Introduction

To Yuma School District One Parents/Guardians, Students, and Staff Members:

Student success in school must be based on close cooperation between the students, parents, and staff. The purpose of this handbook is to communicate the expectations of Yuma School District One for student conduct in order to promote a safe, orderly, and positive learning environment, as well as to address student rights and responsibilities. In compliance with Arizona Revised Statutes 15-843, this handbook is a copy of the District policies and procedures pertaining to discipline, suspension, and expulsion of students.

The District Governing Board, administration, and staff regard student and staff safety as paramount. The rights of each student to receive a quality academic education, provided by caring and supportive faculty, will be fostered in an environment that generates respect for and appreciation of others.

Please review the handbook with your child (ren). Please sign the separate signature form indicating that you have read and understand this document. Return the signature form to your child's school. Any questions regarding the contents of this handbook should be expressed with your child's principal.

Thank you for your continued support of Yuma School District One.

"ONE Community Pursuing Excellence"

Preamble

There are a variety of potential consequences for misconduct. Depending on the seriousness of the situation, there may be more than one consequence for a single event. Nothing in the matrix is intended to restrict the District from imposing more severe consequences if, in the discretion of the District, the severity of harm, danger, damage or risk of harm warrants it, or if the incident involves more than one infraction. In addition, although not listed as a potential consequence on the charts for a particular behavior, long term suspension or expulsion may be imposed based upon the facts.

All discipline referrals submitted to the school administration/designee will begin with a conference with the student(s). In the case of suspension/expulsion, parents will be notified through a personal phone call, or by the written referral form.

The extent of the due process required will depend upon the severity of the infraction and the related consequence. Campus administrators may use their on-campus reassignment program as a disciplinary action in lieu of off-campus suspension for designated infractions.

Yuma School District One does not tolerate drugs, weapons, or threatening behavior. Any such act will result in a recommendation for long-term suspension or expulsion.

PLEASE NOTE: Federal privacy laws prohibit the District from naming students involved in disciplinary actions and from revealing the consequences of those actions to the parents of other students.

Philosophy of Student Conduct

A positive learning environment in our schools and a good state of student conduct start with students, parents, and staff having knowledge and understanding of the basic standards of acceptable conduct. In order to assist everyone in the pursuit of a quality education, the District has established guidelines designed to ensure a safe environment for all students and staff in our schools. For these guidelines to be most effective, it is vital for the family, the school, and the community to work together. Students are responsible for their own actions. Students whose actions are in violation of school/District guidelines will be expected to accept the appropriate consequences. We are proud of our students and strive to see that all students learn to recognize the essential worth of each individual. Students are expected to respect the rights and property of others while demonstrating high standards of personal integrity. To meet these goals, we enlist the support of our community. [JL Policy](#)

Unacceptable Behavior

When a District employee observes a student engaged in behavior that violates District policy, the employee is instructed to intervene either by requesting the unacceptable behavior cease or by immediately reporting the incident to the administration. Whenever the school administrator becomes aware of a report from a staff member, prompt and effective action to resolve the problem will be taken. When disciplinary action is appropriate, it shall be defined according to an established discipline plan. The assistance of the home, other educational support services, and other professional community agencies may be utilized. Each teacher will have a discipline plan for his/her classroom. When a student's actions go beyond those which the teacher can effectively control using his/her plan, the student will be referred to the administration. Students who break rules outside of the classroom may be referred directly to the administration or its designee. [JK-R Regulation](#)

Law Enforcement

The District shall notify appropriate law enforcement agencies of violations of the law. [JIC Policy](#)

EXPLANATIONS OF CONSEQUENCES

Informal Conference: An informal conference between an administrator and a student.

Administrative Warning: A formal conference and warning from the school official to the student.

Parent Contact: The parent is notified by phone or in writing of student conduct.

Detention: The student will be detained either before school, at recess, at lunch or after school. The student will be under the supervision of a school employee. Transportation will not be provided for those students on detention. Parents will be given prior notification in advance of the detention.

In-school Suspension/On campus Reassignment: At the discretion of the building-level administrator; students may be assigned this consequence for various infractions. Students will remain in a classroom or specified location working on school assignments, while supervised by a staff member.

Restitution: Students may be held liable for the cost of replacing or repairing school or personal property in the event of property damage, destruction, or theft.

Alternatives to Suspension: Students meeting requirements under Policy JKD may participate in an alternative to suspension program at the determination of the Superintendent or designee.

Suspension: JKD Policy

The following is an outline of the policies concerning student suspension. Policy JKD and A.R.S. 15-843 provides the legal basis for all student disciplinary actions, including suspension, both short term (STS) and long term (LTS). Copies of these documents will be made available upon request. The procedures described below are for regular education students. For those students who qualify for Special Education services, additional guidelines apply. Those guidelines are provided to parents as a part of the Individual Educational Program (IEP) process.

Students may be removed from contact with other students as a temporary measure. The authority to suspend a student for up to ten days rests with the Superintendent, but may be delegated to other administrators. If a danger to students or staff members is present, the Principal may immediately remove the student from school, with prior contact to parents. Each suspension shall be reported to the Governing Board, within five days, by the person imposing it. In all cases, except summary suspension where a clear and present danger is evident, the student shall remain in school until applicable due process procedures are instituted. In no instance shall students be released early from school unless parents have been notified.

Short Term Suspension:

Step 1: The student will receive notice, written or oral, for the reason for suspension and the evidence school authorities have of the alleged misconduct. After having received notice, the student will be asked for an explanation of the situation. The authorized District personnel shall make reasonable efforts to verify facts and statements prior to making a judgment.

Step 2: Provided that a written record of the action taken is kept on file, authorized District personnel may:

- Suspend the student up to nine (9) days.
- Choose other disciplinary alternatives.
- Exonerate the student.
- Suspend the student for ten days pending a recommendation that the student be given long-term suspension, expulsion or both.

When suspension is involved:

A parent must be notified before the student is allowed to leave the campus. If no parent contact can be made, the student may be supervised in the office until dismissal time and then given a written message to the parents. A letter to the parents will be written within a reasonable time to explain the terms and reason for the suspension (including the possibility that a long-term suspension and/or expulsion is being recommended), and to request a meeting with the parent. No appeal from a short-term suspension is available.

Long Term Suspension:

Step 3: If the infraction is one that could result in a suspension of ten (10) days or more, steps 1 and 2 will be implemented, plus a formal hearing may be arranged and conducted by a hearing officer or by the Superintendent. Parents also have the option to consent to the Long-Term Suspension, or to request a hearing as soon as possible and waive their right to formal notice.

Step 4: When the parent requests a hearing with formal notice, a formal letter from school officials to the responsible parent or guardian will be mailed by certified mail with return receipt requested or delivered by hand (with an adult witness present) at least five (5) working days prior to the preliminary hearing. A copy of this letter will remain on file and the letter should contain the following information:

- The charges and the rule or regulation violated.
- The extent of the punishment to be considered.
- The date, time and place of the formal hearing.
- A designation of the District's witnesses.
- That the student may present witnesses.
- That the student may be represented by counsel.
- If a hearing officer has been designated, the name of the hearing officer.

Step 5: A formal hearing will be held, during which the student will be informed of the following:

- Nothing in these procedures shall be construed to prevent the students who are subject to the action and their parents or legal guardians and legal counsel from attending any executive (closed) session pertaining to the proposed disciplinary action, or from having access to the minutes and testimony of such session or from recording such session at the parent or legal guardian's expense.
- The student is entitled to a statement of the charges and the rule or regulation violated.
- The student may be represented by counsel, without prejudice.
- The student may present witnesses.
- The student or counsel may cross-examine witnesses presented by the District.
- The burden of proof of the offense lies with the District.
- Either the hearing must be recorded or an official record must be kept in some other appropriate manner. In addition, parents are to be allowed to record the hearing at their own expense.
- The District has the right to cross-examine witnesses and may be represented by an attorney.

Step 6: Decision and appeal procedure, if applicable, will be as follows:

- Upon the conclusion of a hearing by a Hearing Officer, in which a decision of long-term suspension is made; the decision may be appealed to the Board. To arrange such an appeal, the parent(s) of the suspended student, or the student must deliver to the Superintendent a letter directed to the Board within five (5) days after receiving written notice of the long-term suspension. The letter must describe in detail any objections to the hearing or the decision rendered.
- The appeal to the board will be on the record of the hearing held by the Hearing Officer. If the Board determines that the student was not afforded due-process rights or that this policy was not followed in all substantive respects, the student shall be given another hearing. If the board determines that the punishment was not reasonable; it may modify the punishment.
- The decision of the Board is final.

Early Readmission Procedures: The Superintendent may, under some circumstances, authorize early readmission of a student suspended for more than ten days. Students will only be considered for readmission after completion of the major portion of the suspension, usually one day more than half of the suspension, with consideration for the grading period. The conditions of readmittance that must be met are described in Policy JKD, which is available upon request.

Expulsion: JKE Policy

A recommendation to expel shall be through the Principal and forwarded to the Superintendent. The authority to expel rests only with the Board. All expulsions requested shall have supporting data indicating the required due process provided at the time of recommendation.

Regular Education Students: Expulsion is the permanent exclusion of a student from school and school activities, unless the Governing Board reinstates the student's privileges to attend school.

Step 1: Each recommendation for expulsion shall be delivered to the Superintendent. Recommendations for expulsion may be made before, in conjunction with, or after a long-term suspension hearing, if one is to be held.

Step 2: If the Superintendent concurs with the recommendation, the Superintendent may assign the matter to a hearing officer, who shall hear the evidence and make a recommendation to the Superintendent and the Governing Board.

Step 3: The expulsion hearing should be scheduled so that it may be resolved, if reasonably possible, during the period of any suspension.

Step 4: A letter to the responsible parent or guardian will be mailed by certified mail with return receipt requested or delivered by hand at least five (5) working days prior to the formal hearing. A copy of this letter will remain on file, and the letter should contain:

- A statement of the charges and the rule or regulation violated.
- The extent of the punishment to be considered.
- The date, time, and place of the formal hearing.
- That the student may present witnesses.
- That the student may be represented by counsel.
- If a hearing officer has been appointed, the name of the hearing officer.

Step 5: If a preliminary hearing is held before a hearing officer, the hearing will be conducted in private with the attendance of only the hearing officer, administrative representatives, student, parent(s), counsel for the parties, and witnesses necessary to the proceedings, unless the parent(s), guardian(s), or emancipated student requests in writing that the hearing be open to public attendance. If the expulsion hearing is held before the Governing Board, the Board will conduct the hearing in executive session with the attendance of only administrative representatives, student, parent(s), counsel for the parties, and witnesses necessary to the proceedings, unless the parent(s), guardian(s), or emancipated student requests in writing that the hearing be open to public attendance.

Step 6: Upon conclusion of a preliminary hearing conducted by a hearing officer, the decision may be appealed to the Board at the time the Board considers the recommendation. A formal letter to the responsible parent or guardian will be mailed with return receipt requested or delivered by hand indicating the recommendation that will be made to the Board. A copy of this letter will remain on file, and the letter should set forth the time and place of the Board meeting at which the recommendation will be made.

Step 7: The Board will consider the recommendation of the hearing officer in executive session with the attendance of only the Hearing Officer, administrative representatives, the student, the parent(s), and witnesses necessary to the proceedings, unless the parent(s), guardian(s), or emancipated student requests in writing that the hearing be open to public attendance. The student or the student's parent(s) may be given time to speak to the Board. New evidence that could not have been presented with reasonable diligence at the hearing before the Hearing Officer may be presented at the Board's discretion.

Step 8: The Board may accept the hearing officer's recommendation or reject the recommendation and impose a different disciplinary action including assignment to an alternative educational program. The Board may grant a new hearing, take the matter under advisement, or take any further action deemed necessary. If the Board decides to expel the student, the expulsion shall become effective the day after the Board's decision. The decision of the Board is final.

Special Education Students: A student qualified under the Individuals with Disabilities Education Act (IDEA) as revised in 1997 may not be expelled from school, but in compliance with federal law and regulation, may be given a change in placement. The Individualized Education Program Team generally determines a change in placement of an IDEA qualified student. During any change in placement, the school must provide services to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's Individualized Education Programs.

A student with a disability qualified under the Americans with Disabilities Act or Section 504 of the Rehabilitation Act of 1973 and not qualified under the Individuals with Disabilities Education Act of 1997, may be suspended or expelled from school and education services may be ceased, if non-disabled students in similar circumstances do not continue to receive education services.

Readmittance Procedure: A student expelled from the District may request re-admittance by making a written application to the Governing Board. Readmission is at the discretion of the Board. A full explanation of this procedure is described in Policy JKE, which is available upon request.

STUDENT CONCERNS, COMPLAINTS AND GRIEVANCES

Students may present a complaint or grievance regarding one (1) or more of the following:

- Violation of the student's constitutional rights
- Denial of an equal opportunity to participate in any program or activity, for which the student qualifies
- Discriminatory treatment on the basis of race, color, religion, sex, age, national origin, or disability
- Harassment of the student by another person
- Concern for the student's personal safety

Provided that:

- the topic is not the subject of disciplinary or other proceedings under other policies and regulations of this District, and
- the procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without the authority to act.

Guidelines to be followed:

- The accusation must be made within thirty (30) calendar days of the time the student knew, or should have known, that there were grounds for the complaint/grievance.
- The complaint/grievance shall be made only to a school administrator or professional staff member.
- The person receiving the complaint will gather information for the complaint form.
- All allegations shall be reported on forms with the necessary particulars as determined by the Superintendent. Forms are available in the school office.
- The person receiving the complaint shall preserve the confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

The Superintendent shall determine any questions concerning whether the complaint/grievance falls within this policy.

Only middle school students may initiate the complaint process. A parent or guardian may initiate the complaint process on behalf of an elementary school student.

A complaint/grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint.

ANNUAL NOTIFICATION TO PARENTS REGARDING CONFIDENTIALITY OF STUDENT

Confidentiality of education records is a right of public school students and their parents. This right is provided for by two federal laws, the Individuals with Disabilities Education Act (IDEA), and the Family Educational Rights and Privacy Act (FERPA). Under these laws, "education records" refers to those records that are (1) directly related to a student; and (2) maintained by an educational agency or institution or by a party acting for the agency institution. Of course, education records are maintained on every child enrolled in a public school. The types of information gathered and maintained includes, but is not limited to: the student's and parent's names, address and telephone number; the student's date and place of birth, date of enrollment in school, records from previous schools attended, attendance record, subjects taken, grades, school activities, assessment results, number of credits earned, immunization records, disciplinary records, if any, correspondence from parents, child find, and screening results, including hearing and vision.

In addition, for children with disabilities, education records could include, among other things, evaluation and testing materials, medical and health information, each annual Individualized Education Program (IEP), notices to parents, notes regarding IEP meetings, parental consent documents, information provided by parents, progress reports, assessment results, materials related to disciplinary actions, and mediation agreements.

This information is gathered from a number of sources including the student's parents and staff of the school of attendance. Also, with parental permission, information may be gathered from additional sources including doctors and other health care providers.

The purpose for collecting this information is to assure proper identification of a student and the student's parents and the maintenance of accurate records of the student's progress and activities in school. For children with disabilities, additional information is collected in order to assure the child is identified, evaluated, and provided a Free Appropriate Public Education in accordance with state and federal special education laws.

Each agency participating under Part B of IDEA must assure that at all stages of gathering, storing, retaining and disclosing education records to third parties, it complies with the federal confidentiality laws. In addition, the destruction of any education records of a child with a disability must be in accordance with IDEA regulatory requirements.

The Federal Family Policy Compliance Office of the U.S. Department of Education has provided the following notice of parent's rights under FERPA. In accordance with IDEA, the rights of the parents regarding education records are transferred to the student at age 18.

[JR Policy](#)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's records.

These rights are as follows:

1) The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask a school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, a school may disclose education records, without consent, to officials of another school district in which the student seeks or intends to enroll, if the school states in its annual notification of FERPA rights that it forwards records on request. Yuma School District One does forward records to other school districts in which the student intends to enroll upon request from that school or district.

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by a school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue SW
Washington DC 20202-4605
202-260-3887 Voice
1-800-877-8339 TDD

A school may designate information in education records as "directory information" and may disclose it without parent consent. The law defines "directory information" as follows:

The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Notice of these rights is available, upon request, on audiotape, in Braille, and in languages other than English. You may contact the Arizona Department of Education at 602-542-3111.

TRANSPORTATION DISCIPLINE INFRACTIONS AND ACTIONS

The transportation of students to and from school is a privilege, and the safe transportation of students is the standard for everyone to expect. In order to provide safe and efficient transportation, students must adhere to the rules of conduct. Bus drivers are in charge of the bus and all passengers. The rules at bus stops and during bus rides, with the exception of students requiring "special needs" transportation services, are included in other related student management policies. Listed below are the violations and penalties identified with regard to student transportation management.

- Disruption, or disrupting other persons
- Throwing or shooting any object in or outside the bus
- Disorderly conduct
- Possession of an unauthorized item
- Placing anything outside the bus while the bus is in motion

Penalties:

Transportation will request school assistance in correcting unacceptable behavior.

Level I conduct violations beyond a fourth incident will result in the loss of transportation privileges for a period of no less than 10 days and up to the revocation of bus privileges.
