Technology Coordinator

November 10, 2020

Dear SASD Community:

Smethport Area School District has been notified that a student at the Smethport Area High School has tested positive for COVID-19.

Smethport School District administration will be following Health and Safety Protocols outlined in the SASD Health and Safety Plan and cooperating with any PA Department of Health (DOH) contact tracing activities and directives. We will continue to closely monitor factors in this case.

At this time, the situation does not require school to be closed. School will remain in session as scheduled.

We will be working closely with the DOH to determine students and staff who need to be notified for precaution and students and staff who are determined to be close contacts of the staff member.

If you are determined to be a close contact, you will be contacted by the SASD and/or the DOH and required to quarantine for 14 days. The DOH will contact you and provide you further information regarding your close contact status.

The SASD reminds everyone to continue to follow all Health and Safety protocols at all times. Wearing face coverings, proper social distancing, and other safety protocols help to minimize the spread of COVID-19. Please take the prevention of COVID-19 seriously and do everything that you can to prevent the spread of Coronavirus.

Sincerely,

David London, Superintendent
