## Principal's News

Greeting Teachers, Staff, Parents and Students,

I am writing you this newsletter as a way to correspond with you and keep you informed as things progress here at Wenden School. I hope all of you have been out of the heat and staying healthy.

I'm certain everyone has received some type of correspondence regarding the start date for distance learning. If not then please save the date of August 17, 2020.

I was hopeful that we would be able to start the new school year face to face as we always have. Due to the number of cases with COVID-19, our Governing Board has been meeting and evaluating the percentage of cases here in our community. Our Governing Board will start holding meetings every two weeks

to the public and we are always more than happy to hear from parents as we are in this pandemic together.

Once school begins, we will be taking attendance daily am and pm, so please make sure your child follows the schedule for his or her teacher/s.

Our district will be able to assist families without WIFI, however since it is school property, it must be returned when school opens campus.

To go lunches will also be available for pick up from 11:30 - 12:30 Mon-Thursday at the back of the gym where the double doors are located.

to discuss changes that that will help determine whether it is safe to open our campus. The board meetings are open

On a happy note, the interior of the gym is almost completed. Gone is the yellow cork floor and the beige colored walls from many years ago. In the fall, the lighting system will be replaced as well as all the old ceiling tiles. Aside from that , it looks amazing.

Also all the old windows in the brick buildings have been changed out and replaced with polarized glass.

Student lockers have been repainted and look sharp considering they have been around for a long time.

If you have any questions, please feel free to call and we can be reached at 928 859-3806.

We look forward to hearing from you sooner rather than later.

Sincerely,

Gloria Dean
