

11th/12th Grade Pre Calculus Good

Direct text messages/phone calls can be made using Remind:

To join, text **@goodcalc20** to **81010**.

Also, any additional questions can be emailed to **jgood@western-reserve.org** and I will answer them on a daily basis.

Please go to **ck12.org** to access our online class.

Students were sent a email to their school email to join the class. ** If a student did not receive the email they need to email me or send me a remind message so I can resend the class sign up email

**** If students need paper assignments they are to make arrangements with me via email or remind and I will send screen shots of assignments for students to complete and they can take a picture or scan their work and send back to me through email or remind.

Login Process:

Click the link in the email or directly go to **ck12.org**

Click orange JOIN button in upper right portion of screen.

Click sign up with google and use SCHOOL GOOGLE ACCOUNT

You now have an account and have to join our class. At Top of screen click classes then it will direct you to join a class.

Then it will ask for the class code and it is **1vezu**

You have now joined the class and will have a dashboard.

All course work will continue to be completed on ck12.org dashboard. Assignments will be uploaded with due dates. Please read the directions for the assignments accordingly as there will be directions on which problems to complete. I will preload the assignments for anyone that would like to work ahead. Assignments must be completed on or before the due dates. Any quiz

or test uploaded will be scored just like any quiz or test in the classroom. Students are encouraged to utilize Desmos Calculator at [desmos.com](https://www.desmos.com)

Assignments Button: Where any homework, quizzes or test will be uploaded. All of this can be done digitally. Most assignments will have multiple attempts and hit and help buttons for questions. When you complete an assignment you must make sure you click turn in otherwise progress will be deleted and I will not receive anything.

Reports Button: Shows you your scores on assignments

Q&A Button: This is where questions can be posted for the class. Similar to discussion board or broad questions for the class.

Shared Resources Button: This will be the place to go for any resources I may share with you to help you with your assignments. I have already uploaded a Ebook for our class.
