

## HS Choir- Week 6-

This week we are finishing up Unit 2 by completing Lesson 7 & 8. This week you will be choosing two rhythm exercises and two solfege exercises from each of these lessons. Just like in past weeks, you will be video/audio recording yourself and sending me the videos.

\*\*\*YOU MUST label or say which exercise you are completing.

You can submit videos by attaching them directly to the google classroom assignment, by emailing them to me or since they are short videos you MAY be able to send them through Remind. You can also go on to Flipgrid and record directly onto that site and I will have access to them.
