Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student’s SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school’s culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average (“Not Met”) or less than or equal to the state average (“Met”).

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

 <p>Courses, Curriculum, Instruction:</p>	<p>The Hillside School program of studies evolves around the New Jersey Student Learning Standards. Its Language Arts program is modeled after the TC Readers and Writers Workshop. Phonics First is a main component of K-2 literacy. Math instruction is guided by the "GoMath" program with a comprehensive online home component. Instruction in these areas, as well as the social and physical sciences, is differentiated according to individual abilities. In addition to library, art, music, and physical education, science and STEM are featured programs for all students. The Hillside Enrichment Program serves students with push in and pull out strategies. The character education program follows I.C.A.R.E (Integrity, Caring, Attitude, Respect, Empathy) and is integrated into all classes. Finally, all students preK-4 receive Spanish language instruction.</p>
 <p>Clubs and Activities:</p>	<p>The PTO runs an enrichment program three days a week with courses like chess, fencing, Korean drumming, robotics, cooking, Outrageous Pets, tennis, golf, and crafting.</p>

The program runs from immediately after school dismissal until 6:00pm.</p>
 <p>Staff and Professional Learning:</p>	<p>In addition to embedded professional development within the school year, the staff of Hillside School participate in a consortium of seven elementary schools where courses, resources, classroom coaching, and specifically-designed learning opportunities are designed to support and improve instruction. The Northern Valley Curriculum Consortium offers a wide variety of courses in their catalog. New staff participate in a three-year Academy with designated curriculum and coaching. At Hillside, staff participate in a variety of committees, book clubs, and PLCs.</p>

 <p>Student Supports and Services:</p>	<p>There are many support services offered at Hillside School that are designed to assist students in their studies and social interactions. First level of extra support includes the Intervention and Referral Services committee designed to offer strategies for struggling students. Among the services offered in school are ESL, Basic Skills, Gifted and Talented, OT/PT, Orton-Gillingham multisensory reading, speech-language services, a School Guidance Counselor, a School Psychologist and a School Sociologist.</p>
 <p>Student Health and Wellness:</p>	<p>Recognizing the benefit of student health and wellness on their academic and social growth, Hillside School boasts the services of a full-time nurse and a school guidance counselor. In addition to playground equipment, students also have access to a vegetable garden and butterfly garden supported by the local Boy Scouts and the Science program.</p>
 <p>Parent and Community Involvement:</p>	<p>Hillside School functions as part of the community at large. We maintain close relationships with the borough's municipal organizations such as the Mayor and Council, the Police and Fire Departments, the Recreation Association and local businesses. Our active PTO provides daily lunch, extra-curricular programs for students and parents, and raises funds to support school initiatives. They also sponsor the After School Enrichment Program. The Parent Portal provides access for the Standard Based Progress Reports.</p>

 <p>Facilities:</p>	<p>While the original building was built in 1955, many upgrades and improvements have made Hillside Elementary School an excellent environment for Closter school children. K-2 classrooms were refurbished with new floors, lights, and cabinetry in the past two years. There is a fully equipped science lab and a new STEM lab. Students visit climate controlled areas such as the library and a full sized gymnasium/all-purpose room. There is also a well-equipped art room and music room. Building extensions were added specifically for Early Childhood Education during the last few years.</p>
 <p>School Safety:</p>	<p>School safety is a priority for Hillside Elementary School. Visitor access is limited to essential business. Staff and students practice a variety of drills. In conjunction with the Closter Police Department, upgrades to the lockdown system and evacuation plan have firmed up safety measures for the Hillside community within the past year. Cameras, outside and in, have added a level of security to the building and grounds. Frequent police presence in the school is a reassuring presence.</p>

 <p>Technology and STEM:</p>	<p>Under the program umbrella, Hillside has several STEM initiatives for the students to participate in during the day and after school. Hillside has two labs: STEM and Science. The STEM lab features the engineering design process, while the Science Lab focuses on the Next Generation Science Standards (NGSS) curriculum. Coding and robotics are embedded in the program. General education classes also participate in Hour of Code. After school activities are available through separate courses supported by the PTO. The Closter Nature Center supports the curriculum in all grades, investigating the local environment and animal habitats. Regarding technology, all teachers use Macbooks and SmartBoards, while students utilize laptops and iPads.</p>
 <p>Early Childhood Education:</p>	<p>Hillside offers an integrated preschool program for students starting at three years old. Teachers are dually certified in early childhood and special education. A speech therapist is dedicated to the classes and students receive enrichment from the special area staff, such as world language, physical education, library sciences, music and movement, and art. Enrollment is limited and wait lists are often needed for general education students. Tuition is based on half day and full day services.</p>
