

Riverside School District School recognizes that healthy, nutritious meals are an important component to student readiness and ability to learn.

In addition, Title 7, Code of Federal Regulations (CFR), Part 210.10(a)(1) General Nutrition Requirements states “Schools must provide nutritious and well-balanced meals to all the children they serve.” In accordance with this regulation, Riverside School District will not deny any student access to school lunch.

However, by statute, the district’s Food and Nutritional Services department is a self-supporting fund that shall not have a negative balance at the close of a fiscal year.

Unpaid charges place a financial strain on the Food and Nutritional Services department and on the district’s operating budget.

To be fair and equitable and in order to ensure compliance of all who participate in the school meal program, the policy establishes procedures for methods of payment, charge availability and collection methods.

METHOD OF PAYMENT

Riverside School District will accept pre-payment of school meals in the form of cash or check at the register or when sent with student. Cash for a daily meal will also be accepted at the register.

STUDENT ACCOUNTS

Any student whose school meal account has a zero balance will be allowed to charge reimbursable meals. A “reimbursable meal” is defined as a meal consisting of at least three (3) of the five (5) offered meal components (grain, meat or meat alternative, fruit, vegetable and milk) and must include a fruit and/or vegetable component. This will result in a negative balance on the student’s account until funds are added to the student’s account.

Under no circumstances will a student with a negative account balance be allowed to purchase a la carte items until the student’s account is in good standing. “Good standing” for the purchase of a la carte items is defined as an account with a positive balance.

No lunch charges will be allowed under any circumstances during the last ten (10) days of the school year.
