September 3, 2020

Dear Parents /Guardians,

Over the last few weeks with program implementation, increasing input and a lot of trial and error, we have found that many students are adjusting well to the Distance learning online format. However, we still have many students who need additional support. Currently our A.M. session is full for students to have a facilitated learning spot that is in compliance with the Governor's orders. We have rearranged our distance learning schedule and have decided that our online instruction time will be complete at 11:30 for most teachers.

At 1:00 students can follow their extended learning schedule which may be district online programs, project based learning or one on one support. In addition, we would like to have our staff available for onsite support after 1:00. If you feel that your child is in need of additional support, please contact the office.

Thank you

Ms. Dean

Ms. Rohrig
