

4th Grade Summer Reading List

Students are required to read one chapter book of their choice this summer. The book must be on the Accelerated Reader list and be age level appropriate. If you are unsure of a book's level, go to www.arbookfind.com. In the "search" blank, type the name of the book you would like to read. If it is an AR book, the book title, grade level and point value will be displayed. Any chapter book on level 3.1 – 6.0 will be acceptable to read.

Summer reading is for a grade. This will be one of their first tests when they return from summer break.

I hope your child finds a book that will help him or her develop a love for reading. Have a wonderful summer!

Happy Reading,
Ms. Lindsay
