

2nd Quarter Learning at GGPA

September 30, 2020

Hello GGPA Parents,

Thank you for your commitment to the health and safety of us all. Our decisions at GGPA are rooted in the well-being of our students, staff, and learning community. GGPA administration continues to monitor available pandemic data in our county and our immediate area from which our students live, as well as parent survey responses to make informed decisions about reopening for in-person learning.

Our goal at GGPA is to provide a rigorous academic and social emotional learning education, regardless of the instructional delivery method. Based on the current pandemic data in our area, students will remain in virtual learning settings with limited space in hybrid learning labs for the second quarter. As we prepare for a safe, staggered return to in-person learning, GGPA will continue to survey our families' needs, implement best practices, and closely watch spread rates in our area. Adjustments will be made to our learning options when appropriate and favorable conditions have been obtained.

Our open Hybrid Learning Lab spots filled up quickly from the results of the Family 2nd quarter survey. Those approved for Hybrid Learning Labs will be notified via phone, email or letter. If you were not selected at this time and wish to enroll in Hybrid Learning Labs, please contact the front office to have your name added to the waiting list, and we will notify you when a spot becomes available.

In these unprecedented times, our first priority must be protecting the health and wellness of all our students and staff while keeping our community informed in a timely manner. Please continue to regularly review our website, Facebook, and ClassDojo for important updates. The information contained in this letter may be subject to change in accordance with local policies and state guidelines on school reopening. For the latest information and updates on returning to school, feel free to call the school during office hours at 480-219-2121.

Thank you for your input and support as we get through this pandemic together.

Kind Regards,

Principal Crawford
