An occupation is a group of jobs that have many things in common. For example, the people employed in an occupation such as a registered nurse have similar skills and abilities. Registered nurses take similar courses in high school to prepare for college.

1. Pick an occupation you want to learn more about.
2. Use AzCIS Into Careers website and select the *Just Browsing* feature, click *Explore AZCIS* and select *Occupations* to complete this sheet. You do not need your log -in or password information if you do not have it available.
