August 13, 2020

Wenden Elementary School Parents:

As we continue to monitor and assess COVID-19 and how it affects the schools here in La Paz County. We will be starting school via On-Line Distance Learning and through this difficult time and will provide instructional services to our students.

Beginning on August 17, 2020, we will begin offering on-site support services for pre-registered high-need students. Prior authorization/notification will be required.

- Please be advised that free on-site support services **are not** teacher-led classroom instruction, however, free on-site support services will include student supervision for students in need during standard school hours. This service will be supervised by classified employees, including paraprofessional support for students to engage in their on-line learning classes.
- If you believe your child needs a place to go during the day, please contact Mrs. Dean, Superintendent, to discuss whether your child qualifies for this service.
- The Arizona Department of Education currently describes this service as a “safe learning space for students who are at-risk, in special education programs or who are the students of essential workers.”
- Please be advised that free on-site support services may be suspended or terminated if the District or the Arizona Department of Health Services advises closing the premises for public health reasons.

As always, any teacher or Instructional Aide is available by phone, 928-859-3806, during regular working hours, Monday-Thursday, 8:00am-3:30pm for questions or assistance with assignments or projects.

Sincerely,

Gloria Dean
Superintendent
Wenden Elementary School District #19
