

10th/11th Grade Algebra 2 Good

Direct text messages/phone calls can be made using Remind:

To join, text **@goodalg220** to **81010**.

Also, any additional questions can be emailed to **jgood@western-reserve.org** and I will answer them on a daily basis.

Please go to <http://www.hmhco.com/one> to access our online class. Students have been using this dashboard since January and nothing has changed.

**** If students need paper assignments they are to make arrangements with me via email or remind and I will send screen shots of assignments for students to complete and they can take a picture or scan their work and send back to me through email or remind.

Login Process:

State: Ohio

District: Western Reserve Local Schools (When clicking next make sure has zip code of 44826 so it is the correct Western Reserve)

Username: 1st letter of 1st name and then full last name (ex John Smith: **jsmith**)

Password: 1st letter of 1st name and full last name and last 2 digits of graduating year. (ex: John Smith class of 2020: **jsmith20**)

All course work will continue to be completed on [hmhco.com/one](http://www.hmhco.com/one) dashboard. Assignments will be uploaded with due dates. Please read the directions for the assignments accordingly as there will be directions on which problems to complete. I will preload the assignments for anyone that would like to work ahead. Assignments must be completed on or before the due dates. Any quiz or test uploaded will be scored just like any quiz or test in the classroom. Students are encouraged to utilize Desmos Calculator at [desmos.com](http://www.desmos.com)

Helpful tools on dashboard:

STUDENT EBOOK

Once student has logged into the dashboard for hmh the student may access the ebook by clicking on the student resources button. This will direct them to a series of screens that allows

them to access any lesson in the text book. This is where students should direct their attention prior to a new homework assignment to right down key vocab and examples.

INTERACTIVE LESSONS

Once student has logged into the dashboard for hmh the student may access the interactive lessons. Students can click on the interactive lessons button to access online work through lessons. This allows the students to work out examples actively and read and or listen to key instructional pieces.

INTERACTIVE RETEACH

Once student has logged into the dashboard for hmh the student may access the interactive reteach. Students can click on the interactive reteach button to access additional explanations and examples where students can work through them 1 step at a time.

FAMILY RESOURCES

Once student has logged into the dashboard for hmh the student may access the family resources. Students can click on the family resources button to access online support videos for specific lessons. These are 3-5 minute videos that show problems being working out with auditory support as well.
