

Students Eat for Free!

All kids under
18 years old.

Dear Smethport Families,

Earlier this week, U.S. Secretary of Agriculture announced that the U.S. Department of Agriculture (USDA) will extend several flexibilities for school meals throughout the remainder of 2020. "As our nation reopens and people return to work, it remains critical our children continue to receive safe, healthy, and nutritious food," the USDA said.

All students will be eligible for free meals whether learning is in the classroom or virtually.

Lunches will include an assortment of main entrees or sandwiches, fresh vegetables, fruit and milk. Cereal and other assorted breakfast items, along with a fruit, juice and milk will be provided for breakfast.

You must take a reimbursable meal. Any extras or snacks will still be charged accordingly. The student must have money in their account for their extras or snacks. We remain committed to providing students access to healthy, nutritious and wholesome meals while assuring the utmost food safety without compromising quality. Please feel free to contact me if there are any questions.

Regards,

Erica Zeigler
Food Service Director
