January 4, 2022

Dear Moniteau Families:

It is that time of year when inclement weather may soon become an issue. Moniteau School District is committed to providing our students with the best possible education. We have learned from our experiences over the past two years that our students learn better in an in-person learning environment. In an effort to better support our students, Moniteau School District has decided to use traditional snow days instead of virtual learning days. Our district calendar has the following dates identified as snow days, should the need arise to use them:

- Monday, February 21, 2022
- Thursday, April 14, 2022
- Monday, April 18, 2022

If we use all three snow days, we will revisit the decision in order to ensure we are still doing what is best for students. Please know, all efforts will be made to get students to school in a safe and timely manner. The district will continue to use 2-hour delays as an option prior to a school closure being considered. We understand this may inconvenience some families just like virtual learning can cause an inconvenience. Decisions of this nature are not entered into lightly. Your child's safety, as well as the safety of our staff are of utmost importance. We appreciate, in advance, your support to our commitment to excellence. In the event of a school closure please remember all afterschool activities will be cancelled as well.

Information for inclement weather decisions can be found at the following locations:

- District website
- WBUT/WISR
- KDKA
- WTAE
- WPXI
- Skylert system (phone, text, email)

We encourage you to contact your child's school office if you are not currently receiving information from the Skylert system. This is the perfect opportunity to update any phone number or email changes. Thank you for your cooperation in offering Moniteau students the opportunity to be successful.

Sincerely,
Aubrie L. Schnelle
Superintendent of Schools
Moniteau School District
