

Greetings,

Our first rule in the music classroom is, "Get Started and Get Better." This online learning platform is forcing me to walk the talk. I'm getting started and (hopefully) getting better.

Students in 3rd through 6th grade music classes will receive information for their learning targets via Google Classroom. This platform will be the primary tool used to deliver instruction for these four grade levels. For our parents of 5th and 6th grade students, the email you provided in PowerSchool will be used to invite you to join the 5-6 Music Google Classroom and have access to information about the assignments and expectations for learning. Parents of 3rd and 4th grade students can access information about music instruction from their child's classroom teacher's Google Classroom. For our K,1,2 students, Mrs. Camino and Ms. Murnion are collaborating with myself to incorporate music activities into their lesson breaks.

If you have questions or need to contact me for any reason, my office hours are between 12:00-4:30PM. You can schedule an appointment by clicking this link-[Calendar Appointments](#). We could use Google Meets within the calendar appointment, email, or have a phone conversation by calling the school at 758-4412.

Please know I look forward to assisting in your child's musical growth and in doing my part to grow with these changes. Also, I look forward to their return to the building and bricks and mortar classroom.

Sincerely,
Gerry Chase
