Preface

To Students and Parents:

Welcome to MeyerPark Elementary Charter School (“MeyerPark”)! We wish this year to be an especially productive experience for each student. For this to happen, we must all work together: students, parents, and staff. This Student/Parent Information Guide (“the Handbook”) is designed to help us accomplish this goal.

The Handbook is an overview of our school’s goals, services, and rules. It is an essential reference book describing what we expect of our students and parents, what they can expect of us, and how we will achieve our educational mission. We have attempted to make the language in this Handbook as straightforward as possible. Please note that the term “parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Handbook is divided into six sections. The first section includes general information regarding school policy and procedures. The second section provides important health and safety information. The third section provides information about academics and grading. The fourth section is the Student Code of Conduct, which is required by state law and intended to promote school safety and an atmosphere for learning. Both students and parents need to be familiar with the Student Code of Conduct. The Student Code of Conduct is also available in the Secretary’s office, and is posted on the school’s website. The fifth section is especially for parents, with information regarding parental rights. Finally, the sixth section contains important notices regarding student information, computer resources, and electronic communication devices.

This Handbook is designed to be in harmony with Board Policy. Please be aware that the Handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy and procedure that affect Handbook provisions will be made available to students and parents through newsletters and other communications. **In case of conflict between Board Policy and any provision of this Handbook, the provision that was most recently adopted by the Board of Directors will be followed.**

We ask our parents to review the entire Handbook with their students and to keep it as a reference during this school year. Parents or students with questions about the material in this Handbook should contact their Superintendent/Principal.

Finally, you must complete and return the last page of the Handbook – “Acknowledgement and Approval of Student/Parent Handbook” – to the school office.

On behalf of the entire MeyerPark staff and community, best wishes for a great 2017–2018 school year!

MeyerPark complies with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; Title II of the Americans with Disabilities Act of 1990 (“ADA”), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and any other legally-protected classification or status protected by applicable law.

General Admissions and Enrollment Information

Admission and enrollment of students shall be open to persons who reside within the geographic boundaries stated in the school's charter, and who are eligible for admission based on lawful criteria identified in the charter and in state law. The total number of students enrolled in MeyerPark shall not exceed the number of students approved in the charter or subsequent amendments. Total enrollment may further be limited by MeyerPark based on occupancy limitations, code compliance and staffing requirements as deemed necessary.

In accordance with state law, MeyerPark does not discriminate in its admissions policy on the basis of sex; national origin; ethnicity; religion; disability; academic, artistic, or athletic ability; or the district the child would otherwise attend.

Exclusion from Admission

As authorized by the MeyerPark charter and Texas Education Code § 12.111(a)(5)(A), students with a documented history of a criminal offense, a juvenile court adjudication, or other discipline problems under Texas Education Code Chapter 37, Subchapter A may be excluded from admission and enrollment in MeyerPark.

Submission of Applications and Admissions Lottery

Students wanting to attend MeyerPark must submit an application during the school's open enrollment period, which takes place **during the first Monday of February each year**, or as otherwise set by the administration. Enrollment forms are available in the main office, and online through the MeyerPark website.

If fewer applications than spots available are received, students will be offered admission on a first-come, first-served basis. If MeyerPark receives more applications than it has spots available in any grade level, it will conduct a random lottery. Each applicant selected during the lottery (up until all open seats are filled) will be offered admission. Once all enrollment spots have been filled by the lottery, the lottery will continue and applicants will be placed on a waiting list in the order in which they are drawn. If a vacancy arises before the commencement of the next school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list.

If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Families offered an enrollment seat will be sent a registration packet with instructions for registering. This notice will be sent **no later than first Monday in April**. Families must complete and return the registration packet by the published deadline, to the registrar, in order to secure enrollment. If an enrollment offer is declined or if you do not complete the registration packet by the established deadline, your child's seat will be offered to the next potential student on the waiting list.

Exceptions to Lottery Process: Federal guidelines permit MeyerPark to exempt from the lottery students who are already attending MeyerPark; siblings of students already admitted to or attending MeyerPark; and children of MeyerPark's founders, teachers, and staff, so long as the total number of students allowed under this exemption constitutes only a small percentage of MeyerPark's total enrollment.

McKinney-Vento Homeless Education Assistance Act of 2001

Homeless children and youth are ensured specific educational rights and protections. A listing of these specific rights may be obtained from MeyerPark by contacting Sheretta Hernandez, Director of Business and Operations, P.O. Box 35616, Houston, Texas 77235, 713-729-9712.

“Homeless children and youth” as defined and covered by the McKinney-Vento Homeless Education Assistance Act of 2001:

- Means individuals who lack a fixed, regular, and adequate nighttime residence.
- Includes children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations.
- Are living in emergency or transitional shelters.
- Are abandoned in hospitals, or are awaiting foster care placement.
- Children and youth who have a primary nighttime residence that is a public or private place not designed as a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations.

Parents of students in homeless situations can keep their students in their schools of origin (the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled even if the student is now residing outside the school attendance area or school district) or enroll them in any public school that students living in the same attendance area are eligible to attend.

Student Information

Any student admitted to MeyerPark must have records, such as a report card and/or transcript from the previous school attended, to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in MeyerPark for the first time must present documentation of immunizations as required by the Texas Department of State Health Services.

No later than 30 days after enrolling in MeyerPark, the parent and school district in which the student was previously enrolled shall furnish records that verify the identity of the student. These records may include the student’s birth certificate or a copy of the student’s school records from the most recently attended school. Students will not be denied enrollment because they failed to meet this requirement.

MeyerPark will forward a student’s records on request to at school in which a student seeks or intends to enroll without the necessity of the parents’ consent.

Food Allergy Information

The parent of each student enrolled in MeyerPark must complete a form provided by MeyerPark that discloses (1) whether the child has a food allergy or a severe food allergy that should be disclosed to the school to enable it to take any necessary precautions regarding the child’s safety and (2) specifies the food(s) to which the child is allergic and the nature of the allergic reaction.

For purposes of this requirement, the term “severe food allergy” means a dangerous or life-threatening reaction of the human body to a food-borne allergen introduced by inhalation, ingestion, or skin contact that requires immediate medical attention.

MeyerPark will also require information from a child’s physician if the child has food allergies.

Food allergy information forms will be maintained in the child's student records, and shall remain confidential. Information provided on food allergy information forms may be disclosed to teachers, school counselors, school nurses, and other appropriate school personnel only to the extent consistent with Board policy and as permissible under the Family Educational Rights and Privacy Act of 1974 ("FERPA").

Establishing Identification

Any of the following documents are acceptable for proof of identification and age: birth certificate; driver's license; passport; school ID card; records, or report card; military ID; hospital birth records; adoption records; church baptismal record; or any other legal document that establishes identity.

Undocumented Students

Enrollment may not be denied to children who are not legally admitted into the United States.

Residency Verification

The Texas Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in MeyerPark, each student's parent must show proof of residency at the time of enrollment. Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. A recently paid rent receipt,
2. A current lease agreement,
3. The most recent tax receipt indicating home ownership,
4. A current utility bill indication the address and name of the residence occupiers,
5. Mailing addresses of the residence occupiers,
6. Visual inspection of the residence,
7. Interviews with persons with relevant information, or
8. Building permits issued to a parent on or before September 1st of the school year in which admission is sought (permits will serve as evidence of residency for the school year in which admission is sought only).

Falsification of residence on an enrollment form is a criminal offense.

School Calendar

MeyerPark operates according to the school calendar adopted annually by the Board of Directors. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the school's website.

School Day

Classes begin at 8:00 a.m. and are dismissed at 4:30 p.m., Monday through Thursday. Classes begin at 8:00 a.m. on Friday and are dismissed at 12:00 p.m. Students may be dropped off as early as 7:15 a.m. They will be supervised, but there are no organized activities before the instructional day begins.

There is no early dismissal after 3:00 p.m. Monday-Thursday and 11:00 a.m. on Friday. Therefore, students will not be released between 3:00 p.m.-4:30 p.m. Monday – Thursday and 11:00 a.m. – 12:00 p.m. on Friday.

Students enrolled in after-school programming or who are signed up for academic supervision may be on campus, provided that all applicable fees for activities and/or supervision have been paid. These fees vary,

and will be communicated to parents. After-school enrichment is available, for a fee, on Fridays from 12:00 p.m. till 5:30 p.m. Visit the front office for more information.

Drop-off and Pick-up Procedures

All students must be dropped off and picked up ONLY in the designated areas. The current drop off and pick up maps are available in the front office.

Attendance

Regular school attendance is essential for the student to make the most of his or her education – to benefit from teacher-led activities, to build each day’s learning on that of the previous day, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents. These items laws are discussed below.

Texas Compulsory Attendance Law

The state compulsory attendance law requires that a student between the ages of six and 19 must attend school and school-required tutorial sessions unless the student is otherwise legally exempted or excused. MeyerPark staff must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, or from required tutorials will be considered “truant” and subject to disciplinary action.

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day. If a student 19 years of age or older has more than five unexcused absences in a semester, MeyerPark may revoke the student’s enrollment, except that MeyerPark may not revoke the enrollment on a day on which the student is physically present at school. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. Prior to revoking the student’s enrollment MeyerPark shall issue a warning letter to the student after the third unexcused absence stating that the student’s enrollment may be revoked for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking enrollment, MeyerPark may impose a behavior improvement plan.

Notice to Parents: Under Texas Education Code § 25.095(a), you are hereby notified that if a student is absent from school on ten or more days or parts of days within a six-month period in the same school year, the student’s parent is subject to prosecution under Texas Education Code § 25.093; and the student is subject to referral to a truancy court for truant conduct under Texas Family Code § 65.003(a).

MeyerPark shall notify a student’s parent if the student has been absent from school, without excuse, on three days or parts of days within a four-week period. The notice will inform the parent that it is the parent’s duty to monitor the student’s school attendance and require the student to attend school; the student is subject to truancy prevention measures under Texas Education Code § 25.0915; and that a conference between school officials and the parent is needed to discuss the absences.

Attendance for Credit or Final Grade

To receive credit or a final grade in a class, a student must attend at least 90% of the days a class is offered. The allowed 10% of absences consist of both excused and unexcused absences. A student who attends fewer than 90% of the days the class is offered may be referred to the Attendance Review Committee

to determine whether the absences were due to extenuating circumstances and how the student may regain credit or earn a final grade.

The Attendance Review Committee will consider the following factors when determining whether there are extenuating circumstances for the absence:

1. All absences, whether excused or unexcused, must be considered, with consideration given to special circumstances as defined by the Texas Education Code.
2. For a student transferring into MeyerPark after school begins, including a migrant student, only those absences after enrollment will be considered.
3. In reaching consensus about a student's absences, the committee will attempt to ensure that its decision is in the best interest of the student.
4. The committee will consider whether the absences were for reasons over which the student or parent could exercise control.
5. The committee will consider the acceptability and authenticity of documentation expressing reasons for the student's absences.
6. The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
7. The student, parent or other representative will be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.

If credit is lost or a final grade is not earned due to excessive absences, the Attendance Review Committee will decide how the student may regain credit or earn a final grade. If the committee determines there are no extenuating circumstances and that credit or a final grade may not be earned, the student or parent may appeal the committee's decision to the Board of Directors by filing a written request with the Superintendent. The appeal notice must be postmarked to the following address within 15 days following the last day of instruction in the semester for which credit was denied:

MeyerPark Elementary Charter School, P.O. Box 35616, Houston, Texas 77235

The appeal will then be placed on the agenda of the next regularly scheduled Board meeting. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

Absence and Tardiness

When a student must be absent from school, parents are asked to call the school each day the student will be absent. Upon returning to school, the student must bring a note, signed by the parent, or a medical excuse signed and dated by a licensed physician that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted. Notes should be submitted to the school registrar, and may be scanned and emailed, dropped off at the front office, or faxed to the school. **If a note is not received within three school days of the absence, the absence will be recorded as unexcused.** Notes will not be accepted after three days.

Because excessive absences are considered truancy under state law, MeyerPark reserves the right to take extreme absence cases to court.

MeyerPark recognizes two kinds of absences: excused and unexcused. Students and parents should read this section carefully to understand the school's expectations. Students and parents should also be aware of the school's policy regarding homework, quizzes, and tests following an absence.

Excused Absences

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days.
- Required court appearances.
- Activities related to obtaining United States citizenship.
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders. If a student returns to school the same day or attends part of the day prior to a doctor's appointment and then presents a doctor's note verifying the appointment, the absence is excused and the student is counted present. Students should be picked up and signed out for early dismissal in the office. We cannot call your student from the classroom until you are in the front office signing them out.
- For students in the conservatorship (custody) of the state.
- Mental health or therapy appointments.
- Court-ordered family visitations or any other court-ordered activity provided it is not practicable to schedule the student's participation in the activity outside of school hours.

Absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

For religious holy days, required court appearances, and activities related to obtaining citizenship, one day of travel to the site and one day of travel from the site shall also be excused by MeyerPark.

The only additional excused absences are for family emergencies, personal illness that do not exceed three consecutive days (illnesses that extend beyond three days will require a doctor's note), death in the immediate family (parent, sibling, grandparent, or member of the immediate household), a school-related absence or an absence approved in advance by the Principal due to extenuating circumstances.

Unexcused Absences

Any absence not listed above or approved in advance by the Principal due to extenuating circumstances will be considered an unexcused absence.

Examples of unexcused absences include, but are not limited to:

- Car trouble
- Failure to bring a written note within three school days following an absence
- Leaving school without the permission of the Principal or other administrator
- Oversleeping
- Personal business
- Vacations

Tardiness and Late Arrival

Nearly all tardiness is avoidable. If a student arrives late to school, a parent must report to the school office to complete a tardy slip. Students must arrive for class by no later than 8:15 a.m. If a student is tardy three times throughout the semester, the student will be assigned detention. Repeated tardiness will result in more severe disciplinary consequences as allowed by the Student Code of Conduct.

Make-Up Work

If a student misses class for any reason, a teacher may assign make-up work that incorporates the instructional objectives for the class and that will assist the student to master the essential knowledge and

skills necessary to meet subject or course requirements. Students are responsible for obtaining and completing the make-up work in a satisfactory manner and within the time specified by the teacher. Teachers will provide students and parents with additional information regarding penalties for failure to complete make-up work within the time allotted, and the process for making up tests missed due to absence.

Release of Students from School

A student will not be released from school at times other than at the end of the school day except with permission from the Principal or designee and in accordance with campus sign-out procedures. Additionally, state rules require that parental consent be obtained before a student under the age of 18 may leave campus at any point in the school day.

A student who must leave school during the day shall bring a note from his or her parent specifying the release time and the person picking up the student. Students will wait in their classroom until you are in the front office signing them out. All persons, including parents, should be prepared to present a picture ID to school officials when requesting the release of a student. Student's will not be release after 4:00 p.m.

Because class time is important, doctor's appointments or meetings with other professionals should be scheduled at times when the student will not miss instructional time, if possible.

Closed Campus

MeyerPark is a closed campus facility. Once students arrive on campus, they may not leave without following the procedures established by the Superintendent/Principal.

Withdrawals

Voluntary Withdrawal

A student under 18 years of age may be withdrawn from school only by a parent. MeyerPark requests notice from the parent at least three days in advance so that records and documents may be prepared. Parents may obtain a withdrawal form from the Principal's office. The Principal or another administrator will verify the information on the withdrawal form when the parent arrives to sign withdrawal papers to complete the process. The parent shall also provide the name of the new school in which the student will be enrolled, and must sign the withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the office secretary for health records; and to the Principal for the last report card and course clearance. A copy of the withdrawal form will be given to the parent and a copy placed in the student's permanent record.

Withdrawing students and parents are expected to:

- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.

In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.

Invuntary Withdrawal

MeyerPark may initiate withdrawal of a student under the age of 19 for non-attendance if:

1. the student has been absent 10 consecutive school days, and
2. repeated efforts by the school to locate the student have been unsuccessful.

Dress and Grooming

As authorized by state law and the MeyerPark charter, students are required to wear uniforms to school. The school's dress and grooming standards are designed to teach grooming and hygiene, prevent disruption, minimize safety hazards, and provide a dress standard that offers flexibility for the parent and student. Students must come to school cleanly and neatly groomed and wearing clothing that will not be a health or safety hazard to the student or others, and that will not distract from the educational atmosphere of the school. Students are required to arrive in proper attire every day.

Parents must provide their student(s) with the required uniform, except in the case of educationally disadvantaged students as provided in the Texas Education Code. MeyerPark may provide a uniform for economically disadvantaged students. A request for school assistance for purchasing uniforms must be made in writing to the Principal and include evidence of the inability to pay. Further details are available in the Principal's office.

A parent may choose for his or her student(s) to be exempted from the requirement of wearing a uniform if the parent provides a written statement that, as determined by the Board of Directors, states a bona fide religious or philosophical objection to the requirement.

Students who do not follow the school's guidelines for personal attire and appearance may be subject to discipline under the Student Code of Conduct. Additionally, a parent may be contacted to bring an acceptable change of clothing to school, and the student may be assigned to in-school suspension for the remainder of the day until a change of clothes is brought to the school.

MeyerPark students are expected to dress in a manner that conveys respect for their learning community and communicates a message of personal confidence and pride. The following specific guidelines must be adhered to:

School Dress Code and Uniform Policy

MeyerPark prohibits pictures, emblems, or writings on clothing that are lewd, offensive, vulgar, or obscene, or that advertise or depict tobacco products, alcoholic beverages, or drugs. Any clothing that, in the Principal's judgment, may reasonably be expected to cause disruption of or interference with normal school operations is not permitted. Clothing that is ripped, torn, ragged, or suggestive is not appropriate school wear. Pants and skirts must be worn at the natural waistline and must fit appropriately in the crotch area. No sagging is allowed. In order to simplify the school's dress code, the following uniform and dress guidelines shall be followed by all students.

Students participating in school-related activities, such as extracurricular or other special functions, may have a different dress or grooming code required by the sponsor or coach.

MeyerPark will periodically review its dress and grooming policies, and make changes as needed.

While it is inevitable that there will be differences of opinion as to the appropriateness of dress, grooming, and/or determining whether a student’s attire is disruptive or distracting to the educational environment of the school, the final determination will be made by the Principal. Any student who does not comply with the dress code will be removed from the regular school setting until the student complies with this code.

Student Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. Students are expected to provide their own consumable items, such as pencils, paper, pens, erasers, notebooks, calculators, headsets, etc. Students may be required to pay certain fees or deposits, including:

1. A fee for materials for a class project that the student will keep, if the fee does not exceed the cost of materials;
2. Membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities;
3. A security deposit for the return of materials, supplies or equipment;
4. A fee for personal physical education and athletic equipment and apparel, although a student may provide the student’s own equipment or apparel if it meets reasonable requirements and standards relating to health and safety;
5. A fee for voluntarily purchased items, such as student publications, class rings, pictures, yearbooks, graduation announcements, etc.;
6. A fee for voluntary student health and accident benefit plan;
7. A reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the school;
8. A fee for items of personal apparel used in extracurricular activities that become the property of the student;
9. A fee for replacement of a student identification card;
10. If offered, a fee for a driver training course, not to exceed the actual cost per student in the program for the current school year;
11. A fee for summer school courses that are offered tuition-free during the regular school year;
12. A reasonable fee, not to exceed \$50, for costs associated with an educational program offered outside of regular school hours through which a student who was absent from class receives instruction voluntarily for the purpose of making up the missed instruction and meeting the level of attendance required for class credit, so long as the fee would not create a financial hardship or discourage the student from attending the program;
13. A fee for lost, damaged, or overdue library book; or
14. A fee specifically permitted by any other statute.

MeyerPark may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Principal or designee, and include evidence of inability to pay. Details for the fee waiver are available in the Principal's office.

Supply lists are posted on the MeyerPark website and are distinct for each of our programs.

Families are responsible for paying all fees associated with extra-curricular programs, including clubs, athletics, fine arts, UIL academics, and academic supervision prior to participation.

Textbooks and Curriculum Materials

State-approved textbooks and additional curriculum materials are provided free of charge for each subject or class, except for dual credit courses. Materials must be used by the students as directed by the teacher, and treated with care. A student who is issued damaged materials should report the damage to the teacher.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the student and/or parent pay for the damages. However, a student will be provided textbooks and educational materials for use during the school day. MeyerPark may reduce or waive the payment requirement if the student is from a low-income family. Release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks.

Lost and Found

Anyone who finds books, clothing or other personal items left unattended should bring these items to the front office. Students who have lost these items should check at the front office. Items will be kept in lost and found for up to seven days. The hallways are inspected each evening and all unsecured items are placed in the front office. Students should label all books, uniforms and other personal belongings with their name to ensure the prompt return of an item that has been misplaced.

Cafeteria Services

MeyerPark participates in the National School Lunch Program and School Breakfast Program. These programs offer nutritionally balanced breakfasts and lunches. Guidelines set by the Texas Department of Agriculture ("TDA") and United States Department of Agriculture ("USDA") are followed to meet the nutritional needs of all students. Menus may be obtained at the school office.

Free and reduced-price lunches are available based on financial need. MeyerPark participates in Universal Free breakfast, therefore breakfast is free to all enrolled students. Information about a student's participation is confidential. See the Campus Secretary to apply. Students must apply for meal assistance each school year.

State-Mandated Nutrition Guidelines

The TDA places strict limits on any food or drink provided or sold to students other than through MeyerPark's food and nutrition services. More detailed information may be obtained at the school office or online at www.squaremeals.org.

Transportation

School Sponsored Activities

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The Principal, however, may make an exception if the parent makes a written request

that the student be released to the parent or to another adult designated by the parent, so long as the written request is presented before the scheduled trip.

Riding a school vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. Students are expected to assist school staff in ensuring that busses remain in good condition and that transportation is provided safely. When riding a school vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

- Enter and leave the bus in an orderly manner at the designated stop. Students must not try to get on or off the bus or move about within the bus while it is in motion.
- Follow the driver's instructions at all times.
- Keep feet, books, band instrument cases, and other objects out of the aisle. Fighting of any kind while on the bus will not be tolerated, and may result in suspension or termination of bus-riding privileges.
- Not eat and drink on the bus. Students may not bring glass containers of any kind on the bus.
- Refrain from defacing the bus or its equipment. Damage to the bus must be reported immediately to the bus driver. Students who write on or deface any part of the bus are subject to suspension and restitution for damages.
- Refrain from putting his or her head, hands, arms, or legs out of the window, holding any object out of the window, or throwing objects within or out of the bus. Students are not permitted to bring skateboards onto the bus or use cellular phones while riding the bus.
- Wait for the driver's signal upon leaving the bus and before crossing in front of the bus.

Student misconduct while riding in a school vehicle will be punished in accordance with the Student Code of Conduct. Additionally, student bus-riding privileges may be suspended.

Only designated students are allowed to ride in school vehicles. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities.

If a student with a disability is receiving bus transportation as a result of an IEP, the Admission Review and Dismissal ("ARD") Committee will have the discretion in determining appropriate disciplinary consequences related to inappropriate behavior in a school vehicle.

Academic Achievement Records

MeyerPark maintains an academic achievement record for each student enrolled. Academic achievement records list complete personal student data, give complete scholastic grades, and report student activities, honors, and scores on standardized achievement tests. Requests for academic achievement records should be made to the campus registrar. Students are provided with two free academic achievement records. Each additional record is \$10.00. Payments should be made at the time of the request in either cash or money order. Official academic achievement records may be picked up from the campus registrar five business days after the request is submitted except at the end of the semester.

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display student work in classrooms or elsewhere on campus as recognition of student achievement. However, MeyerPark will seek parental consent before displaying student artwork, special projects, photographs taken by students, and other original works on the MeyerPark website, on any campus or classroom website, in printed materials, by video, or by any other method of mass communication. MeyerPark will also seek consent before displaying or publishing an original video or voice recording in this manner.

Distribution of Materials or Documents

School Materials

Publications prepared by and for MeyerPark may be posted or distributed with prior approval by the Principal and/or teacher. Such items may include school posters, brochures, murals, etc.

Non-School Materials

Students must obtain express prior approval of the Principal or designee before distributing, posting, selling, or circulating written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials on campus.

Non-school literature shall not be distributed by students on MeyerPark property if:

- The materials are obscene, vulgar, or otherwise inappropriate for the age and maturity of the audience.
- The materials endorse actions endangering the health or safety of students.
- The materials promote illegal use of drugs, alcohol, or other controlled substances.
- The distribution of such materials would violate the intellectual property rights, privacy rights, or other rights of another person.
- The materials contain defamatory statements about public figures or others.
- The materials advocate imminent lawless or disruptive action and are likely to incite or produce such action.
- The materials are hate literature or similar publications that scurrilously attack ethnic, religious, or racial groups or contain content aimed at creating hostility and violence, and the materials would materially and substantially interfere with school activities or the rights of others.
- There is reasonable cause to believe that distribution of the non-school literature would result in material and substantial interference with school activities or the rights of others.

Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials over which MeyerPark does not exercise control shall not be sold, circulated, or distributed by persons or groups not associated with MeyerPark or a school support group on school premises unless the person or group obtains specific prior approval from the Superintendent or designee. To be considered, any non-school material must include the name of the sponsoring organization or individual. The requestor may appeal the Superintendent or designee's decision in accordance with Board policy.

Fundraising

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fundraising drives for approved school purposes. An application for permission must be submitted to the Principal at least ten days before the event. Fundraising activities not approved by the Principal are not permitted on school property.

Sales

Advertising may be permitted for approved school-related activities. This may include MeyerPark newspapers, yearbooks, and other fundraising projects. Advertising material that promotes the use of alcohol and/or tobacco is strictly prohibited. No person may display, solicit, or sell any item or service to students or school personnel while on school property, at school-sponsored events, or on school transportation without the written permission of the Principal.

Demonstrations or Meetings on School Premises (Non-School Sponsored)

Any student who wishes to promote, organize, or participate in a non-school sponsored demonstration or meeting on school premises must obtain prior written approval from the Principal at least three days prior to the requested activity. This three-day period does not include the day of the request or the day of the activity. MeyerPark may prohibit demonstrations or meetings that materially and substantially interfere with school activities or the rights of other students or teachers; are vulgar or profane; might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared values of a civilized order; inappropriate for the maturity level of the audience; associates the school with a non-neutral position on matters of political controversy; and/or the school demonstrates reasonable cause to believe that the expression would create material and substantial interference with its educational program.

Electronic Device Policy

Electronic and telecommunication devices are a major source of distraction in the classroom. For this reason, **students are not permitted to possess items such as cell phones, pagers, radios, CD players, tape recorders, camcorders, DVD players, cameras, tablets, iPods, iPads, watch phones or electronic devices or games at school**, unless prior permission has been obtained from the Principal.

If a student is permitted to possess an electronic or telecommunications device at school, including a cell phone, all such devices must be turned off during school hours and turned in to the front office (or bus driver if student rides the school bus). If a MeyerPark employee observes a student using any electronic or telecommunication device (including a cell phone) during the school day or a school-related activity, the employee will collect the item and turn it in to the Principal's office. If a student and parent have executed a waiver permitting the student to possess an electronic communication device at school, school officials may power on and search the device if there is a reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation.

A parent will be contacted to pick up the item and pay the applicable fine. A \$15 fee will be assessed before the parent is able to retrieve the device. An additional \$15 fee will be assessed each subsequent time a device is confiscated. Any disciplinary action will be in accordance with the Student Code of Conduct.

MeyerPark will not be responsible for damage to or loss or theft of confiscated items.

Pledges of Allegiance and Moment of Silence

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the Superintendent or designee to excuse their student from reciting a pledge.

State law requires that one minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that MeyerPark provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

Recitation of the Declaration of Independence

State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during “Celebrate Freedom Week.” A student will be exempted from this requirement if a parent provides a written statement requesting that the student be excused, MeyerPark determines that the student has a conscientious objection to the recitation, or the parent is a representative of a foreign government to whom the United States extends diplomatic immunity.

Prayer and Meditation

Students have a right to individually, silently, and voluntarily pray or meditate in school in a manner that does not disrupt instructional or other school activities. MeyerPark will not require, encourage, or coerce a student to engage in or refrain from such prayer or mediation during any school activity.

School Property and Facilities

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building.

Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher.

Conduct Before, During, and After School

Teachers and administrators have full authority over student conduct during before or after-school activities on school premises and at school-sponsored events off school property, including but not limited to rehearsals, club meetings, athletic practices, and special study groups and tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct. Students may also be subject to any rules of conduct established by the activity's sponsor.

During the school day, students may not loiter or stand in the halls between classes. Students must have a pass to be outside the classroom during class time. Failure to obtain a pass will result in disciplinary action.

Vandalism

The taxpayers of the community have made a substantial financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended – both this year and in the coming years – littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

SECTION 2: STUDENT HEALTH AND SAFETY

Alcohol-Free School Notice

In order to provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on MeyerPark property at all times, and at all school-sanctioned activities occurring on or off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Tobacco-Free School Notice

Smoking (including electronic cigarettes, cigars, and pipes) and using tobacco products is prohibited in school buildings, vehicles, or on or near school property, or at school-related or school-sanctioned events off school property. Students may not possess tobacco products at any of the locations or activities listed above. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Drug-Free School Notice

MeyerPark believes that student use of illicit drugs is both wrong and harmful. Consequently, MeyerPark prohibits the use, sale, possession, or distribution of illicit drugs by students on school premises or any school activity, regardless of its location. MeyerPark also prohibits the use, sale, possession, or distribution of look-alike substances and/or synthetic substances designed to imitate the look and/or effects of illicit drugs. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Accident Prevention

Student safety on campus and at school-related events is a high priority of the school. Although the school has implemented safety procedures, the cooperation of students is essential to ensure school safety. Students should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this Guide, as well as any additional rules for behavior and safety set by the Principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the Principal safety hazards, such as intruders on campus and threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other school employees who are overseeing the welfare of students.

Asbestos Management Plan

All school facilities have been inspected for asbestos by a licensed Asbestos Hazard Emergency Response Act (“AHERA”) inspector. An Asbestos Management Plan has been created for the school in accordance with federal regulations. Parents may view the Asbestos Management Plan at the campus office.

Bacterial Meningitis Information

State law requires MeyerPark to provide the following information:

What is bacterial meningitis?

Meningitis is an infection of the fluid surrounding the brain and spinal cord. It is usually caused by viruses, bacteria, parasites, and fungi. Viral meningitis is the most common and least serious. Most people completely recover from viral meningitis. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical treatment.

What are the symptoms of bacterial meningitis?

Someone with meningitis will become very ill but not everyone with meningitis will have the same symptoms. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Children (over one year old) and adults with meningitis may have a severe headache, high temperature, nausea, vomiting, sensitivity to bright lights, neck stiffness or joint pain, drowsiness, or confusion. In both children and adults, there may be a rash or tiny red-purple spots that can occur on any part of the body.

How is Bacterial Meningitis diagnosed?

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is Bacterial Meningitis?

Bacterial meningitis is a very serious disease. If it is diagnosed early and treated promptly, the majority of people make a complete recovery. Even with prompt treatment, some cases may result in permanent

disabilities such as loss of hearing, loss of vision, mental retardation, paralysis, or limb amputations. Bacterial meningitis can also be fatal.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs that cause meningitis live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, eating utensils or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks or even months. Being a carrier helps to stimulate your body's natural defense system. The bacteria rarely overcome the body's immune system and causes meningitis or another serious illness.

How can bacterial meningitis be prevented?

Bacterial meningitis can be prevented by limiting the number of people you kiss and by not sharing food, drinks, utensils, toothbrushes, or cigarettes.

Vaccines that help prevent meningitis are required for young children, if there is a meningitis outbreak in the community, and for people traveling to foreign countries where there is a high risk of getting the disease. A vaccine that can prevent meningitis in adolescents and young adults is state mandated for students in grades 7–12 and unvaccinated first year college students ages 19–21. Administer booster dose if most recent dose given was when student was younger than age 16. The vaccine is safe and effective (85%-90%). It can cause mild side effects such as redness and discomfort at the injection site lasting up to two days

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

Where can you get more information?

Your family doctor and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention: www.cdc.gov and the Texas Department of State Health Services: <https://www.dshs.tx.us/idcu/disease/meningitis/>.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of students with a communicable or contagious disease should notify the Principal or designee so that other students who might have been exposed to the disease can be alerted. School authorities will report those students who are suspected of having a reportable condition. A list of reportable conditions can be found on the Texas Department of State Health Services website at: <http://www.dshs.state.tx.us/idcu/investigation/conditions/>.

Any student excluded from school attendance for reason of communicable disease may be readmitted by one or more of the following methods, as determined by the local health authority:

- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease's non-infectiousness in a school setting;
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

Please contact the front office if you have questions or if you are concerned about whether a child should stay home.

Immunization Requirements

The State of Texas requires that every child in the state be immunized against vaccine preventable diseases caused by infectious agents in accordance with an established immunization schedule.

To determine the specific number of doses that are required for your student, please read “2017–2018 Texas Minimum State Vaccine Requirements for Students Grades K–12” document issued by the TDSHS. Specific immunization information is available on the TDSHS website at <http://www.dshs.texas.gov/immunize/school/>.

Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

Provisional Enrollment

A student can be enrolled provisionally for no more than 30 days if her or she transfers from one Texas school to another, and is awaiting the transfer or the immunization record.

A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate required vaccine. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. MeyerPark shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If at the end of the 30-day period, a student has not received a subsequent dose of vaccine, then the student is not in compliance and MeyerPark shall exclude the student from school attendance until the required dose is administered.

A student who is homeless, as defined by the McKinney Act (42 U.S.C. § 11302), shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. MeyerPark shall promptly refer the student to appropriate public health programs to obtain the required vaccinations.

Exclusions from Immunization Requirements

Exclusions from immunization requirements are allowable on an individual basis for medical reasons, reasons of conscience (including a religious belief), and active duty with the armed forces of the United States.

To claim exclusion for medical reasons, the student must present a statement signed by the student’s physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the student, in which it is stated that, in the physician’s opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student’s household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim an exclusion for reasons of conscience, including a religious belief, a signed Texas Department of State Health Services (“TDSHS”) affidavit must be presented by the student’s parent, stating that the student’s parent declines vaccinations for reasons of conscience, including because of the person’s religious beliefs. The affidavit will be valid for a period of two years. The form affidavit may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347, or online at

<https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be submitted to the Superintendent within 90 days from the date it is notarized. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student. Students, who have not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for armed forces, the student must prove that he or she is serving on active duty with the armed forces of the United States.

Immunization Records Reporting

The school's record of a student's immunization history, while private in most instances, may be inspected by the Texas Education Agency, local health departments, and TDSHS and transferred to other schools associated with the transfer of the student to those schools.

Emergency Medical Treatment

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, MeyerPark staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. **Therefore, parents are asked each year to complete an Emergency Information and Medical/Parent Authorization form that is kept on file by the school.** Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, parent phone numbers, etc.). Please contact the Campus Secretary to update any information.

Student Illness

When your child is ill, please contact MeyerPark to let us know he or she will not be attending that day. Students must be fever-free without the use of fever-reducing medication and must be free of vomiting/diarrhea without the use of diarrhea suppressing medication for at least 24 hours before returning to school.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the front office. If the front office staff determines that the child should go home, a school representative will contact the parent.

Administration of Medication

All medication should be administered outside of school hours, if possible. If necessary, medication can be administered at school by an employee designated by the Superintendent in compliance with physicians' orders under the following circumstances:

1. Nonprescription medication brought to school must be submitted to the school by a parent along with a written request that includes directions for dosage and when the medication should be administered. The medication must also be in the original and properly labeled container. Substances such as vitamins and herbal preparations will not be given at school, except if required by the students Individualized Education Program ("IEP") or Section 504 plan for a student with disabilities.
2. Prescription medications administered during school hours must be prescribed by a physician or advanced nurse practitioner ("ANP") and filled by a pharmacist licensed in the State of Texas. **In accordance with the Texas Board of Nursing's Nurse Practice Act, MeyerPark will not administer medications prescribed or fulfilled in Mexico.**
3. Prescription medications must be submitted in a labeled container showing the student's name, name of the medication, reason the medication is being given, proper dosage amounts, the time the

medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.

4. Only the amount of medication needed should be delivered to the school, i.e., enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
5. In certain emergency situations, the school may administer a nonprescription medication to a student, but only in accordance with the guidelines developed by MeyerPark and when the parent has previously provided written consent for emergency treatment.
6. Students are not allowed to share any medication with another student. (This includes prescription medication or over-the-counter products).

Changes to daily medications require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising MeyerPark that a medication has been discontinued.

Asthma and Anaphylaxis Medication

Asthma and anaphylaxis are life-threatening conditions, and students with those conditions are entitled to possess and self-administer prescription medication while on MeyerPark property or at school-related events.

Student possession and self-administration of asthma or anaphylaxis medication at school requires the student to demonstrate his or her ability to self-administer the medication to the student's physician or other licensed health care provider and a school administrator, if available. Requirements also include written authorization from the student's parent and physician or other licensed health care provider on file in the school office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication. Medication in a student's possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler device upon request.

Consequences for Violations of Medication Policy

Any attempt to violate these guidelines will result in disciplinary action consistent with the Student Code of Conduct.

Steroid Notice

MeyerPark does not permit steroid use. A notice shall be posted in a conspicuous location in the school gym or in each other place in a building where physical education classes are conducted.

Dyslexia and Related Disorders

From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules and standard approved by the state. The program approved by the state must include screening at the end of the school year of each student in kindergarten and each student in the first grade. Parents will be notified should MeyerPark determine a need to identify or assess their student for dyslexia and related disorders.

Fitness Testing

According to requirements under state law, MeyerPark will annually assess the physical fitness of students. MeyerPark is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

Spinal Screening

All children must be screened at various times set by law for abnormal spinal curvature before the end of the school year. The screening requirement for students may be met if the child has been screened for spinal deformities during the previous year.

A parent who declines participation in the spinal screening provided by MeyerPark must submit to the Superintendent or designee documentation of a professional examination which includes the results of a forward-bend test. This documentation must be submitted to MeyerPark during the year the student is scheduled for screening or, if the professional exam is obtained during the following summer, at the beginning of the following school year.

Exemption: A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student's parent, managing conservator, or guardian must submit to the Superintendent or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Vision and Hearing Screenings

All children enrolled in Texas schools must be screened for possible vision and hearing problems in accordance with regulations issued by the Texas Department of State Health Services. Students in certain grade levels identified by state regulations shall be screened for vision and hearing problems annually. A student may be screened using photo screening to detect vision disorders.

Screening records for individual students may be inspected by the TDSHS or a local health department, and may be transferred to another school without parental consent.

Exemption: A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor's parent, managing conservator, or guardian, must submit to the Superintendent or designee on or before the day of admission an affidavit stating the objections to screening.

Freedom from Discrimination, Harassment, and Retaliation

Statement of Nondiscrimination

MeyerPark prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender or sex, national origin, disability, age, or any other basis prohibited by law. MeyerPark also prohibits dating violence, as defined by this Handbook. Retaliation against anyone involved in the complaint process is a violation of school policy.

Discrimination

For purposes of this Handbook, discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, gender or sex, national origin, disability, age, or any other basis prohibited by law and that adversely affects the student.

Prohibited Harassment

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, gender or sex, national origin, disability, age, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples of prohibited harassment may include offensive or derogatory language directed at another person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment and Gender-Based Harassment

In compliance with the requirements of Title IX, MeyerPark does not discriminate on the basis of sex in its educational programs or activities. Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects the student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

MeyerPark also does not tolerate sexual harassment of a student by school employees. Romantic or inappropriate social relationships between students and school employees are prohibited. Any sexual relationship between a student and a school employee is always prohibited, even if consensual.

Sexual harassment of a student by a school employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A school employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is so severe, persistent, or pervasive that it:
 - Affects the student’s ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student’s educational opportunities; or
 - Creates an intimidating, threatening, hostile, or abusive educational environment.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to,

offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engaged in these behaviors.

For purposes of this Handbook, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects the student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
- Otherwise adversely affects the student's educational opportunities.

Retaliation

MeyerPark prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation. Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a school investigation regarding discrimination or harassment is subject to appropriate discipline.

Reporting Procedures

Any student who believes that he or she has experienced prohibited harassment or believes that another student has experienced prohibited harassment should immediately report the alleged acts to a teacher, counselor, the Principal or designee, or other school employee. Alternatively, a student may report prohibited harassment directly to the appropriate Compliance Coordinator designated on page 8 of this Handbook.

A student shall not be required to report prohibited harassment to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX Coordinator, the ADA/Section 504 Coordinator, and/or the Ag Discrimination Coordinator may be directed to the Board of Directors. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Investigation of Complaints

After receiving a complaint of prohibited discrimination or harassment, MeyerPark may, but need not, require the student to prepare a written report. Oral complaints will be reduced to written form. Upon receipt of a complaint, the appropriate Compliance Coordinator or other authorized school official shall promptly authorize and undertake an investigation. Following completion of the investigation, the Compliance Coordinator or other authorized school official will prepare a written decision regarding the complaint, including a determination of whether prohibited discrimination or harassment occurred.

When appropriate, MeyerPark may take interim action to avoid additional opportunities for discrimination or harassment. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and any others with knowledge of the circumstances surrounding the allegations. If the results of the investigation establish that prohibited discrimination or harassment occurred, MeyerPark shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the discrimination or harassment and prevent its recurrence. MeyerPark may take disciplinary action based on the results of an investigation, even if MeyerPark concludes that the conduct did not rise to the level of harassment prohibited by law or policy.

Confidentiality

To the greatest extent possible, MeyerPark shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the MeyerPark grievance procedure. A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

Freedom from Bullying and Cyber-bullying

MeyerPark prohibits bullying as defined by this section, as well as retaliation against anyone involved in the complaint process. Bullying means a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student; or
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or the school; or
- Infringes on the rights of the victim at school.

The MeyerPark Bullying Policy applies to:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
 - Interferes with a student's educational opportunities; or
 - Substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Reporting Procedures

Any student who believes that he or she has experienced any form of bullying or believes that another student has experienced bullying should immediately report the alleged acts to the Superintendent or

designee, a teacher, counselor, or other school employee. A report may be made orally or in writing, and may be submitted anonymously. Any school employee who receives notice that a student has or may have experienced bullying shall immediately notify the Superintendent or designee.

The Superintendent or designee shall provide notice of incident of alleged bullying to:

- A parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
- A parent or guardian of the alleged bully within a reasonable amount of time after the incident.

Counseling is available to any student who believes that he or she has experienced any form of bullying or believes that another student has experienced bullying. Available counseling options are available from the Principal.

Investigation of Report

The Superintendent or designee shall determine whether the allegations in the report, if proven, would constitute prohibited bullying or harassment, and if so proceed under that policy instead. The Superintendent or designee shall conduct an appropriate investigation based on the allegations in the report, and shall take prompt interim action calculated to prevent hazing and/or bullying during the course of an investigation, if appropriate.

The Superintendent or designee shall prepare a written report of the investigation, including a determination of whether hazing and/or bullying occurred. If the results of an investigation indicated that hazing and/or bullying occurred, the school shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the Student Code of Conduct. MeyerPark may take action based on the results of an investigation, even if the school concludes that the conduct did not rise to the level of hazing and/or bullying under this policy. Discipline for bullying of a student with disabilities shall comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 *et seq.*). MeyerPark may not impose discipline on a student who, after an investigation, is found to be a victim of bullying, on the basis of that student's use of reasonable self-defense in response to the bullying.

The Principal, or the Principal's designee, may make a report to the police department of the municipality in which the school is located or, if the school is not in a municipality, the sheriff of the county in which the school is located if, after an investigation is completed, the Principal has reasonable grounds to believe that a student engaged in conduct that constitutes an offense under Section 22.01 (Assault) or 42.07(a)(7) (Harassment), Texas Penal Code.

Confidentiality

To the greatest extent possible, MeyerPark shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the MeyerPark grievance procedure.

Law Enforcement Agencies

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the Superintendent will cooperate fully regarding the conditions of the interview if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The Superintendent or designee shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school.
2. The Superintendent or designee ordinarily will make reasonable efforts to notify the student's parent, unless the interviewer raises what the Principal or designee considers to be a valid objection.
3. The Superintendent or designee ordinarily will be present during the questioning or interview, unless the interviewer raises what the Superintendent or designee considers to be a valid objection.

When the investigation involves allegations of child abuse, special rules apply.

Students Taken into Custody

State law requires MeyerPark to permit a student to be taken into legal custody:

1. Pursuant to an order of the juvenile court;
2. Pursuant to the laws of arrest;
3. By a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court;
4. By a probation officer if there is a probable cause to believe the student has violated a condition of probation imposed by the juvenile court;
5. Pursuant to a properly issued directive to apprehend; or
6. By an authorized representative of the Texas Department of Family and Protective Services ("TDFPS"), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in Section 262.104 of the Texas Family Code relating to the student's physical health or safety.

Before a student is released to a law enforcement officer or other legally authorized person, the Principal or designee will verify the officer's identity and, to the best of his or her ability, verify the official's authority to take custody of the student.

The Principal or designee will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the Principal or designee considers to be a valid objection to notifying the parents. Because the Principal or designee does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Child Abuse Reporting and Programs

MeyerPark provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. MeyerPark also provides training to its teachers and students in preventing and addressing incidents of sexual abuse and other maltreatment of children, including knowledge of likely warning signs indicating that a child may be a victim of sexual abuse or maltreatment. Assistance, interventions and counseling options are also available.

MeyerPark administration shall cooperate with law enforcement investigations of child abuse, including investigations by the Texas Department of Protective and Family Services. School officials may not refuse

to permit an investigator to interview a student who is alleged to be a victim of abuse or neglect at school. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student's parent, if necessary.

Plan for Addressing Sexual Abuse and Other Maltreatment of Children

What is Sexual Abuse of a Child?

The Texas Family Code defines "sexual abuse" as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as, in certain circumstances, failure to make a reasonable effort to prevent sexual conduct harmful to a child.

What is Other Maltreatment of a Child?

Under State law, "other maltreatment" of a child includes "abuse" or "neglect," as defined by Texas Family Code sections 261.001 and 261.401.

Reporting Obligation

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the Texas Department of Family and Protective Services ("DFPS"). Reports may be made by contacting one of the following:

- Texas Abuse Hotline: 1-800-252-5400 or, in non-emergency situations only, <http://www.txabusehotline.org>;
- Your local police department; or
- Call 911 for emergency situations.

MeyerPark has established a plan for addressing child sexual abuse and other maltreatment of children (the "Plan"). The Plan is addressed in this section of the Handbook.

Methods for Increasing Awareness Regarding Sexual Abuse or Other Maltreatment of Children

For Staff: MeyerPark annually trains staff in all content areas addressed in the Plan. Training is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse and other maltreatment of children and anti-victimization programs with age appropriate conversation and materials no less than once per school year. These discussions will occur in classroom group settings.

For Parents: Parents must be aware of warning signs indicating that their child may have been or is being sexually abused or otherwise maltreated. A child who has experienced sexual abuse or other maltreatment should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that evidence of sexual abuse or other maltreatment may be more indirect than disclosures or signs of physical abuse. It is important to remain calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing in coming to you.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. And, if you are frightened for your own safety or that of your child, you should call 911 or 1-800-252-5400.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

The Principal or designee will provide information regarding counseling options available in your area for you and your child if your child is a victim of sexual abuse or other maltreatment. The DFPS also provides early abuse intervention through counseling programs. Services available in your county can be accessed at the following web address:

Likely Warning Signs of Sexual Abuse or Other Maltreatment

Psychological and behavioral signs of possible sexual abuse or other maltreatment may include:

- Nightmares, sleep problems, extreme fears without an obvious explanation.
- Sudden or unexplained personality changes; becoming withdrawn, angry, moody, clingy, “checking out” or showing significant changes in eating habits.
- Depression or irritability.
- An older child behaving like a young child, for example, bedwetting or thumb sucking.
- Developing fear of certain places or resisting being alone with an adult or young person for unknown reasons.
- Resistance to routine bathing, toileting, or removing clothes, even in appropriate situations.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Refusal to talk about a secret he or she has with an adult or older child.
- Leaving clues that seem likely to provoke a discussion about sexual issues.
- Using new or adult words for body parts.

- Engaging in adult-like sexual activities with toys, objects or other children.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Intentionally harming him or herself, for example, drug/alcohol use, cutting, burring, running away, and sexual promiscuity.
- Thinking of self or body as repulsive, dirty, or bad.
- Becoming increasingly secretive about Internet or telephone use.

Physical symptoms of possible sexual abuse or other maltreatment include:

- Stomachaches or illness, often with no identifiable reason.
- Difficulty in walking or sitting.
- Stained or bloody underwear.
- Genital or rectal pain, itching, swelling, redness, or discharge.
- Bruises or other injuries in the genital or rectal area.
- Unexplained soreness, pain or bruises around mouth, sexually transmitted disease, or pregnancy.

Any one sign does not necessarily mean that a child has been sexually abused or maltreated, but the presence of several signs is the time you should begin asking questions and seeking help. Often signs first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

Actions That a Child Who Is a Victim of Sexual Abuse or Other Maltreatment Should Take

During student awareness sessions concerning sexual abuse and other maltreatment issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse or other maltreatment or have been in situations that make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

Interrogations and Searches

In the interest of promoting student safety and attempting to ensure that MeyerPark is safe and drug free, school officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials. School officials may search a student's outer clothing, pockets, or property by establishing reasonable cause or securing the student's voluntary consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonably related to the circumstances justifying the search, such as the extent of the search, the objectives of the search, the age and sex of the student, and the nature of the infraction.

Desk and Locker Searches

Students should have no expectation of privacy in the contents of their lockers, desks or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of MeyerPark. MeyerPark will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous.

Students have full responsibility for the security of their lockers and desks, and shall be held responsible for any prohibited items found therein. A student's parent shall be notified if any prohibited articles or materials are found in a student's locker or desk, or on the student's person.

Random Drug Searches

In order to ensure a drug-free learning environment, MeyerPark conducts random drug searches of all school facilities. MeyerPark may use or contract for specially trained nonaggressive dogs to sniff out and alert school officials to the current presence of concealed prohibited or illegal items, including drugs and alcohol. Canine visits may be unannounced. The dogs shall be used to search vacant classrooms, vacant common areas, the areas around student lockers, and the areas where vehicles are parked on MeyerPark property or at school-related events. The dogs shall not be asked to alert on students. A dog alert to a locker, vehicle, or item in a classroom, constitutes reasonable grounds for a search by school officials.

Procedures for Use of Restraint and Time-Outs

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.

At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet or other specially designated locked space as either a discipline management practice or a behavior management technique.

Visitor and Volunteer Policy

Visitors for educational purposes are welcome at MeyerPark. MeyerPark encourages parents and family members to regularly visit the school and become involved in student activities. The impact that positive parental involvement has on the learning and development of students is immeasurable. With that in mind, the following policies must be adhered to so that a safe, secure, and productive learning environment can be ensured for all.

- For the safety of those within the school and to avoid disruption of instructional time, all visitors – including parents – must first report to the Front Office, present a valid photo ID, sign-in, and obtain a visitor’s badge.
- Volunteers **MUST** go through a background check conducted by our district office. Once the check is cleared, volunteers are notified and may begin helping on campus. Until this clearance is obtained, they are not to be involved in any educational or extra-curricular activities.

Additionally, the Principal or designee may take the following actions whenever there is a school visitor:

- Require the visitor to display his or her driver’s license or another form of identification issued by a governmental entity containing the person’s photograph.
- Establish an electronic database for the purpose of storing information concerning visitors. Information stored in the electronic database may be used only for the purpose of school security, and may not be sold or otherwise disseminated to a third party for any purpose.
- Verify whether the visitor is a sex offender registered with the computerized central database maintained by the Department of Public Safety or any other database accessible by MeyerPark.

Any visitor identified as a sex offender shall not be permitted to enter the school.

Visits to individual classrooms during instructional time are permitted only with approval of the Principal and teacher and so long as the duration or frequency of the visits do not interfere with the delivery of instruction or disrupt the normal school environment. Visits are generally limited to 20 minutes in length, per day.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Disruptions

In order to protect student safety and sustain an educational program free from disruption, state law permits MeyerPark to take action against any person – student or nonstudent – who:

- Disrupts classes while on school property or on public property that is within 500 feet of school property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; entering a classroom without authorization; and disrupting the activity with profane language or any misconduct.
- Interferes with an authorized activity by seizing control of all or part of a building.
- Interferes with the movement of people at an exit or an entrance to school property.
- Interferes with the movement of people in an exit, an entrance, or a hallway of a school building without authorization from an administrator.
- Interferes with the transportation of students in school vehicles.
- Uses force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Uses force, violence, or threats in an attempt to prevent people from entering or leaving school property without authorization from an administrator.

- Uses force, violence, or threats to cause disruption during an assembly.

School Safety

Providing a safe learning environment is the MeyerPark's top priority. In order to achieve this goal, we have developed safety and crisis response procedures. Throughout the school year, the school will conduct practice drills for these procedures to ensure that all persons are familiar with their roles and responsibilities. Additionally, we have identified secondary sites and reunification (student pickup) procedures in case it becomes necessary to evacuate school premises. MeyerPark will use parent letters, automated phone calls/text messages, the school website (www.meyerparkcharter.org) and local television and radio stations to communicate safety information to parents.

Ozone Response Plan

Ground-level ozone is the most common air quality problem in Harris County. During daytime hours when temperatures are high, sunshine is strong, and winds are weak, ozone can accumulate to unhealthy levels, especially for people with respiratory conditions who are participating in strenuous outdoor activities. MeyerPark follows recommendations from the Harris County Office of Emergency Management and Texas Natural Resource Conservation Commission to issue ozone warnings to students. When the school receives an ozone alert from Harris County, the following procedures will be utilized:

Orange Alert – Students in the sensitive group (students with respiratory or heart conditions, etc.) will stop all outdoor activity. All other students will continue to participate in regular activities.

Red Alert – Students in the sensitive group will stop all outdoor activity. All other students will limit outdoor activity to one hour or less.

Purple Alert – All students will curtail outdoor activity.

Emergency Closings

Generally, MeyerPark dismisses classes for weather-related events on the same days as surrounding local independent school districts. Automated calls and/or text messages will be made to student home phone numbers prior to the school start time if conditions warrant the closing of school. Local television and radio stations will also be notified, and information will be posted on the school's website (www.meyerparkcharter.org). Parents are encouraged to monitor the following television or radio stations for information on school closings:

Television Stations: KTRV, KPRC, KTRK, KHOU, KRIV

Radio Stations: FM 97.9 (KBXX), FM 99.1 (KODA), FM 102.1 (KMJQ), AM 740 (KTRH),).

Pest Control Information

MeyerPark periodically applies pesticides inside school buildings and on school grounds. Except in an emergency, signs will be posted 24 hours before application. Students may not reenter a treated area inside a building or use an area on school grounds for at least 12 hours following application. Parents who want to be notified prior to pesticide application may contact the Superintendent or designee.

Use of Security Cameras

MeyerPark utilizes security cameras, video, and audio recording devices on and off campus. Cameras and recording devices are located in cafeterias, hallways, designated areas, entryways, school buses, and parking areas. Video recordings will be used, as needed, to help maintain a safe and orderly environment. MeyerPark may view recordings to aid in the investigation of student misconduct and potential violations of the Student Code of Conduct.

Elementary Student Safety Pledge

- I want my school to be a place where all students feel safe and treat each other with respect.
- I will not bully, tease or hurt anyone. If I hear bullying or teasing, I will tell the person to stop and report it to an adult.
- I will tell an adult right away if I hear anyone threaten another person,
- I will immediately tell an adult if a student brings something to school that could hurt someone.

Middle School Student Safety Pledge

- I recognize that every student has the right to a safe environment where everyone is treated with respect.
- I understand that I have an essential role in school safety and violence prevention.
- I will immediately report any threats of violence, suicide, presence of weapons, explosives, or drugs to school administrators.
- I will do all I can to stop the harassment of others.
- I will promote the acceptance of individual differences, recognizing that diversity contributes to the strength of my school.

SECTION 3: ACADEMICS AND GRADING

Academic Programs

The Principal will provide students and parents with information regarding academic programs to prepare for higher education and career choices.

A student removed from the regular classroom to in-school suspension or another setting will have an opportunity to complete his or her daily work just as if they were in the regular learning center.

Students and parents are encouraged to discuss options for ensuring that students complete all work required with a teacher or the Principal.

Required Curriculum

MeyerPark offers instruction in the Texas Essential Knowledge and Skills (“TEKS”) in grades kindergarten through six in the following required curriculum areas:

- A foundation curriculum that includes:
 - English language arts;
 - Mathematics;
 - Science; and
 - Social studies, consisting of Texas, United States and world history, government, geography, and economics, with emphasis on the free enterprise system and its benefits; and
- An enrichment curriculum that includes:
 - To the extent possible, languages other than English;
 - Health, with emphasis on the importance of proper nutrition and exercise;
 - Physical education;
 - Fine arts;
 - Technology applications;
 - Personal financial literacy.

MeyerPark will follow all other curriculum requirements under the school’s charter and applicable law.

Academic Integrity

All students are expected to be honest and to display a high standard of integrity in the preparation and presentation of work for credit in classes. A student's attempt to present the work of another as his or her own will be viewed as a serious offense, and the student may be subject to a grading penalty and/or discipline in accordance with the Student Code of Conduct.

Teachers will not impose academic penalties for student misconduct other than cheating or copying another student's work. Cheating is defined as giving or receiving information or help on a test, possession of any unauthorized material during a test, copying another student's assignment or knowingly allowing another unauthorized student to copy from his or her assignment, submitting duplicate work, or having someone else complete an assignment on behalf of the student, including products from the Internet. Plagiarism is defined as the use of another's ideas or products as one's own, and is also considered cheating. The academic for cheating will be determined by the classroom teacher or Principal. The student may also be subject to disciplinary action under the Student Code of Conduct.

Computer Resources

To prepare students for an increasingly computerized society, MeyerPark has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents must read and agree to abide by the Student Acceptable Use Policy found in this Handbook.

Distance Learning

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies, such as mail, satellite, Internet, video-conferencing, and instructional television.

The Texas Virtual School Network ("TxVSN") has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation. If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the Superintendent. Unless an exception is made by the Superintendent, a student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TxVSN in order to earn credit in a course or subject, the student must receive permission from the Superintendent prior to enrolling in the course or subject. If the student does not receive prior approval, MeyerPark may not recognize and/or apply the course or subject toward graduation requirements or subject mastery.

Extracurricular Activities, Clubs, and Organizations

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation, however, is a privilege and not a right. Eligibility for participation in many school-related activities is governed by state law and rules of the University Interscholastic League ("UIL"), a statewide association overseeing interscholastic competition between public schools. Additional information regarding extracurricular activities, clubs, and organizations may be obtained from the Principal.

Eligibility for participation in school-related activities is subject to the following standards:

- A student who receives at the end of a grading period a grade below 70% in any class (other than identified class eligible for exemption) or a student with disabilities who fails to meet the standards in his or her Individual Education Plan (“IEP”) may not participate in extracurricular activities for at least three school weeks. The student regain eligibility after the seven calendar day waiting period has ended following a grading period or the three school week evaluation period when the principal and teachers determine that the student has earned a passing grade (70% or above) in all classes, other than those that are exempted.
- A student with a conduct grade of lower than “Satisfactory” will not be allowed to play in any events.
- Ineligible students may practice or rehearse, but may not participate in a competition or other public performance.
- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of five absences for post-district competition, prior to state, and a maximum of two absences for state competition. All extracurricular activities and public performances are subject to these restrictions.
- A student who misses a class because of participation in an activity that has not been approved will receive an unexcused absence.

Participation in these activities may result in events that occur off-campus. When MeyerPark arranges transportation for these events, students are required to use the transportation provide by MeyerPark to and from the event. Exceptions may only be made with approval from the activity’s coach or sponsor.

Please note: Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation of organization rules is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization.

Homework

Homework is assigned each day Tuesday through Thursday. Homework is assigned on Friday at the discretion of the teacher. Homework is a component of a student’s six-week average.

Students are expected to allocate the following amount of time for homework each day:

Pre-Kindergarten and Kindergarten – 30 minutes

First & Second grade – 45 minutes

Third - Sixth Grade – 1 hour

Parents are encouraged to take the following steps to help their children gain the most from homework:

- Develop homework rules with your child. Decide when and where it will be done, and what will happen if it is not completed.
- Provide a quiet place for your child to do homework. Make sure there is sufficient light and that distractions are limited.
- Show an interest in your child’s homework and ask them about it each night.
- Give your child a short break from their work, if needed.
- Encourage your child to work independently, but provide assistance if needed.
- Offer positive words of encouragement, such as “I’m proud of you” or “I knew you could do this all by yourself!”

Tutorials

Tutorials are designed to help students achieve academic success. Students who do not perform satisfactorily on benchmark testing will be assigned tutorial sessions. The school will provide parents with an after-school tutorial schedule each semester. Generally, tutorials are held on Tuesday and Thursday from 3:30–5:30 p.m. and periodically on Saturdays from 8:30 a.m. – 12:00 p.m. No tutorials are held on Wednesday or Friday. Parents are required to provide transportation to and from tutorials. MeyerPark is unable to provide supervision for students left unattended after tutorials.

Standardized Testing

STAAR (State of Texas Assessments of Academic Readiness)

In addition to routine tests and other measures of achievement, students will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–6.
- Reading, annually in grades 3–6.
- Writing, including spelling and grammar, in grades 4.
- Science in fifth grade.

Successful performance on the reading and math assessments in fifth grade is required by law, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level, in order for the student to be promoted to the next grade level.

STAAR and STAAR Alternative, for students receiving special education services, will be available for eligible students, as determined by the student’s ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient students, as determined by the student’s Language Proficiency Assessment Committee. A Spanish version of STAAR is also available to students in grade 5 who need this accommodation.

Texas English Language Proficiency Assessment System (“TELPAS”)

The Texas English Language Proficiency Assessment System (“TELPAS”) is a system of statewide assessments administered to all Limited English Proficient (“LEP”) students in grades K–12. The TELPAS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

Local Assessments

Students in the following grade levels will also be assessed through routine testing and other measures of achievement:

Prekindergarten – Third: High Frequency Word Assessment and Benchmarks

Kindergarten – Third Grade: TPRI

Third – Sixth Grade: Benchmarks and Six Weeks Assessments

Sixth Grade: Midterms

Testing results will be reported to students and parents, and parents may review any assessment given to their child.

Promotion and Retention

A student may be promoted on the basis of satisfactory attendance and academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive at least a grade of 70% based on course-level or grade-level standards.

To be promoted at the end of pre-kindergarten, kindergarten, and first grade, a student must be working on-level and earn an end-of-year grade of at least “Satisfactory” in reading/language arts, mathematics, and the Final High Frequency Word Assessment.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the State of Texas Assessments of Academic Readiness (“STAAR”), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to sixth grade, students enrolled in fifth grade must perform satisfactorily on the Mathematics and Reading sections of the fifth grade assessment exam in English or Spanish.

If a student in fifth grade is enrolled in a course that earns high school credit and for which an end-of-course (“EOC”) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant fifth grade assessment. However, for federal accountability purposes, the student may be required to take both the grade level and EOC assessment.

Parents of students who do not perform satisfactorily on their exams will be notified that their child will participate in an Accelerated Instructional Program designed to improve performance. A student in fifth grade will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the Principal or designee, the student’s teacher, and the student’s parent will determine the additional special instruction the student will receive.

If a student fails after a third attempt, the student will be retained at his or her current grade level. The parent, however, may appeal this decision to the Committee. A decision to promote a student to the next grade level must be unanimous. Regardless of whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year.

In addition to the requirements listed above for students in fifth grade, a student may be considered for retention if he or she meets any of the following criteria:

1. failed one or more core subject areas;
2. failed one or more state assessments
3. is below level in one or more core subject areas;
4. missed more than 10% of instructional days in an academic year. The decision must be made by a committee, which is comprised of the child’s core subject area teachers, the counselor, and the Principal.

Students with Disabilities

Upon the recommendation of the Admission, Review, and Dismissal (“ARD”) Committee, a student with disabilities who is receiving special education services may be promoted under the provisions of his or her Individualized Education Program (“IEP”).

Report Cards

Report cards with student grades and performance are issued at least once every six weeks. Report cards also contain information on student absences in each class or subject taken.

At the end of the first three weeks of a grading period, the school will issue a written progress report of each student's performance in all courses. Progress report conferences with parents are held every third week within a six-weeks grading period.

Report cards and progress reports must be signed by the parent and returned to the school within five days.

Grading Guidelines

MeyerPark utilizes the following grade system to report academic success:

First – Sixth Grade

- 90–100 Excellent A
- 80–89 Good B
- 75–79 Fair C
- 70–74 Passing D
- Below 70 Failing F

Prekindergarten – Kindergarten

- E = Excellent
- S = Satisfactory
- U = Unsatisfactory

Conduct Grades

Conduct grades are recorded as:

- E = Excellent
- S = Satisfactory
- U = Unsatisfactory

Honor Roll and Merit Roll

MeyerPark has two designations for academic recognition: the Honor Roll and the Merit Roll. The eligibility criteria for each form of recognition are as follows:

- **Honor Roll**: No grade below 90 and a numerical average of 95 or above. All conduct grades of “S” or above. No more than one unexcused absence per grading period.
- **Merit Roll**: No grade below 80 and a numerical average of 88 or above. All conduct grades of “S” or above. No more than one unexcused absence per grading period.

Special Programs

Bilingual/ESL Services

MeyerPark offers Bilingual/English as a Second Language (“ESL”) services at all appropriate grade levels for English language learners who are limited to their English proficiency. The program is designed to assist students identified as having Limited English Proficiency with development in language – listening, speaking, reading, and writing. The goal of this program is to provide additional English language assistance to students, enabling them to become academically successful in all classes. Students are assessed with state-approved Oral Language Proficiency and Norm-Referenced Test to qualify for placement in the

program. If the test results indicate either limited oral or limited cognitive academic English ability, the student (with parent approval) is provided additional English language support.

Special Education Services

MeyerPark has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 5 to 21 years of age and who fall within the school's jurisdiction. If you know or suspect that your student has a disability, please contact Julia Wright, Superintendent, 13663 Main Street, Houston, TX 77035, and 713-729-9712 for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan ("IEP"), which is developed by the student's ARD Committee. The ARD Committee considers the student's disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

All special education services are provided in the least restrictive environment, which may be special education settings, general education settings, or a combination of both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are not disabled.

The *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*, can be obtained from Julia Wright, the Special Education Director, 13663 Main Street, Houston, TX 77035, and 713-729-9712 or at the Texas Education Agency Special Education Website:

http://tea.texas.gov/Academics/Special_Student_Populations/Special_Education/Special_Education/.

Providing Assistance to Students Who Have Learning Difficulties or Who Need Special Education Services

If a student is experiencing learning difficulties, the parent may contact the Principal to learn about MeyerPark's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention ("RtI"). The implementation of RtI has the potential to have a positive impact on MeyerPark's ability to meet the needs of all struggling students.

MeyerPark shall provide an annual notice to the parent of each child in general education to whom the school provides assistance for learning difficulties, including intervention strategies. The notice must be provided when the child begins to receive the assistance for that school year, in English or in the parent's native language, to the extent practicable, and must include:

- A reasonable description of the assistance that may be provided to the child;
- Information collected regarding any Tier 1 intervention if a multi-tiered system of supports was previously used with the student;
- An estimate of how long the assistance will be provided;
- The estimated time frame within which the school will provide the parent with a report on the child's progress with the assistance; and
- A statement that the parents have the right to request an evaluation of the student's need for special education services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794).

At any time, a parent is entitled to request an evaluation for special education services by presenting a written request to Julia Wright, Superintendent, 713-729-9712 or an administrative employee. MeyerPark must, within 15 school days of receiving the request, either (1) give the parent an opportunity to give written consent for the evaluation or (2) refuse to provide the evaluation and provide the parent with written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with MeyerPark. Additionally, the parent will receive a copy of the *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*.

If consent for evaluation is obtained, MeyerPark must generally complete the evaluation and report within 45 school days of the date MeyerPark receives the written consent. MeyerPark must give a copy of the evaluation report to the parent.

Section 504 Services

MeyerPark provides a free appropriate public education to each qualified student with a disability, regardless of the nature or severity of the student’s disability. A “student with a disability” is one who has a physical or mental impairment that substantially limits one or more of the student’s major life activities, has a record of having such impairment, or is regarded as having such impairment. A student with a disability is “qualified” if he or she is between the ages of 3 and 21, inclusive.

An appropriate education is the provision of regular or special education and related services that are (1) designed to meet the student’s individual educational needs as adequately as the needs of students who do not have disabilities are met; and (2) based on adherence to procedures that satisfy federal requirements for educational setting, evaluation and placement, and procedural safeguards.

Qualified students with disabilities will be placed in the regular educational environment, unless MeyerPark demonstrates that education in the regular environment with the use of supplemental aids and services cannot be achieved satisfactorily. Should an alternate educational environment be necessary, MeyerPark will comply with all legal requirements regarding least restrictive environment and comparable facilities for students with disabilities. In providing or arranging for nonacademic and extracurricular services and activities, MeyerPark will ensure that a qualified student with a disability participates with students who do not have disabilities to the maximum extent appropriate.

To be eligible for services and protections against discrimination on the basis of disability under Section 504 of the Rehabilitation Act, a student must be determined, as a result of an evaluation, to have a “physical or mental impairment” that substantially limits one or more major life activities. If a student has or is suspected of having a disability, or requires special services, parents or teachers should contact the Principal for information concerning available programs, assessments, and services.

SECTION 4: STUDENT CODE OF CONDUCT

Purpose of the Student Code of Conduct

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. To foster an orderly and distraction-free environment, MeyerPark has established this Student Code of Conduct (“the Code”) in accordance with state law and the MeyerPark open-enrollment charter. The Code has been adopted by the Board of Directors, and provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

In accordance with state law, the Code will be posted at each MeyerPark campus and/or will be available for review in the Principal's office. Parents will be notified of any violation that may result in a student being suspended or expelled from MeyerPark. Students must be familiar with the standards set forth in the Student Code of Conduct, as well as campus and classroom rules.

The Code does not define all types and aspects of student behavior, as MeyerPark may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code. **When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify the organization's expectations, student behavior and consequences.**

Social Events

School rules apply to school social events to which students bring guests. Guests are expected to observe the same rules as students attending the event, and the person inviting the guest will share responsibility for the conduct of the guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted. The school cannot assume responsibility for students who leave a school activity without permission.

Authority and Jurisdiction

MeyerPark has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school on MeyerPark transportation;
2. While the student is attending any school-related activity, regardless of time or location;
3. For any school-related misconduct, regardless of time or location;
4. For any expulsion offense committed while on MeyerPark property or while attending a school-sponsored or school-related activity of MeyerPark or another school in Texas;
5. For any expulsion offense committed away from MeyerPark property and not at a school-sponsored or school-related event, if the misconduct creates a substantial disruption to the educational environment;
6. While the student is in transit to or from school or to or from school-related activities or events;
7. When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location;
8. When the student commits a felony, including those provided by Texas Education Code §§ 37.006 or 37.0081, regardless of time or location; and
9. When criminal mischief is committed on or off MeyerPark property or at a school-related event.

Reporting Crimes

In addition to disciplinary consequences, misdemeanor and felony offenses committed on campus or while attending school-sponsored or school-related activities will be reported to an appropriate law enforcement agency.

Standards for Student Conduct

It is the goal of MeyerPark to foster a climate of mutual respect for the rights of others. Each student is expected to:

- Abide by the Student Safety Pledge.
- Adhere to the requirements of the Student Code of Conduct.

- Attend all classes, regularly and on time.
- Behave in a responsible manner, always exercising self-discipline.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.

- Respect the property of others, including MeyerPark property and facilities.
- Respect the rights and privileges of students, teachers, and other MeyerPark staff and volunteers.

Discipline Management Techniques

Disciplinary techniques are designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline will be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.

Techniques

The following discipline management techniques may be used—alone or in combination—for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Assignment of school duties such as cleaning or picking up litter.
- Behavioral contracts.
- Cooling-off time or “time-out.”
- Counseling by teachers, counselors, or administrative personnel.
- Rewards for positive behavior.
- Demerits.
- Detention.
- Expulsion from MeyerPark, as specified in the expulsion section of the Code.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- In-school suspension, as specified in the suspension section of the Code.
- Out-of-school suspension, as specified in the suspension section of the Code.

1. The need to further investigate an incident,
2. A recommendation to expel the student, or
3. An emergency constituting endangerment to health or safety.

Prerequisites to Suspension

Prior to suspending a student for up to five days, the Principal or designee must attempt to hold an informal conference with the student to:

The Principal or designee will notify a suspended student's parent(s) of the period of suspension, the grounds for the suspension, and the time and place for an opportunity to confer with the Principal.

The notice shall also state that failure to timely request such a hearing constitutes a waiver of further rights in the matter.

Appeal to the Board of Directors

The student or his or her parent(s) may appeal the extended suspension or expulsion decision to the Board of Directors by notifying the Principal in writing within five calendar days of the date of receipt of the Principal's decision. The Board will review the audio or transcribed record from the hearing before the Principal at a regular or specially called meeting in closed session. The Principal or designee may impose immediate suspension if he or she reasonably believes such action is necessary to protect persons or property from eminent harm. At the time of such an emergency removal, the student will be given verbal notice of the reason for the action and appropriate hearings will be scheduled within a reasonable time after the emergency removal.

It is important for parent communication that MeyerPark has a valid, working parent email address.

Your Involvement as a Parent

A child's education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:

1. Encouraging your student to put a high priority on education and working with your student on a daily basis to make the most of the educational opportunities the school provides. Be sure your child comes to school each day prepared, rested, in appropriate attire, and ready to learn.
2. Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered by MeyerPark. Discuss with the Principal any questions you may have about the options and opportunities available to your child.
3. Monitoring your student's academic progress and contacting teachers as needed.
4. Attending scheduled conferences and requesting additional conferences as needed. To schedule a conference or in-person conference with a teacher or Principal, please call the school office for an appointment. A teacher will usually return your call or meet with you at a mutually convenient time before or after school.
5. Becoming a school volunteer. For further information, contact the Principal. All volunteers must complete a Volunteer Application and criminal background check prior to volunteering.
6. Offering to serve as a parent representative on a planning committee to assist in the development of educational goals and plans to improve student achievement. For further information, contact the Principal's office.
7. Attending Board meetings to learn more about MeyerPark's operations.

Communication between Home and School

Communication between home and school is essential for students to make the most of the opportunities provided. School communication starts with informational documents, such as handbooks, newsletters, progress reports, report cards, and student work. This communication continues with messages and phone calls between parents and school staff, information on campus web pages, school open houses, and back-to-school nights. Communication might also include parent-teacher conferences. Parent communication with teachers is encouraged whenever staff members or parents have concerns about a student's academic or behavioral progress. To facilitate communication with parents, the school conducts progress report conferences during the third week of each six-week grading period.

Surveys and Activities

Students will not be required to participate without parental consent in any survey, analysis, or evaluation – funded in whole or in part by the U.S. Department of Education – that concerns:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's family;
3. Sexual behavior or attitudes;
4. Illegal, antisocial, self-incriminating or demeaning behavior;
5. Critical appraisals of individuals with whom the student has close family relationship;
6. Relationships privileged under law, such as relationships with lawyers, physicians and ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

Parents will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.

“Opting Out” of Surveys and Activities

Parents have the right to receive notice of and deny permission for their student's participation in:

1. Any survey concerning the private information listed above, regardless of funding;
2. School activities involving the collection, disclosure, or use of personal information gathered from their student for the purpose of marketing or selling that information;
3. A non-emergency, invasive physical examination, or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student (exceptions are hearing, vision, or scoliosis screenings, or any physical exam of screening permitted or required under state law.)

Notice of Teacher Qualifications

MeyerPark will provide parents with the qualifications of each teacher employed by the school. Parents may also request, and MeyerPark will provide in a timely manner, information regarding the professional qualifications of their student's classroom teachers. Information provided in response to a parent request will include, at a minimum:

1. Whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher has an emergency permit or other provisional status through which state qualification or licensing criteria have been waived;
3. Whether the teacher is teaching in the field of discipline of the certification of the teacher; and
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Accommodations for Children of Military Families

Children of military families will be provided flexibility regarding certain school requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participating in extracurricular activities; and
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by MeyerPark. The school will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Student or Parent Complaints and Concerns

MeyerPark values the opinions of its students and parents, and the public it serves. Parents and students have the right to express their views through appropriate informal and formal processes. The purpose of this grievance policy is to resolve conflicts in an efficient, expeditious, and just manner.

The Board of Directors encourages parents and the public to discuss their concerns and complaints through informal meetings with the Principal, teacher, or other campus administrator. Concerns and complaints should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Neither the Board of Directors nor any school employee shall unlawfully retaliate against a parent or student for voicing a concern or complaint.

The Superintendent may develop more detailed grievance procedures. The Superintendent shall ensure that the school's grievance procedures are provided to all parents and students. The formal grievance procedure shall provide for any grievance to ultimately be considered or heard by the Board of Directors in accordance with Commissioner of Education rules.

For purposes of this policy, "days" shall mean school days, and announcement of a decision in the student's or parent's presence shall constitute communication of the decision.

Informal Conferences

A parent or student may request an informal conference with the Principal, teacher, or other campus administrator within seven school days of the time the parent or student knew or should have known of the event(s) giving rise to the complaint. If the person is not satisfied with the results of the informal conference, he or she may submit a written grievance form to the Assistant Principal. Grievance forms may be obtained from the Principal's office.

Formal Grievance Process

The formal grievance process provides all persons with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, a person can bring concerns or complaints to the Board, as outlined below.

A grievance must specify the harm alleged by the parent and/or student, and the remedy sought. A parent or student should not submit separate or serial grievances regarding the same event or action. Multiple grievances may be consolidated at the school's discretion. All time limits shall be strictly complied with;

however, if an administrator determines that additional time is needed to complete a thorough investigation of the complaint and/or to issue a response, the administrator shall inform the parent or student in writing of the need to extend the response time and provide a specific date by which the response will be issued. Costs of any grievance shall be paid by the grievant.

Level One Complaint –Assistant Principal Review

A parent or student shall submit a written Level One Grievance Form to the Assistant Principal or designee within the later of (1) ten school days from the time the event(s) causing the complaint were or should have been known, or (2) within ten school days following an informal conference with the Assistant Principal. The school reserves the right to require the grievant to begin the grievance process at Level Two.

The Assistant Principal or designee must meet with the complaining parent or student. Following this conference, the Assistant Principal shall issue a written Level One Decision. The Level One Decision must be issued within ten school days of the Assistant Principal's receipt of the complaint.

Note: A complaint against the Superintendent shall begin at Level Three.

Level Two Complaint –Principal/Superintendent Review

If the parent or student is not satisfied with the Level One Decision, or if no Decision is provided, the parent or student may file a written appeal to the Principal. The appeal must include a signed statement of the complaint, any evidence supporting the complaint, and a copy of the written complaint to the Assistant Principal and a copy of the Level One Decision, if issued. The appeal shall not include any new issues or complaints unrelated to the original complaint. The appeal must be filed within ten school days of the Level One Decision or the response deadline if no Decision is made.

The Principal or designee will meet with the complaining parent or student. Following this conference, the Principal or designee shall issue a Level Two Decision. The Level Two Decision must be issued within ten school days of the written appeal.

Level Three – Board of Directors Review

If the student or parent is not satisfied with the Level Two Decision, or if no decision is provided, the parent or student may submit to the Superintendent or designee a written appeal to the Board of Directors. The request must be filed within fifteen school days of the Level Two Decision or the response deadline if no Decision is made. The student or parent shall be informed of the date, time, and place of the hearing.

The Board of Directors shall hear the student or parent complaint, and may set a reasonable time limit for presenting the complaint. Only written documentation and issues previously submitted and presented by the student or parent and MeyerPark will be considered. An audiotape recording of the hearing may be made.

The Board of Directors shall communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board meeting. If no decision is made by the end of the next regularly scheduled Board meeting, the decision being appealed shall be upheld. The Board may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

If the complaint involves concerns or charges regarding a student or MeyerPark employee, it shall be heard by the Board in closed meeting unless the student or employee to whom the complaint pertains requests that it be heard in public.

Additional Complaint Procedures

This Parent and Student Complaints and Grievances process does not apply to all complaints:

1. Complaints alleging discrimination or harassment based on race, color, gender, national origin, disability, religion, or any other characteristic protected by law shall be submitted as described in “Freedom from Discrimination, Harassment, and Retaliation,” page 30 of this Handbook.
2. Complaints concerning retaliation related to discrimination and harassment shall be submitted as described in “Reporting Procedures,” page 32 of this handbook.
3. Complaints concerning bullying or retaliation related to bullying shall be submitted as described in “Freedom from Bullying and Cyber-Bullying,” page 33 of this Handbook.
4. For complaints concerning loss of credit on the basis of attendance.

6. Complaints concerning the identification, evaluation, or educational placement of a student with a disability within the scope of Section 504 shall be submitted as described in “Student or Parent Complaints and Concerns” above, except that the deadline for filing an initial Level One grievance shall be 30 calendar days and the procedural safeguards handbook.
7. Complaints concerning the identification, evaluation, educational placement, or discipline of a student with a disability within the scope of the Individuals with Disabilities Education Act shall be submitted in accordance with applicable Board policy and the procedural safeguards provided to parents of all students referred to special education.
8. Complaints regarding the Free and Reduced Price Meal Program. In accordance with federal law and U.S. Department of Agriculture policy, the school is prohibited from discriminating on the basis of race, color, religious creed, sex, political beliefs, age, disability, national origin, or limited English proficiency. (Not all bases apply to all programs.) Reprisal is prohibited based on prior civil rights activity. SECTION 6: IMPORTANT NOTICES

Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)

The Family Education Rights and Privacy Act (“FERPA”) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s educational records. These rights include the following:

The Right to Inspect and Review

Parents and/or eligible students have the right to inspect and review the student’s educational records within 45 days of the day the school receives an access. Parents or eligible students should submit to the Principal or designee a written request that identifies the record(s) they wish to inspect. MeyerPark will make arrangements for access and notify the parent or eligible student for the time and place where the records may be inspected.

If circumstances effectively prevent they parent or eligible student from exercising the right to inspect and review the student’s educational records, MeyerPark shall provide the parent or eligible student with a copy of the records requested to make arrangements for the parent or eligible student to inspect and review the requested records.

If the student’s educational records contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.

The Right to Seek Amendment of the Student’s Educational Records

Parents or eligible students may ask MeyerPark to amend a record that they believe is inaccurate, misleading, or in violation of the student’s privacy rights. Parents or eligible students should submit to the Principal or designee a written request that clearly identifies the part of the record they want changed, and specifies why it is inaccurate, misleading, or in violation of the student’s privacy rights. MeyerPark will decide whether to amend the record as requested within a reasonable time after receiving the request. If MeyerPark decides not to amend the record as requested by the parent of eligible student, the school will notify the parent of eligible student of the decision and advise them to their right to a hearing to challenge the content of the student’s education records on the grounds that the information contained in the educational records is inaccurate, misleading, or in violation of the student’s privacy rights.

If, as a result of the hearing, MeyerPark decides that the information in the educational record is not inaccurate, misleading, or in violation of the student’s privacy rights, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of MeyerPark. If the school places an amended statement in the student’s educational records, MeyerPark is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

The Right to Consent Prior to Disclosure

Parents and/or eligible students have the right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interest. A “school official” is a person employed by MeyerPark as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Directors; a person or company with whom MeyerPark has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, MeyerPark discloses educational records without consent to officials of another school in which a student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment or transfer.

The Right to File a Complaint

Parents and/or eligible students have the right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education (“Office”) concerning alleged failures by MeyerPark to comply with the requirements of FERPA. These complaints should be addressed as follow:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW.
Washington, D.C. 20202

Access to Medical Records

Parents are entitled to access their student’s medical records.

However, MeyerPark may disclose appropriately designated “directory information” without written consent, unless a parent or eligible student has advised MeyerPark, in writing, to the contrary. The primary purpose of directory information is to allow the school to include this type of information from a student’s education records in certain school publications.

Use of those resources is restricted to students working under a teacher's supervision and for approved proposed only. Students with access to MeyerPark computers and their parents agree to follow the following user agreement regarding use of these resources. Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. Electronic communications, such as e-mail using MeyerPark computers, are not private and may be monitored by school staff.

Technology Mission Statement

MeyerPark is committed to utilizing the maximum potential of technology to enhance student learning and increase teacher effectiveness by providing students with technology-related experiences. Recognizing the ever-changing influences of technology on all aspects of our lives, MeyerPark is dedicated to providing an integrated technological curriculum for all students and staff. In the attainment of both present and future goals, MeyerPark will provide a continually evolving staff development program oriented toward the integration of technology in areas of curriculum.

Instructional Resource

MeyerPark is proud to bring network and Internet access to school staff and students. MeyerPark believes the Internet offers many diverse and unique resources to both student and staff. MeyerPark's goal in providing these services to staff and students is to promote educational excellence by facilitating resource sharing innovative teaching, and communication skills.

Students and staff have access to numerous research oriented and instructional resources via the Internet. Online encyclopedias, professional journals, and databases filled with timely information on thousands of topic are just a few of the resources provided. School computers have the technology necessary to support student research and to promote academic achievement.

Student Safety

MeyerPark is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the school's Internet access is filtered with one of the highest rated Internet filtering systems available. However, users must recognize that it is impossible for MeyerPark to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

Purpose

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators, and school staff who obtain their Internet access through the school are expected to use these services appropriately.

User Responsibilities

The use of the Internet is a privilege. Abusive conduct will lead to the privilege being revoked. MeyerPark is providing Internet resources for educational purposes only. Student/staff use of Internet resources must be related to an expressed educational and/or administrative goal or objective.

1. The use of the school's Internet and computer network must be in support of educational goals, research, and class assignments and be consistent with the educational objectives of MeyerPark.

2. Users must have a valid, authorized account to access the network, and use only those computer resources that are authorized. Accounts may be used only in accordance with authorized purposes.
3. Individual accounts may be used only by the owner of the account, except where specifically authorized by administrators. In the case of class accounts, all use must be under the supervision of the sponsoring teacher/supervisor.
4. The user is responsible for safeguarding the computer account. Users are expected to protect access to accounts by periodically changing the password and keeping it confidential. They must respect the privacy of others by not tampering with their files, passwords, or accounts.

Policy Terms and Conditions

Users are to properly use MeyerPark network resources for educational and/or administrative purposes. Respectful and responsible network etiquette and behavior should be in keeping with the school's mission statement. Students and staff are expressly prohibited from accessing obscene, profane, vulgar, or pornographic sites or materials.

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring or sharing obscene, sexually oriented, lewd or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, students involved in "sexting" or the sharing of inappropriate images or other content may also be disciplined for violating the school's anti-harassment and bullying policies.

Monitored Use

Electronic mail transmissions and other use of the electronic communications system by students and employees shall not be considered confidential and may be monitored at any time by designated MeyerPark staff to ensure appropriate use for educational or administrative purposes. Forgery or attempted forgery of electronic mail messages is prohibited. Only the school's authorized IT Manager may read, delete, copy or modify the electronic mail of other system users.

Vandalism

Vandalism is defined as any malicious attempt to harm, disrupt or destroy data of another user of MeyerPark's network or any other agencies or networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of school policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Users must respect the privacy of other users, and will not intentionally seek information on, obtain copies of, or modify any file, data, or password belonging to another user, or represent themselves as another user unless explicitly authorized. Deliberate attempts to degrade or disrupt system performance and/or degrade, disrupt or bypass system security are violations of school policy and administrative regulations, and may constitute criminal activity under applicable laws.

Any prohibited behavior under this policy will result in the cancellation of technology privileges. MeyerPark will, in accordance with school policy, cooperate with local, state, or federal officials in any investigation concerning or relating to misuse of the school's network.

Each network user is expected to:

- Be polite (i.e., an all-caps message implies shouting);
- Use appropriate language;
- Refrain from any activity that may be considered “cyber bullying,” including but not limited to threats of violence, extortion, obscene or harassing messages, harassment, stalking, child pornography, and sexual exploitation;
- Maintain confidentiality of the user, colleagues, and students;
- Respect copyright laws; and
- Be respectful in all aspects of network use.

Consequences

Violation of MeyerPark policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of school policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

- Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
- Any disciplinary consequence, including suspension or expulsion, as deemed appropriate by the administration.
- Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
- Expulsion may be considered in instances where students have used the school’s Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student’s work files.

Electronic Communication Device Commitment Form

Electronic communications at school and at school-related functions are subject to regulation by MeyerPark.

This Electronic Communication Device Commitment Form grants authority and permission to MeyerPark to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law and school policies, and to perpetrate conduct disruptive of an educational environment essential to the school's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices, which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature below, agrees to the following:

- All devices will be labeled with the student's first and last name.
- The possession and use of cellular phones, pagers, iPads, iPods, tablets, watch phones and other electronic communication devices by a student on school property or at school-related events is subject to regulation by MeyerPark.
- If a student possesses such devices on school property or while attending school-related events, MeyerPark is authorized and has my full consent to confiscate, power on or off, manipulate and do all things necessary to search my device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.
- I further understand, agree and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and that MeyerPark is not liable for any loss of or damage to confiscated devices.
- All devices must be given to the front office staff before school and picked up from the front office after school. Bus Riders will give their devices to the bus driver upon entering the bus. The driver will deliver the devices to the front office staff. The driver will distribute the phones to all bus riders upon their exit.
