

Berean Academy is committed  
to providing a safe learning  
environment for our scholars,  
their families, and our staff.

We will do everything in our power to maintain face-to-face learning for every Berean scholar because we believe that students learn best in that environment.

However, we will provide a variety of learning opportunities to ensure the safety and well-being of all involved if necessary.

Agape,

Jim Fogarty  
Director
