoon routes

6. NEVER bring food or drinks on the bus, with the exception of water bottles with a screw top lid. Anyone found to have food or drinks on the bus will be asked to dispose of them immediately. 13. NEVER crawl under the bus!

\*The potential for unsafe situations increases dramatically if children are arriving late to the stop, especially if other children are already boarding. If a driver is paying attention to the children boarding the bus, as they should, their focus might not be on a child who is running to catch the bus before it leaves. In order to completely avoid such situations, Please make it a habit of being to the bus stop before expected pick up time.

### **As it is our goal to safely transport all students, Please be aware of the following:**

-PUSD bus drivers are trained to allow students off the bus at the school or designated stops only.

If a student is to be dropped off somewhere other than their normal designated stop, a parent or guardian MUST contact the school before the afternoon route, and the school will issue an official

bus pass indicating the change in stop. Written notes from parents, or phone calls to the bus driver will not be accepted, only official bus passes.

-For safety reasons, PUSD bus drivers have been instructed to not stop for vehicles attempting to flag them down. Do not attempt to stop the bus while on route. Arrange to meet it at the designated stop or the school.

-For safety reasons, do not attempt to board the bus unless it has been cleared through the School and Transportation Department. Even though we are a small district, not every driver knows every relative of every child. If you have an issue that needs to be communicated to a bus driver please contact the school administration and the issue will be addressed.

### **Field/Sports Trips**

#### **THE BUS DRIVER IS IN CHARGE.**

### **Student Handbook Policy Appeal Process**

Should a parent or student have reason or cause, a letter of appeal may be written and submitted to the principal for specific policy adjustment. The appeal letter must describe the individual details and reasons for requesting a policy adjustment. These adjustments will be determined on need and the best course of action for the individual student. Not all policies are subject to adjustment.

### **Assault**

An assault is carried out by a threat of bodily harm coupled with an apparent, present ability to cause the harm. It is a crime and, therefore, may result in either criminal or civil liability. The act required for an assault must be overt. Although words alone are insufficient, they might create an assault when coupled with some action that indicates the ability to carry out the threat. A mere threat to harm is not an assault; however, a threat combined with a raised fist might be sufficient if it causes a reasonable apprehension of harm in the victim.

### **Aggravated Assault**

Aggravated assault combines battery and assault using a weapon or object to harm a victim.

### **Battery**

Battery is an intentional unpermitted act causing harmful or offensive contact with the "person" of another.

### **Obscenity and Profanity**

Obscene materials including, but not limited to illustrations (drawings, painting, photographs, etc.) and oral or written materials (books, letters, poems, DVDs, CDs, videos, etc.) which are commercially or student produced are prohibited.

Profanity including, but not limited to, gestures, symbols, verbal, written, etc. is prohibited at school and all school sponsored activities.

Friday School will consist of intervention strategies and one-on-one assistance to help improve course work and gaps in learning.

### **Consequences for not attending Friday School**

2. Audit students that do not attend Friday School will not be eligible to appeal for earned credit.

Breakfast and lunch are provided every day for a predetermined cost. **Also, the school participates in the Federal Free and Reduced Lunch program for those qualified.**

Breakfast - \$1.50    Lunch - \$2.70    Prices Subject to Change

#### Meal Charges

To ensure students received the nutrition they need to stay focused during the school day the District shall maintain a meal charge program that minimizes identification of children with insufficient funds to pay for school meals and maintain the financial integrity of the district food service fund account. Further, the District shall abide by program regulation 7 CFR 245.5 by providing parents and guardians of all children who attend the school in the District information regarding the availability of reimbursable school meals and must be provided, in writing, information about applying for free or reduced price meals. The District will promote activities to involve students and parents or guardians in the school meal programs and inform families about the availability of all District meal programs. The District shall include students, families, and the school community in establishing and developing a communication plan for the District's meal charge policy that complements the public announcement of meal eligibility requirements in 7 CFR 245.5 and is consistent with the involvement required in 7 CFR 210.12.

The District provided the following regarding meal charges:

- A. For all types of reimbursable meals, students in grades up to and including eighth grade are allowed to charge up to three meals.
- B. A student in grades up to and including eighth grade who has reached the limit of three charged meals will be provided an alternative meal.
- C. Students in grades nine through twelve may not charge meals.
- D. No lunch charges will be allowed under any circumstances during the last ten days of the school year.

At least one advance written warning communication shall be given to the student and parent/guardian prior to providing additional meals beyond the conditions established by the district. The written communication shall explain the procedure should the student not have sufficient funds to pay for a meal.

The District shall make a reasonable effort to collect unpaid meal charges classified as delinquent debt. The District shall ensure that efforts to collect delinquent debt do not have a negative impact on the student involved. Such efforts shall focus primarily on the parents or guardians responsible for providing for the student's funds or meals. When the District determines that collection efforts for delinquent debt are useless or too costly, the debt must be reclassified as "bad debt" as defined in 2 CFR 200.426. Bad debt must be written off as operating loss. However, charges that are converted to "bad debt" must be recorded and maintained in accordance with record retention requirements in 7 CFR 210.9 (b)(17) and 7 CFR 210.15 (b)
