Career Information, by Mrs. Shaffer

Some people believe that the earlier students understand what a career is- and how their schooling helps prepare them- the better equipped they are for success. Xello for K-12 Elementary is an interactive game with separate modules for grades K-2 and 3-5, and the content is age-appropriate and engaging for students as they progress in their academic journey. Grade 6 lets them explore interests, learning styles, decision-making and much more.

Access Xello through xello.world.login and click on elementary. At the log-in page, the username is `coud-` then their lunch account number. The password is their birthdate: `mmddyyyy`.

Call-in by April 7, Kindergarten Registration!

Please give us a ring by April 7!

We will send home, or mail you, a packet to complete. Students must be 5 years of age by September 1, and reside within the CASD to be eligible.

PSSA UPDATES:

The PA Dept. of Ed. Has issued a longer testing window for PSSAs for Grades 3-6: May 3—May 14, 2021

Make-ups will be held following the actual test.

The Department of Education has updated our testing date windows several times since the start of our school year.

As our dates get closer, we will post any further updated information on our website: coudyschools.net

Please check our site regularly.

Please be sure your child has a good breakfast each day of testing and gets a good night's sleep. Students who arrive tardy will have to wait until the testing session is over before entering the classroom.

Please do not make any appointments during testing dates.

Once testing has begun, students will not be called out for appointments.

Students who miss testing will attend make-up testing.
