Pima Elementary School

Welcome to Pima Elementary School! Whether you are new to Pima Elementary School or a returning family, we are happy that you have joined us. You have made the right choice for your child's education. Pima Schools offer a dedicated and friendly staff that will care for your children and hold them accountable to high expectations. Relationships, hard work and respect are driving principles at Pima Schools. Our students, staff and families work together to create an environment where children are intellectually challenged in ways appropriate to their individual strengths, needs, and experiences. Our goal is to create a learning community that is committed to engaging and challenging every student in every classroom every day.

We believe that parents play a critical role in the success of our students. Parents, you are your child's first and most important teacher. You know your child better than anyone else and we invite you to work in partnership with your child's classroom teacher. You have rich insight into your child's unique needs, talents and interests. Please feel free to share any information that you believe will help us increase your child's success. Teachers, however, have a unique perspective on your child. They will see your child as a member of the class and watch as they interact with peers, face the challenge of new learning, ask questions, and solve problems. Parent and teacher perspectives, working in partnership, are critical to ensure that your child's time at Pima Schools is exciting and rewarding.

This handbook is intended to provide a brief overview of some of the most important opportunities and expectations that anchor our program. Please review this handbook with your child and feel free to contact the office at (928) 387-8050 if you have any questions about our programs, rules, or district policies.

Thank you,

Pima Elementary School

Attendance

Regular and consistent school attendance is a KEY to student learning in all grades. Consistent attendance is encouraged and rewarded. Students should only miss school when it is ABSOLUTELY NECESSARY.

If a child is absent, a parent/guardian is to call our office (928-387-8051) between 7:30am - 9:00am for reporting absences; please leave a message if no one is available to answer. If the office has not received a call by 9:00am, a message will be sent out and efforts will be made to get in contact with the parent/guardian of the child as required by A.R.S. 15-807.

We encourage all parents to have their students at school before the morning TARDY bell rings at 7:55 am. Instruction begins in all classes before this bell. Students who are absent from school during 1 1/2– 3 hour block of time shall be counted absent for a half day. Students absent from school for longer than 3 hours shall be counted as absent for one full day. Students will only be considered tardy if they arrive at school between the hours of 8:00am to 9:00am.

Students in all grades (K-6) are required to be in attendance at least 90% of the school year to be considered for promotion to the next grade level at the end of the year. Students with absences exceeding 15 days are in jeopardy of retention. According to A.R.S 15-803. B. "A child who is habitually truant or who has excessive absences may be adjudicated an incorrigible child as defined in 8-201. Absences may be considered excessive when the number of absent days exceeds ten percent (10%) of the number of required days prescribed in A.R.S. 15-802." The exception to this ruling is serious illness with medical documentation. Parents are requested to schedule medical and dental appointments after school hours except in cases of emergency. Likewise, parents are requested to schedule family vacations during school recess periods. Letters will be sent home once the student has reached 5 unexcused absences, 10 unexcused absences and 15 unexcused absences. Once a student has reached 5 unexcused absences the school administration will report this to the local law enforcement as well as the county probation department.

Perfect Attendance Certificate

For students to be eligible for a Perfect Attendance Certificate they must be enrolled in the current school year and have no absences or unexcused tardies for the quarter.

Principal's Perfect Attendance & End of the Year Reward

To be eligible for the Perfect Attendance Award, students must be enrolled in Pima Elementary School from August through May of the current school year and have no absences or unexcused tardies throughout the entire school year.

Homework

Pima Elementary School recognizes the fact that home study is desirable and necessary. Students will be assigned homework as a means of encouraging independent study, establishing good work habits and reinforcing basic subject skills. Homework will be assigned on a regular basis throughout the year. The amount of time a student spends on homework should be about 10 minutes per grade level. For example, third graders should spend about 40 minutes on homework.

Promotion of Students

Promotion of students in kindergarten through sixth grade is based on teacher recommendation. Recommendations for students in kindergarten through third grade are based on student progress toward mastery standards, achievement on assignments, district assessments, projects and 90% attendance at school.

Promotion for students in fourth through sixth grade is based on mastery of standards, achievement of 60% or better in core academic areas and a 90% attendance rate.

ARS 15-521.10 states that every teacher shall make the decision for promotion or retention of students. If a parent disagrees with the decision to retain, the student shall be passed to the next grade with an Academic Improvement Plan in place.

However, if the student fails to make progress in that year, he/she shall be retained. At that point, if parents disagree with the decision of the teacher, they may request in writing that the school board review the teacher's decision. The decision of the board then becomes final.

School Hours

Students should not arrive on campus before 7:20 a.m. and are expected to leave the school grounds no later than 10 minutes after dismissal time. Those students who have been requested to remain after school by a teacher or are participating in an after-school supervised activity may remain after school hours, but are expected to leave as soon as the activity is over. Parents are responsible for children when they return after school hours. We encourage parents/guardians to make after school pick up arrangements before the school day begins. Regular school hours are: 7:30 a.m. to 3:30 p.m.

School Nurse

Pima Unified School District provides a full-time school nurse. The nurse provides services to students and school employees who require first-aid attention due to illness or injury occurring while at school or during a school related activity.

Students are not allowed to carry prescribed, over the counter medications, or other medicinal like substances on the school campus. Student violation of this policy may result in the seizure of the medication and disciplinary action.

Those students who are required to carry inhalers and Epi-pens per a Physician's Statement and Parent/Guardian Consent are an exception to this rule. If your child needs to take prescription or non-prescription medication at school the parent must bring it to the school nurse or office in the original labeled container and a nurse's form must be completed and signed.

Insurance

The school does not provide accident insurance for students of the district. Parents with children in school are provided with the opportunity to purchase accident insurance through a private insurance company that distributes information to the school. This insurance is relatively inexpensive and provides a number of options. For further information, please call the school at 387-8050.

Cell Phones

Students are not to use cell phones in any manner on campus from 7:50 am-2:50pm. Cell phones that are seen by a member of our staff during this designated time will be confiscated and turned into the office, it will be available for pick up at the end of the school day. The second time a cell phone is confiscated a parent/guardian must come and pick up the phone.

Telephone Usage

School telephones must be kept open for school business. Students may use the phones for emergency situations; they will not be allowed to call home for lunch money, homework, backpacks, clothes, etc. However, parents are urged to make prior arrangements for after school activities and transportation prior to the school day beginning.

Entrance Age For 2021/2022 School Year

According to the AEC (Arizona Education Code 15821) “a child is eligible for admission to kindergarten if the child is five years of age. A child is deemed five years of age if the child reached the age of five before September 1st of the current school year. According to the AEC (Arizona Education Code 15821) “a child is eligible for first grade if the child is six years of age. A child is deemed six years of age if the child reaches the age of six before September 1st of the current school year.

Students will be warned on the first offense and call home for a change of clothes, or will receive a change of clothes from the office/nurse. Repeated violations may result in a pink slip from school. Any violation after the first one is considered a repeated violation.

School Visitation Policy

Pima Elementary School welcomes visits by parents and other interested persons. To protect the safety of the staff and students and to avoid disruption, all persons need to report at the office upon their arrival at the school to sign in and receive a pass, except on scheduled parent-teacher conferences or scheduled program. Friends and relatives of students are not permitted to be at school during regular school hours except for school or classroom programs or for the purpose of volunteering in the classroom.

Suspension

When a student is 'Out of School' suspended from school for any reason he/she is not allowed on school grounds or to attend school related activities for any reason during the duration of the suspension.

Withdrawal Procedures

Please notify the school office as soon as you know you will be moving out of the school district. A withdrawal form will need to be completed by the school for your student's enrollment into another school.

Procedure for Missing Child on Campus

The safety and security of the children at Pima Elementary School are paramount. Every care is taken to ensure that the children are accounted for at all times when in our care. Each time a class reconvenes from various activities (recess, lunch, specials, etc.) the teacher shall check and take attendance of all students assigned to the class. Upon discovering that a child is missing, the teacher will notify the school secretary who will then contact the principal and 3 other designated adults.

Designated personnel will meet in the school office where each person will be given a hand held radio and a description of the area that they are in charge of sweeping. All buildings and school grounds within the elementary campus and high school campus will be searched. Overhead announcements at each school will be made in an attempt to locate the missing child.

In the event the child is located, notification is to be done immediately to all search personnel and also the secretary who will then inform the teacher. Once the sweeps are done and if the child is not located, 911 will be called along with notifying the parent. Searching for the student will continue until the police arrive. When the police locate the child, school personnel will immediately notify the parents if they are not on campus.

PARENTS RIGHT-TO-KNOW

In accordance with ESEA Section 1111(h)(6) PARENTS RIGHT-TO-KNOW, Pima Elementary School is notifying every parent of a student in a Title I school that you have the right and may request information regarding the professional qualifications of your child's classroom teacher. This information regarding the professional qualifications of your child's classroom teacher including, at a minimum, the following:

1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications. If at any time your child has been taught for (4) or more consecutive weeks by a teacher not highly qualified, the school will notify you.

Student Discipline PIMA ELEMENTARY DISCIPLINE SYSTEM

The purpose of the discipline system is to:

- Improve the educational environment for students, teachers, parents and staff.
- Inform students and parents of rules and policies.
- Record discipline violations in a systematic way.
- Predetermine disposition for violations, when possible.

Parents/guardians and students must be aware of the elementary handbook and procedures concerning acceptable and unacceptable behavior in our school. Progressive discipline is based upon the belief that an individual does not have the right to infringe upon the rights of others. Also, all people concerned with the school have the responsibility of creating a positive environment within the building, on school property, or at any school event.

The vehicle used to implement in grades 3, 4, 5 & 6-discipline system is a point system. A building administrator or designee will assess all points. The following will be communicated to a parent/guardian:

- Notice of the specific rule violation by the student and an explanation supporting the infraction.
- Notice of the date of hearing where removal of more than thirty days from school is involved.

The policy applies to the entire academic year, grades K-6, and is to be the behavior code for our students at school and at all school sponsored events.

Primary Elementary Students

***Grades K, 1, 2 Plan**

All students are expected to exhibit proper conduct at school, to obey the law, and district/school/classroom rules. Parents are encouraged to review appropriate conduct with their children; parents will be contacted by phone or in writing of disciplinary incidences.

Primary elementary students (kindergarten to second grade) sometimes exhibit behaviors, which may result in formal disciplinary action. Since early elementary learners (K-2) are younger, discipline for K-2 students will be implemented, keeping in mind the age, experience, and ability of the student.

Discipline will be designed to support social and academic maturity. Past incidents of misconduct will be carefully noted. Parents will be contacted by phone or in writing.

Intermediate Elementary Students

***Grades 3, 4, 5 & 6 Plans**

Please read over the Discipline Tables located on the next three pages.

Safe schools are our priority. Although very rare in elementary schools, more severe offenses are listed to inform parents and students of dispositions. Students are expected to exhibit proper conduct in all schools, to obey the law, and to obey all school district rules. Violence of any type will not be tolerated.

Violations of an unlawful nature will require involvement of civil authorities. In the event of such violation, a written report to the parent and an appearance before the Principal or Superintendent will be required. In addition, an automatic suspension from school, and possible long term/expulsion hearing is required.

Discipline

Students will accumulate points each semester, and points will reset to zero at the beginning of each semester. Principal and/or team can create goal(s) for students to earn back points.

PIMA UNIFIED SCHOOL DISTRICT

TRANSPORTATION GUIDELINES

It is our mission to provide safe and sanitary transportation to all passengers using district vehicles for any reason.

BUS RULES

Morning and Afternoon routes

1. Children are expected to be waiting at the stop on time. We ask that children try to be at least five minutes early to the bus stop.*
2. ALWAYS stand back from the curb
3. ALWAYS wait to board the bus until it has come to a complete stop
4. ALWAYS cross at least 10 feet in front of the bus. NEVER cross without the driver telling you to cross. NEVER cross behind the bus.
5. ALWAYS obey the bus driver's instructions and seating chart(when applicable).
6. NEVER bring food or drinks on the bus, with the exception of water bottles with a screw top lid. Anyone found to have food or drinks on the bus will be asked to dispose of them immediately. Lunch boxes are to remain closed and in backpacks if possible. If breakfast is sent with a child, it is to be consumed before they board the bus, or kept in their backpack for the duration of the route.
7. Remain properly seated with your back against the seat back, your legs facing forward and all parts of your body out of the aisle.
8. Keep the aisles/emergency exits clear of all objects.
9. Keep your head, hands, feet and objects to yourself and inside the bus.
10. Talk quietly, and use respectful language – NO PROFANITY.

13. NEVER crawl under the bus!

*The potential for unsafe situations increases dramatically if children are arriving late to the stop, especially if other children are already boarding. If a driver is paying attention to the children boarding the bus, as they should, their focus might not be on a child who is running to catch the bus before it leaves. In order to completely avoid such situations, Please make it a habit of being to the bus stop before expected pick up time.

As it is our goal to safely transport all students, Please be aware of the following:

-PUSD bus drivers are trained to allow students off the bus at the school or designated stops only. If a student is to be dropped off somewhere other than their normal designated stop, a parent or guardian MUST contact the school before the afternoon route, and the school will issue an official bus pass

indicating the change in stop. Written notes from parents, or phone calls to the bus driver will not be accepted, only official bus passes.

-For safety reasons, PUSD bus drivers have been instructed to not stop for vehicles attempting to flag them down. Do not attempt to stop the bus while on route. Arrange to meet it at the designated stop or the school.

-For safety reasons, do not attempt to board the bus unless it has been cleared through the School and Transportation Department. Even though we are a small district, not every driver knows every relative of every child. If you have an issue that needs to be communicated to a bus driver please contact the school administration and the issue will be addressed.

Field/Sports Trips

THE BUS DRIVER IS IN CHARGE.

COACHES, TEACHERS, and other CHAPERONES are expected to be aware of the rules and manage the passengers on any trip they are chaperoning, allowing the driver to focus on safely operating the bus. The bus driver will remind the chaperones of the rules if needed.

Child Find Procedures for Parents

All children with disabilities who are in need of special education services have a right to a free, appropriate public education. To accomplish this, Pima Unified School District has established the following procedures for locating and referring children with disabilities:

Availability of Special Education Services

Pima Unified School District will maintain documentation of the public awareness efforts to inform the public and parents within the district's boundaries, including private and religious schools and the county school superintendent's office regarding homeless and home-schooled children.

Screening and Follow-up Activities

Screening activities will be implemented for all newly enrolled students and those transferring in without sufficient records. The screening will be completed within 45 calendar days of school entry. This screening will include consideration of academic or cognitive skills, vision, hearing, motor skills, communication, emotional, and adaptive development.

Review, referral, and follow-up will be done on screenings and documented in the child's cumulative file, with backup data on the district's child find screening log. Pima Unified School District will maintain documentation and annually report the number of children with disabilities within each disability category that have been identified, located, and evaluated.

Referral for Special Education Services

For children and youth enrolled in private or religious schools, Pima Unified School District will consult annually with those schools to determine the number of students identified as eligible for special education and related services regardless to whether they are receiving services.

Children participating in early intervention services who are expected to participate in preschool programs for children with disabilities will be assured a smooth and effective transition, including: Transition conferences will be arranged for children between the ages of 2 years, 6 months and 2 years, 9 months. By a child's third birthday, an IEP or IFSP will be developed and implemented to ensure a free, appropriate public education. For children who turn 3 years of age during the summer, the IEP team will determine the date for initiation of services including eligibility for extended school year services

Pima Unified School District will refer children aged birth through two years suspected of having a developmental delay to the Arizona Early Intervention Program (AzEIP) to determine eligibility for early services, using the Child Find Tracking Form to ensure follow up within 30 calendar days of the initial referral.

For children birth to 3 please contact: Arizona Early Intervention Program Graham County AzEIP
Contract: Charlotte Phillips Phone Number: 928-348-3027

Annual Notification to Parents Regarding Confidentiality of Student Education Records

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained

by the school within 45 days of a request made to the school administrator. Schools are not required to provide copies of records unless it is impossible for parents or eligible students to review the records without copies. Schools may charge a fee for copies.

Parents or eligible students have the right to request in writing that a school correct records that they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest. A school official is a person employed or contracted by a school to serve as an administrator, supervisor, teacher, or staff member (including health staff, law enforcement personnel, attorney, auditor, or other similar roles); a person serving on the school board; or a parent or student serving on an official committee or assisting another school official in performing his or her tasks. A legitimate educational interest means the review of records is necessary to fulfill a professional responsibility for the school;
- Other schools to which a student is seeking to enroll;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, sports participation (including height and weight of athletes) and dates of attendance unless notified by the parents or eligible student that the school is not to disclose the information without consent.

Assure that at all stages of gathering, storing, retaining and disclosing education records to third parties that it complies with the federal confidentiality laws. In addition, the destruction of any education records of a child with a disability must be in accordance with IDEA regulatory requirements.
