

AP Exam Payment

If your student is currently taking an Advanced Placement course this fall semester, they must have joined their class in AP Central (College Board). The next step is to make payment through [MyPaymentsPlus](#) by Tuesday, November 10, 2020. Payments can also be made by check to the bookkeeper directly.

- The cost of each AP exam is \$95 per exam except AP Capstone. The AP Capstone exams are \$143. If a student registers late, there is a \$40 late fee. However, no additional fee will be collected if the student decides not to take the test in May.
- There is a one-time \$15 administration fee per student.
- The state of Georgia will cover the exam fee for one AP STEM related exam for each student enrolled in an AP STEM related course.
- For students eligible for the Free & Reduced Lunch program, the state of Georgia or Lassiter High School will absorb all exam fees in any AP subject. However, the student will be responsible for the \$15 administration fee.

If you have any questions concerning payment, please send an e-mail to lassiteraptesting@gmail.com.
