## Earbuds at Dassa McKinney Elementary School

September 5, 2019

Dear Parents/Guardians,

We are excited to share that the availability of technology for our students at Dassa McKinney Elementary School is steadily increasing. Specifically, our students are using Chromebooks more frequently in the classroom setting than ever before. In addition to Chromebooks, our students also use desktop and laptop computers throughout the school on a regular basis. To gain full advantage of what these devices have to offer, each student will receive his/her own set of earbuds. The use of personal earbuds will be the most convenient, efficient, and hygienic approach to using the audio features of the devices.

The school will provide students with their first set of earbuds. In the event that the earbuds are lost or damaged, an additional set will be available from the office at a cost of \$2.00, or from the school store at a cost of 10 Bee Slips. Students will be encouraged to keep the earbuds at school, and classroom teachers will assist their students with storing their earbuds in a safe place. Students are permitted to use their own personal earbuds, headphones, etc. at their own risk, if they are compatible with school devices. If you have any questions or concerns regarding the use of earbuds at Dassa McKinney Elementary School, please feel free to contact the office.

Sincerely,

Dustin M. Thompson  
Principal
