Curriculum

Based on the beliefs and mission, the school improvement framework for Sand Creek Elementary and Jennings County School Corporation is the Strategic Planning Process that was conducted during the 2012-2013 school year and updated annually. During the Spring of 2017, our district approved to reassess the strategic plan in the fall of 2017. Our plan can be found at our school, the district administration office, and on the district website. While keeping the mission of “inspiring and empowering students” at the forefront, our teachers utilize the IN Academic Standards in conjunction with Career and College Readiness standards to ensure we have a curriculum that meets and exceeds state expectations. Our teachers also utilize state approved and district adopted texts as learning resources and tools with students. The following adopted texts are utilized by our teachers for ensuring all IN Academic Standards and skills are taught throughout the school year. Copies of these texts, along with our curriculum and school data are available at our building for public view:

Our core curriculum follows the Indiana Department of Education Curriculum Maps for teaching the IN Academic Standards (IAS) for reading, English/language arts, math, science, social studies, fine arts, and physical education. Our teachers utilize texts approved by the state and adopted by our district.

Our curriculum and instruction is also supported and supplemented with technology and software programs. With wireless internet access, resources are almost limitless. In addition, programs such as Google Education Suite, Harcourt Math, Freckle Math and Accelerated Reading, Reading Eggs, Spelling and Vocabulary City, and more are utilized to provide instruction and learning practice for students.

COMPREHENSIVE NEEDS ASSESSMENTS

Vision Statement

Jennings County School Corporation Vision and Mission Statements

Our mission is to inspire and empower our students to reach their full potential as lifelong learners and productive members of a global community.

Our Core Values

We believe that . . .

- An open and positive environment promotes respect, honesty and trust;
- Lifelong learning encourages creativity, responsibility and productivity;
• The partnership among schools, families and the community is essential to the complete educational experience;
• Each person is unique and has value;
• When each person contributes, the individual and community thrive;
• Understanding diversity enhances our lives and community;
• Goal setting and high expectations lead to success;
• Everyone can learn.

Jennings County Strategic Goals
1. Keeping Kids in School
2. Academic Achievement
3. Educating the Whole Child

**Technology Plan**

Technology Goals for 2020-2021:

• We want to continue to build greater communication between parents and schools so that parents can learn from us and we can learn from them. Jennings County School Corporation needs to make sure that parents understand the need for technology and that they are aware of how students should care for and maintain devices so that they remain in good working condition and have a low maintenance cost. The school corporation can gain a better understanding from parents on what students’ technology needs are in their home environments. There are still homes in Jennings County that have little or no wifi access and we need to continue looking for ways to help these students so that they have access to the tools they need.

• We want to continue teaching teachers and students how to use Google Apps for Education for saving classwork. Google Drive will allow students to work on homework in zero wifi areas and also contains collaboration tools that work within Google Classroom.

• We want to continue teaching teachers and students how to better utilize technology. The goal would be to go beyond using the devices as traditional word processing and research tools, but to use them for better means of collaboration and innovation.
• We want to continue to incorporate Digital Citizenship into curriculum at all grade levels so students improve their Digital Literacy and Digital etiquette skills.

• We want to continue to plan and prepare for remote learning days when situations warrant the need.

**To accomplish these goals:**

• JCSC will provide all students and staff access to electronic devices meeting the device ratio and addressing internet access for all of the students in the corporation. JCSC currently has options with AT&T, Verizon, and other internet providers for students and staff to assist with home internet access.
  - A surplus of iPads and Chrome books will be available for students to access
  - iPad, stands, and mic for recorded lessons to place online
  - Support for WiFi connections will be provided for students and staff who do not have access to internet capabilities at home
  - Professional Develop for intermittent learning
  - Swivel cameras or compatible devices will be available for online recording of classroom lessons
  - Each school in JCSC now has parking lot WiFi access available for our students.

• Teachers have been provided intense training on a standardized list of applications, programs and tools to enhance student engagement and increase our capacity for distance learning.

• The Jennings County School Corporation will utilize surveys to communicate with parents to help with learning more about internet capabilities outside of school. We have technology staff members at the school registrations and open houses to answer questions about technology and the 1:1 program.

• The Jennings County School Corporation will continue working with Five Star to train teachers and coaches in Google Apps For Education, as well as the planning and preparation needed for eLearning Days. Five Star will also be used for the Professional Development that is necessary to learn how to use technology to enhance teaching and learning.

• We will work with our teachers to make sure they better understand the nine main elements of Digital Citizenship, so they can convey this information to students throughout the school year.
The Jennings County Schools Technology Committee will meet every ninety days to discuss and work on accomplishing our goals.

**Cultural Competency:**

Our corporation follows the elements that contribute to a system's ability to become more culturally competent.

We value diversity.

A leadership team is in place and implemented sensitivity training.

Teachers continuously teach students about ethnic, race, religious and sexual differences in their lessons.

Our school is implementing Trust Based Relationship Interventions to become sensitive to everyone's needs.

One week during May is devoted to multicultural awareness in all schools.

Our counselors provide monthly guidance lessons on acceptance, empathy, bullying, and friendship.

**Data Analysis and Summary**

- Data is preliminary before move out students have been removed and rescores have been adjusted.

GOALS & STRATEGIES

GOAL #1: LANGUAGE ARTS

Sand Creek Elementary students’ Language Arts ILEARN scores will be raised to at least 55% passing by the year 2022. Scores already at 55% or above passing will be increased by 2%. Providing consistent research-based quality instruction will help close the achievement gap.

MEASUREMENT OF GOAL #1

Measurable Objectives:
- At least 80% of students in grades K-6 will show mastery in formative assessments for ELA using on-going grade level assessments and corporation benchmark/screening based on the grade level Indiana Academic Standards.
- At least 80% of students in grades K-6 will achieve the grade level norm score on the benchmark/screening assessment.
- At least 70% of students in grades K-6 will be on level with College and Career Readiness Lexile Levels.
  Grade 3- 415L-760L
  Grade 4- 635L to 950L
  Grade 5- 770L to 1080L
  Grade 6- 885L to 1165L

2019 ILEARN data showed a school E/IA passing rate of approximately 40%. Goals, Strategies and Professional Development were adjusted and reviewed to encompass the demonstrated needs.

BENCHMARKS FOR GOAL #1

Language Arts Scores

2019-2020: Scores will increase on the new ILEARN test to at least a 45%.
2020-2021: Scores will increase on the new ILEARN test to at least a 50%.

2021-2023: Scores will increase on the new ILEARN test to at least a 55%.

**PROFESSIONAL DEVELOPMENT**

Professional Development will be implemented to support this goal:

- Curriculum Support
- Grade level meeting
- Best Practices and strategies discussed
- Students in need of intervention and resources will be discussed
- Teachers will review and discuss the annual IDOE instructional alignment and blueprint documents.

GOAL #3 Attendance

Sand Creek Elementary students’ attendance rates will be raised to at least 97%. Scores already at 97% or above will be increased by 0.5%. Research based practices will be implemented to increase our attendance rate.

MEASUREMENT OF GOAL #3

The School Improvement Committee will develop strategies to utilize in an effort to increase student achievement. Incentives will continue to be utilized and expanded.

BENCHMARKS FOR GOAL #3

Attendance Rate

2019-2020: Average attendance will increase by 0.5% for a rate of 96.0%.

2020-2021: Average attendance will increase by 0.5% for a rate of 96.5%.

2021-2023: Average attendance will increase by 0.5% for a rate of 97.0%.

2018-19 attendance rate was 96%. Goals, Strategies and Professional Development were adjusted and reviewed to encompass the demonstrated needs.

**DIFFERENTIATED LEARNING**

**Struggling student’s intervention plan**

Teachers use assessments such as daily anecdotal records, Benchmark/Screening Assessment, running records, semester exams, and unit tests to assist in instructional decision making. These are used to determine our instructional needs as well as differentiation in classroom instructional strategies. Teachers implement skills to meet individual student needs through flexible grouping. Teachers use ongoing progress monitoring and assessments to ensure that all students are succeeding. Teachers use tiered lessons, literature stations, varied tests and both small and large group instruction. Core instruction is strengthened with differentiated classroom instruction. The MTSS Model has guided the teachers and paraprofessionals in providing strategic interventions for students having difficulty.

Tier 1: Core Instructional Interventions
• The whole class (all students) receives scientific, research-based instruction in mathematics and language arts.
• Whole and small group differentiated instruction takes place.
• 90-minute daily core language arts instruction in the five essentials (phonemic awareness, phonics, vocabulary, comprehension, and fluency.)
• 60-minute daily core math instruction.
• The core curriculum should be effective for approximately 80% of students. Therefore, if a significant percentage of students are not successful, the curriculum and/or instruction should be examined for contributing factors.
• Benchmark testing, and/or universal screening, of all students takes place at periodic intervals throughout the year (e.g., fall, winter, and spring).
• Based on the results of this benchmark testing, a percentage of students (approximately 15%) are identified for Tier 2 Intervention.

Tier 2: Targeted Group Interventions for Language Arts and/or Math
• Supplemental, research-based instruction takes place for small groups of students who haven’t responded to the core curriculum and need additional support.
• 30 minutes daily beyond the Tier 1 core program.
• Additional interventions in small groups of 3 to 5 students with similar needs are implemented.
• Based upon continuous progress monitoring, students may move back to Tier 1, modifications to the Tier 2 Interventions may be made, or students may be identified for Tier 3. Typically 5% of students are identified for Tier 3.
• 30% of students will receive the Waterford intervention
• Other Tier 2 students Freckle Math/ELa or other skills based interventions from teachers.

Tier 3: Targeted Intensive Interventions for Language Arts and/or Math
• More intense and explicit research-based instruction takes place for individuals or smaller groups of 2 or 3 students who haven’t responded to Tier 2 interventions and need additional support.
• This tier includes high-risk students experiencing considerable difficulty.
• These students receive up to an additional 60 minutes of intensive intervention in addition to the 90-minute (60 minute Math) Tier 1 core curriculum.
• Students identified through the Dyslexia screening will receive Waterford K-2, Heggerty Phonics (K-2), or Readable English (3-6)
• Based on continuous progress monitoring, students may move back to Tier 2, remain at Tier 3, or be recommended for special education services based upon comprehensive assessments.

**Advance Student Enrichment Plan**

For the 2020-2021 school year, we are going beyond differentiation in the classroom or MTSS for high ability. Teachers in our districts will be offered professional development to develop rigor and depth of knowledge beyond what has been accomplished in the past. This year students will be working on independent study and enrichment projects through Google classroom. Students are meeting standards, going beyond those standards, and incorporating topics into real world application.

**STAFF COMPREHENSIVE NEEDS ASSESSMENT**

**Opportunities and expectations for teachers to be included in the decision making related to the use of the academic assessment results leading to the improvement of student achievement.**

The following actions will be completed at SCE in order to ensure decision making is shared by all stakeholders:

➢ Develop and implement an electronic data wall to track student on-going progress toward benchmark goals. Data used will include JCSC benchmark assessments, Ilearn, and Benchmark/Screening Assessment. This data wall will be used by all staff to reflect on student needs based upon that relevant data. This discussion will lead to modifications and changes to curriculum and assessment as needed. This is part of a collaborative effort between teachers and administrators.
The School Wide Planning committee which is comprised of teachers, administrators, paraprofessionals, parents, and community members will meet annually to review the selection, use, and interpretation of school based assessments.

Reviews of annual data results from standardized assessments are part of a collaborative effort among and between grade level teachers.

Collaboration will include time to focus on compiling and comparing instructional resources that will align with the state standards to help with our transition to the new assessment model.

Common planning time among grade levels will be implemented in order to increase teacher participation in all decision making processes.

The specific skills to be targeted in grades K-6 will be dependent upon the standardized test results annually. The school wide planning committee will meet when results are available for each academic year to review data and set the appropriate goals and strategies to meet the current needs. Each grade level teacher team has a representative on the committee.

94% of staff in our school are Highly Qualified. IDOE form Elementary Highly Qualified template attached. Appendix 1

**Strategies to attract HQ teachers to the school**

In order to help attract the most high quality staff available the following initiatives will be implemented:
* The corporation will post all positions at each school, at the central office, and on the corporation website.

* Positive Climate (Evidenced from a survey of school staff that resulted in staff showing high satisfaction with school leadership, positive staff relationships, and a safe environment.)

* Access to resources and materials. (Classroom teachers receive a yearly supply budget, classroom supplies for students, and have access to a school leveled book room.)

* Time for collaboration (Grade level teams meet monthly for common planning.)

* Professional Development (Teachers receive professional development during common planning times, teacher’s meetings, and corporation training days. They may also attend additional outside training opportunities by request and principal approval. Financial support to attend outside training is often approved.)

* New teacher mentor opportunities. (New teachers are assigned to a designated mentor. They also receive support from their grade level and hallway teams.)

* Teachers may observe in other classrooms at request.

* Reasonable class sizes

* High quality paraprofessional support

* Current technology and easy access to training as needed.

* Nonessential teaching duties are limited.

* Paperwork is limited to essential components. Items are regularly reviewed for necessity and deleted if needed.

* District networking- Teachers may share and network in the district. Opportunities are available through e-mail, Learning Connection, and district team meetings.

* Leadership opportunities are available and encouraged. Teachers may volunteer to serve on many different steering and planning committees on a regular basis

* Community of affordable housing
* Cadet teaching program with the district high school
* Competitive salaries and benefits
* Sick days
* Bereavement days
* Sick bank
* Professional days
* Summer vacation
* Vacation times throughout school year
* Free health clinic for teachers participating in the corporation health insurance
* Access to corporation fitness facilities for personal use during designated hours.

2020-2021 Title I Program

Indiana Department of Education Title I Federal Program information
Title I, Part A (Title I) of the Elementary and Secondary Education Act, as amended (ESEA) provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. The Every Student Succeeds Act (ESSA) was signed into law in December 2015 as the update to the Elementary and Secondary Education Act of 1965. ESSA replaces the previous update to the law, the No Child Left Behind Act (NCLB).

**Title I, Part A Programs**

The Title I, Part A Program makes it possible to expand the basic educational programs schools and districts offer with services and interventions that support struggling learners.

Title I, Part A is one of many programs governed by the Elementary and Secondary Education Act or ESEA.

There are two kinds of programs that schools can fund through Title I, Part A — schoolwide and targeted assistance.

- Schoolwide means that all students—based on academic need—are eligible to receive the additional instruction this federal program will fund.
- Targeted assistance makes it possible to provide the same benefits but only to selected students based on academic need.

**Your Right to Know**

ESEA directs schools and districts to notify parents about four key requirements of a Title I, Part A program.

1. Professional qualifications of teachers and paraprofessionals who instruct
2. Notification if your child’s teacher is not highly qualified
3. Individual report card that lets you know how your child is progressing
4. Notification that the school has entered school improvement because its students did not make Adequate Yearly Progress—meet the state standard in math or reading or both—for two school years in a row.

**Your Right to Know — Professional Qualifications of Teachers**

Parents of children, who attend schools that receive Title I, Part A funding, have the right to request and receive information about the qualifications of the educators who teach their children core subjects—reading, English language arts and mathematics. The same applies to paraprofessionals who instruct. At a minimum, the information you receive must explain these 3 essential components of an educator’s qualifications.

1. Whether or not the teacher met state qualifications and certification requirements for the grade level and subject(s) he or she is teaching,
2. Whether or not the teacher has an emergency or conditional certificate by which state qualifications were waived.
3. What undergraduate and graduate degree(s) the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.
Your Right to Know—Qualifications of Paraprofessionals Who Instruct
Districts employ paraprofessionals to provide instructional support—consistent with the instruction provided by the classroom teacher or teachers. In schools that operate a schoolwide program, all paraprofessionals who instruct must have special qualifications. In schools that operate a targeted assistance program, the paraprofessionals who instruct students served by the Title I, Part A program must also have earned these same qualifications.

1. Completed at least two years of study at an institution of higher education, or
2. Obtained an associate’s or higher degree, or
3. Meet a high standard of quality either through a) the ETS ParaPro Assessment, or b) an paraeducator apprenticeship program approved by Washington state.

Notification If Your Child’s Teacher Is Not Highly Qualified. ESEA directs schools to send timely notice to parents and guardians IF their child has been assigned to, or taught for more than four consecutive weeks by—a teacher of a core academic subject—who is not highly qualified.

Our School Title I Program Overview
Sand Creek Elementary has a Title I School Wide Program Highly-qualified staff, under Title I, provide our most in academic need students in grades PK-6 additional instruction in the area or area(s) of language arts and/or math. Parent input and participation is very important to the success of our students. Therefore, several important Parent Involvement events have been organized to provide our parents/guardians with strategies and information to utilize with your student, as well as, to provide opportunities for parent input. We encourage our families to participate in school activities whenever possible because we believe, together we are stronger.

2261.01 - TITLE I - PARENT PARTICIPATION
In accordance with the requirement of Section 1118 of Title I, programs supported by Title I funds must be designed and implemented in consultation with parents of the students being served.
The Superintendent shall ensure that the Title I plan contains a written statement of guidelines which has been developed with, approved by, and distributed to parents of participating students. The guidelines shall describe how:

<table>
<thead>
<tr>
<th>A</th>
<th>the Corporation expects the parents to be involved in the program, including their participation in the development of the plan; this is accomplished by offering annual surveys and annual meetings at each school to gather input to improve parent involvement. These surveys will be reviewed annually to evaluate the content and effectiveness of parent involvement. The Corporation also expects educators to effectively communicate with parents and all stakeholders. Monthly staff meetings are conducted to assure educators are informed as to how and when to effectively involve parents and how to communicate such involvements with parents.</th>

PARENTS' RIGHT-TO KNOW NOTIFICATION

August 6, 2020

Dear Parents and Guardians:

In accordance with the Elementary and Secondary Education Act, Section 111 l(h)(6) PARENTS' RIGHT TO KNOW, this is a notification from the Jennings County School District to every parent of a student in a Title I school that you have the right to request and receive information in a timely manner regarding the professional qualifications of your student's classroom teachers. This information regarding the professional qualifications of your student's classroom teachers shall include the following:

• If the teacher has met state qualification and licensing criteria for the grade level and subject areas taught;

• If the teacher is teaching under emergency or temporary status in which Indiana qualifications and licensing criteria are waived;

• The teacher's baccalaureate degree major, graduate certification, and field of discipline; and-

• Whether the student is provided services by paraprofessionals, and if so, their qualifications

If you have questions or concerns, please feel free to contact the school principal at Sand Creek.

Sincerely,

Nicole Johnson

Director of Curriculum, Instruction, and Assessment
Sand Creek Elementary School Title I Parent Involvement Policy
(reviewed/revise July 2020)

Title I Parent Involvement Policy Required Components:

1. Convene an annual meeting at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A, and to explain the requirement of such and the right of the parents to be involved.

Action Steps:
- One week prior to the first student day, all students and their families will be mailed an invitation to attend our Virtual Back-to-School night.
- Virtual or in person Fall Family night will provide families with the opportunity visit the Title I staff to receive information about Title I and how students receive services at Sand Creek.
- Title I teachers will present a slide show explaining the Title I, Part A Federal program; will point out and read the Parent Right-to-Know in the student agenda; will have students and parents sign in; will explain the SWP at Sand Creek; will provide web access and/or hard copies for parents to read the SWP; and will have parents fill out a short survey to receive feedback/input on the SWP and Parent Involvement Policy.
- Additionally, our slide show will be available through a QR code provided to parents on the school newsletter.

2. Offer a flexible number of meetings, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits as such services relate to parental involvement.

Action Steps:
- Virtual Back-to-school night event will provide an opportunity for parents who work day or evening shifts. With over 82% poverty, the majority of our families are unemployed.
- Fall Parent/Teacher conferences will be virtual or through phone calls as needed. Kindergarten round-up times are provided seven days and two evenings.
- Pre-K Night (Lil Cyclones) is offered during the spring to allow families and students to visit the building, participate in learning activities, and walk through a small version of school routines, such as: lunch line, riding the bus, playground. Virtual or in person to be determined.
bullet Our school offers a variety of other opportunities as availability allows for parents to attend school events from morning times, afternoon times, and evening times.

3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under this part, including the planning, review, and improvement of the school parental involvement policy

Action steps:
- Our school Title I Parent Involvement Policy and District Parent Involvement policy will be shared with all parents in the district via online registration, at a virtual annual meeting, September virtual or phone conferences and/or mailing.
- Our SWP will be shared with parents at our first PTO meeting in September.
- At the October PTO meeting, parents will be asked to fill out a needs assessment regarding our goals and strategies for the school year.
- In February, parents will be invited to participate in our parent involvement survey for this school year and to participate in our school-wide planning meetings for March, April and May.

4. Provide parents with timely information about Title I programs

Action steps:
- This will be provided at our back to school information on the first student day and also repeated at our during a virtual event late August-early September.
- A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet.

Action steps:
- A copy of our Sand Creek Student Handbook will be sent home with all students on the first day of school and will include our curriculum and assessments used at each grade level. The Handbook will also contain online access and resources regarding the Indiana Academic Standards, JCSC Curriculum and Skyward at home.
- The Sand Creek Student Handbook will also be posted on our school website for easy parent access.
• At September P/T Conferences can be scheduled as needed by teachers to share student beginning of the Year STAR (K-6) assessment data, reading level data and explain expected levels of proficiency and areas in which student scored below benchmark.
• Assessment tracking forms containing all benchmark data will be sent home regularly following each benchmark.
• If requested by parent's, opportunities for regular meetings/phone calls to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible
  • Additionally, parents will be informed by the classroom teacher, Title I teacher, counselor and/or Sp. Ed. teacher, if their student requires Tier 3 academic and/or behavioral support.
  • Parents will be provided an opportunity to participate in a conference for determining the Individualized Learning plan for their student.
  • Parents will be invited to an annual review meeting if services are still required.
  • Parent requests for a conference are welcome at any time.

5. Build the schools' and parents' capacity for strong parental involvement by:

• Includes a School-Parent Compact (See below for requirements (SWP schools) if the schoolwide program plan under section 1114(b)(2) is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the LEA.
Sand Creek Elementary Parent- School Compact (revised 7/20)

Families and schools must work together to help students achieve high academic standards. Through a process that included teachers, families, students and community representatives, the following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and in life.

Staff Pledge- I agree to carry out the following responsibilities to the best of my ability:

- Provide a safe and supportive learning environment.
- Promote student achievement by teaching a curriculum that is interesting and challenging.
- Motivate my students to learn through a variety of instructional strategies.
- Set high expectations and help every child be successful in meeting the Indiana academic achievement standards.
- Communicate frequently and in a language my families can understand.
- Meet annually with families about student progress.
- Provide opportunities for parents to volunteer and participate in my classroom.
- Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and community.
- Actively participate in collaborative decision making with parents and school colleagues to make our school accessible and welcoming for families.
- Respect the school, students, staff and families.

Student Pledge- I agree to carry out the following responsibilities to the best of my ability:

- Come to school rested and ready to learn and work hard.
- Bring necessary materials, device, completed assignments and homework.
- Learn and follow school and classroom expectations.
- Communicate regularly with my parents and teachers about my school day.
- Study or read every day after school.
- Respect the school, classmates, staff and families.

Parent Pledge- I agree to carry out the following responsibilities to the best of my ability:

- Provide a quiet time and place for homework and monitor TV viewing.
- Read to my child or encourage my child to read every day (20 minutes K-3, and 30 minutes for grades 4-6).
- Ensure that my child attends school every day and gets adequate sleep, regular medical attention and proper nutrition.
- Regularly monitor my child's progress in school.
- Participate, as appropriate, in decisions about my child's education.
- Attend parent-teacher conferences.
- Communicate the importance of education and learning to my child.
- Respect the school, staff, students, and other families.
TRANSITIONS

Preschool Transition Plan

The JCSC preschool coordinator communicates with the First Steps administrator to assure continual communication regarding students with disabilities who are served through First Steps. For a child enrolled in the First Steps program, (ages birth to thirty-six (36) months) planning for the preschool program begins at 30 months when First Steps provides basic information to JCSC. At least 90 days prior to the child's third birthday, a conference convenes to discuss any services the child may need. The transition from First Steps to preschool is to proceed smoothly and services are provided to assure an appropriate program.

Transition to Kindergarten Class
In 2019 the school board approved a transition to kindergarten program for our students based on kindergarten readiness.

Kindergarten Readiness Plan

Kindergarten round up at Sand Creek Elementary will feature sessions for both students and parents to increase their familiarity with Sand Creek Elementary. Kindergarten round up each spring will feature informational sessions for parents to help ease student transition to Sand Creek Elementary. After students complete their initial assessments, they will also have time to work with Sand Creek Elementary staff on additional high interest activities to increase their anticipation of starting school. An informational and educational take-home-bag will also be provided to families. This bag with include information about our school and activities that children can complete to help them prepare for school.

6th-7th grade Transition Plan

Jennings County Middle School offers students the opportunity to ease the transition from elementary to middle school. During April and May of their 6th grade school year, these future students are invited to visit the middle school on a field trip with their sixth grade classmates. Students will be introduced to principals and counselors, given a tour of the building, and
familiarized with the middle school day. They are given the opportunity to visit classrooms and ask questions about the middle school. During spring of the sixth grade year, a middle school counselor will visit each of the elementary schools. The sixth grade teachers will make class recommendations according to the student’s current progress to ensure the students are placed appropriately in seventh grade classrooms. Sixth grade students in the special needs program are involved in a transition conference discussing services at the middle school level.

The summer prior to attending Jennings County Middle School, students are given two additional opportunities to ease the transition between schools. Students and parents are able to attend a day of registration and a day of orientation. During orientation, JCMS teachers assist students with opening lockers, touring the building, discussing school rules and expectations and answering any questions students might have about attending JCMS.

SAFE AND DISCIPLINED LEARNING PLAN

Policy or Student Rules

A variety of emergency situations can occur in a school setting at any time. These include natural disasters (fire, tornado, earthquakes, etc.) or man-made crises (bombs, student unrest, hostage situations, etc.) It is critical that schools recognize the necessity of having appropriate emergency crisis intervention plans in place should a crisis occur affecting a campus or bus in the school system. Each school is required to conduct fire, severe weather and intruder drills.

While schools cannot prevent all emergencies, they can at least be prepared to respond quickly, efficiently, and appropriately when they do occur in order to contain damage and to ensure the safety of students and staff members.

The Board of School Trustees and Administration of the Jennings County School Corporation acknowledge the necessity to prepare crisis intervention guidelines in the event an emergency should occur. Our children and staff have a basic need for security and safety. Any event which threatens their safety and security will be considered an emergency. There are potential emergency situations that could impact the School Corporation. Those include, but are not
limited to the following kinds of situations: natural disaster, accidents, hazardous materials releases, acts of violence, trauma, death, and suicide.

JCS schools implemented *Time to Teach* in 2014. This behavior intervention plan creates research based instruction to provide students and teachers with the tools necessary to manage classroom behavior. Teachers provide *Teach-To’s* for routine classroom procedures allowing students to see the appropriate way to complete these procedures. Teachers also have been trained in remaining calm and responding correctly, determining which behaviors should be ignored or addressed, avoiding power struggles, providing personal space, and using diffusers. Students learn how to control their actions and refocus on an item that has interfered with the learning of their classmates and themselves.

**STATUES AND RULES**
