Dear SASD Community:

Smethport Area School District has been notified that a person, who has limited contact with the Smethport Area School District, has tested positive for COVID-19. Based on factors in this case, it is believed that risk to students and staff is minimal.

Smethport School District administration will be following Health and Safety Protocols outlined in the SASD Health and Safety Plan and cooperating with any PA Department of Health contact tracing activities and directives. We will continue to closely monitor factors in this case.

This situation does not require school to be closed. School will remain in session as scheduled.

The SASD reminds everyone to continue to follow all Health and Safety protocols at all times. Wearing face coverings, proper social distancing and other safety protocols help to minimize the spread of COVID-19. Please take the prevention of COVID-19 seriously and do everything that you can to prevent the spread of Coronavirus.

Sincerely,

David London, Superintendent
