

# Pop Can Art

---

What can YOU do with that old  
Pop can?

# Art from Garbage: Noah Deledda

Beautiful and intricate artwork can be made from the most unexpected of items. Check out what Noah Deledda can make from a soda can!

# Pop Can Art Assignment

---

This week you will make a piece of art (which can be wearable, but doesn't have to) from a pop can!

## SAFETY:

It is of utmost importance that you are safe while doing this project. Cut aluminum and tin can be very sharp. Ideally you'll wear gloves when cutting. If you don't have gloves available get parental permission AND take great care while handling!

# Pop Can Art Assignment

## Brainstorm

*Watch the following videos to help you understand a variety of ways you can work with this thin and very malleable metal.*

*You can:*

- 1: Create a project based on one of these tutorials
- 2: Modify one (even better) or
- 3: Make up your own design & process (the best ever)

# Embossing Metal

---

How could  
you do this  
at your  
home?

What could  
use make  
with this  
technique?

# Pop Can Roses

---

What other types of flowers do you think you could make using this technique? How would you shape the petals or create a center?

# Mandaloria Helmet

---

Is there another helmet template you could make? How would you go about planning that?

# Pop Can Earrings

---

How can you expand on this simple idea utilizing your knowledge of metals design and fabrication?

# Pop Can Box

---

What types of designs do you think you'd emboss?  
Would you sand the can or leave the print showing?

# Pop Can Art Assignment

## Planning

*Sketch different ideas based on the options below then start gathering materials and creating templates!*

1: Create a project based on one of the tutorials

2: Modify one (even better) or

3: Make up your own design & process (the best ever)
