As mandated by the Texas Education Agency, students in Grades 3 through 12 are required to take part in the **State of Texas Assessments of Academic Readiness (STAAR)** program.

STAAR INTERIM ASSESSMENTS GRADES 3 – 8 & EOC

These are online interim assessments that align to the Texas Essential Knowledge and Skills (TEKS). The interim assessments provide actionable data to help educators improve instruction as well as help predict student performance on the STAAR.

STAAR GRADES 3 - 8

These exams assess math and reading at each grade level with writing in grades 4 & 7, science in grades 5 & 8 and social studies in grade 8.

STAAR EOC

These assessments test high school students for college readiness and produce performance labels that indicate a student's mastery of the course's standards. The end-of-course tests assess the students in Algebra I, Biology, English I & II and US History.

STAAR-ALT GRADES 3-12

This alternate assessment is based on alternate academic achievement standards and is designed for students with significant cognitive disabilities who meet the participation requirements. STAAR -Alt is administered in the same grades and subjects as STAAR.

TELPAS GRADES K-12 & TELPAS -ALT GRADES 2-12

This exam is designed to assess the progress that limited English proficient (LEP) students make in learning the English language. This assessment consists of online reading tests (for grades 2-12) and online listening & speaking and holistic rating of writing (for grades K-12).
