

James B. Rolle School

We, families and teachers, recognize the importance of education for the success of our children. We want the best education for them, and we must work together to provide it. Success for our students is a responsibility shared by the home and the school. Therefore:

- *School staff will provide high-quality curriculum and instruction in a supportive and effective learning environment so that children can master the Arizona College and Career Readiness Standards.*
- *Parents will support their child's learning by ensuring that their child attends school every day and arrives to school on time and ready to learn. Parents will take an active role in what their child learns at school.*
- *Children will demonstrate responsibility for their own education by coming to school prepared to learn, completing assignments with their best efforts, and making appropriate Rolle Strong behavioral choices.*

Communication between school and home will create the positive attitude necessary for student success. Therefore:

- *Parent/teacher conferences will be scheduled for the first and third quarter report card and as needed to keep parents and teachers informed of their child's progress and areas of concern.*
- *Information regarding academic progress will be available to parents throughout the school year through the Parent Portal.*
- *School staff will be available to provide information and respond to concerns.*
- *Opportunities for parents to observe, volunteer, and participate at school will be provided.*
