October 30, 2020

Dear Decatur County Community Schools Families,

I want to inform all families that Decatur County Community Schools, along with all other schools in Decatur County, will be on a 2 week closure starting on Monday, November 2, 2020 through Friday, November 13, 2020 due to significant COVID-19 spread throughout Decatur County. All students will return to school in person starting Monday, November 16, 2020. During the next two weeks, Decatur County Community Schools will switch to 100% virtual instruction. Students will be able to contact their teachers and have access to assignments via Canvas or See Saw depending on their grade level. Please know our local wifi hotspots are available to use for connectivity, and there will be limited computer lab availability at each school for anyone without internet. If you have any connectivity questions please contact: [elarning@decaturo.k12.in.us](mailto:elarning@decaturo.k12.in.us)

All sports practices and games, along with academic practices and competitions will go on as planned for the time being. Please stay in contact with your coaches in the event these activities may be cancelled in the future.

I have attached the letter for the Local Health Department, as well as information pertaining to providing breakfast and lunch during the closure.

Sincerely,

Jarrold Burns  
Superintendent

Prevent. Promote. Protect.

**Decatur County Health Department**

10/29/20

Decatur County School Officials,

Due to the dramatic increases in SARS-CoV-2 cases in Decatur County, the Decatur County Health Department recommends that all schools in Decatur County close to students for two weeks.

The goal is to reduce the uncontrolled spread of COVID-19 in the student community and the community as a whole. This will also eliminate the overwhelming contact tracing that your staffs are conducting.

This department realizes the impact this can have on schools and the transition to virtual learning is difficult but believe the benefits outweigh those issues in regard to the public health of Decatur County citizens.

The goal is to eliminate the student presence in the school. With this in mind, extracurricular activities, sports practices, and computer access for students with no or poor internet should be continued if they can be done with proper social distancing and mask wearing. It is your discretion to allow other activities that keep in the spirit of those activities.

Please feel free to contact Sean Durbin if you have any questions

Thank you,

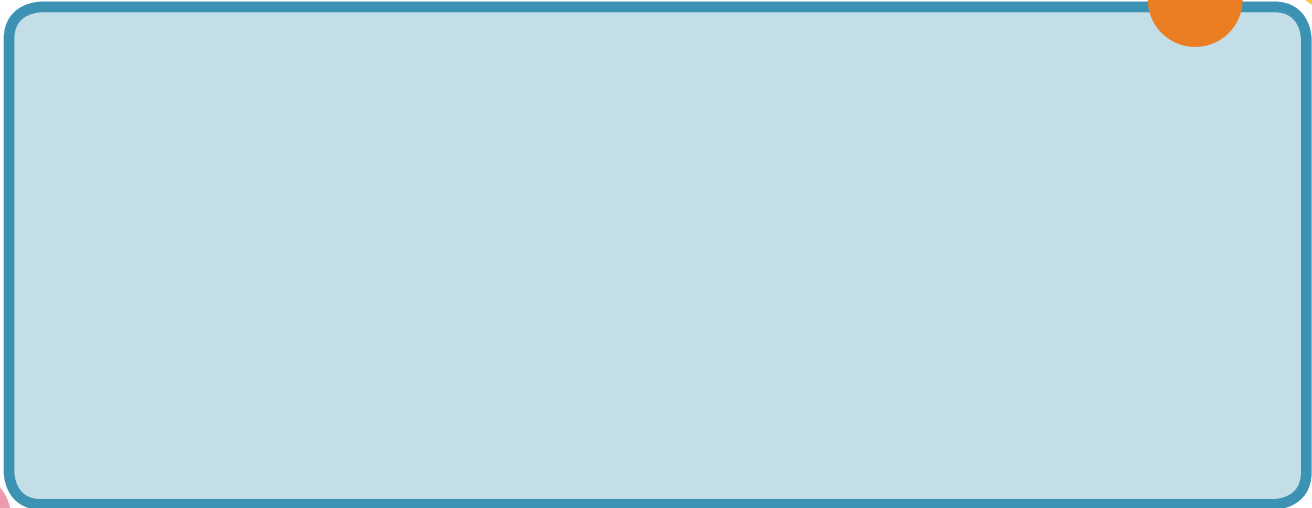

Dr. Arthur Alunday

Decatur County Health Officer
