Dear Parents and Guardians,

Ignacio Fernandez
Governing Board
Member

I hope that each of you and your loved ones are safe and in good health. Our staff members have been working diligently to create lessons and instructional activities for our students. This past week provided our students with a glimpse of what they can expect in their new learning environment. Staff members will continue to refine how they communicate with parents and students. Teachers and administrators are striving to make contact with each parent or guardian and provide assistance that is needed.

Schools have been striving to forward information to parents and guardians regarding school assignments and activities. Assignments and activities should be available to our students electronically and in hard copies. Each school has a set timeframe(s) for parents and guardians to drive through and pick up hard copies for their children. All schools will have copies for all grade levels. This alleviates the need for parents and guardians to have to go to different schools. Please email your child's principal, if your work schedule does not coincide with the set timeframe to pick up hard copies of lessons and/or activities. Principals will work with you to ensure you have the appropriate lessons and/or activities for your child(ren). Here are the email addresses for each principal:

A new addition to our district website is a resource for parents/guardians and staff members. There are articles and information regarding how to “reenergize”. No one knows how each of you are processing the continued sad news we receive about the coronavirus. Please review the information under the title, “Parents and Staff – Articles to Reenergize.” I hope that you find these resources useful for yourself, a friend, a family member or community member.

In closing, thank you for your patience and cooperation as we work alongside one another to provide a bit of normalcy for your child(ren) during these stressful times.

Respectfully,

Marvene Lobato, Ed.D.

Superintendent
