Parents-Help children use cell phones safely

Is your child counting down the days until he or she is permitted to have a cell phone? Or are you already negotiating minute and text message allowances? Whichever stage you may be in with your child, these tips will help you set rules for safer cell phone use.

- Establish rules for when they are allowed to use their cell phone, what websites they can visit, and what apps they can download.
- Review cell phone records for any unknown numbers and late night phone calls and texts.
- Remind your children that anything they send from their phones can be easily forwarded and shared.
- Teach your child never to reveal cell phone numbers or passwords online.
- Talk to your child about the possible consequences of sending sexually explicit or provocative images or text messages.
- When shopping for a cell phone for your child, research the security settings that are available.

Friday: 10/30/20 HALLOWEEN PARTIES*

Our class parties will be different this year, like everything else in our world. The students will be having classroom parties, sponsored by PTO. They will purchase the treats. We will not have our costume parade or have any outside guests invited to our celebrations this year. We hope next year can bring some normalcy to our parental involvement.

MASK OF THE WEEK!!

Garrett Geis is a 5 year old kindergartener in Mrs. Hardebeck's class. He is the son of Jason and Amber Geis. He has two sisters, two cats, and two dogs. Garrett loves to eat watermelon and chocolate and vanilla cake. He is excited that he just learned how to ride his bike without training wheels! Garrett wants to explore outer space and be an astronaut when he grows up. Garrett wants to learn how to read this year in kindergarten. He plans to achieve this goal by doing his word ring and saying sounds in words. Garrett is a sweet and hardworking boy! He is an amazing addition to NDES.

My name is Danielle Andersen. I was born and raised in the small town of Boonville, CA. I went to college at San Diego State University where I got my bachelors in Psychology. I met my husband in San Diego, and we just moved back to his hometown of Greensburg in October 2019. We have two dogs, a husky and a corgi, who are very spoiled. I work for Centerstone and teach life skills to children and their families. I have been at NDES since January 2020, and I love being a part of the school!
