Class of 2019 Senior Capstone

Seniors must complete a Capstone Project in conjunction with their Senior English class. Seniors conduct research on a topic related to an area of career interest. They meet with a mentor in the community, who assists them with the creation of a product.

On Senior Capstone Night, students present details of their mentoring experience to a panel of community and teacher judges. The 8-10 minute presentation showcases both the product and research over the semester.
