Dear Parents/Guardians:

I want to remind everyone of the process we use to notify parents, guardians, staff and students of late starts, early dismissal and/or school closures due to weather conditions.

In addition, to our current procedures of informing you of situations related to the weather (listed below), we will continue using a text messaging system called "Remind" to notify you of changes due to weather conditions. I have included with this letter an information sheet on how to register.

The "Remind App" will only be used as a notification system for changes due to weather or emergency situations.

Communication and planning is very important for everyone involved. Since the weather has the potential to quickly change in Wyoming, every family should have a plan for picking up their children from school if we should have a change in our regular schedule.

Anytime a school day is altered or canceled, the District will continue to use the following communication channels:

- All Bus parents will be contacted by their driver
- Information will be posted on our District Website and Facebook
- School Closure Information will be updated on the school phone system
 - * Call 758-4412
 - * Press 2 for School Closure Information
- Local Media will be informed
 - * Bighorn Mountain Radio Network
 - * KOTA – Rapid City
 - * Sheridan Media
 - * K2 Television

If an early dismissal happens during regularly scheduled school hours, the District will call all parents. **We will leave a voice message if no one answers!** *It is important that you have updated information on file with the District Office.* The safety of our students and staff during bad weather conditions continues to be our top priority during the winter months. Thank you for your support and assistance in keeping our students safe.

Sincerely,

Charles Auzqui
Superintendent
Sheridan County School District #3
