

A Carpooler is defined as 2 or more driving age people sharing 50% of the one way trip.

Am I a carpooler?

Scenario 1

Husband and wife both work at the same work site. They travel from their home to their work site together.

Yes both are considered carpoolers. (They both traveled more than 50% of the way together)

Scenario 2

2 teachers work at the same work site. Teacher A travels 4 miles to pick up teacher B. They both travel an additional mile to get to work.

*Teacher A is not a carpooler (He/She traveled 50% of the way to work alone)
Teacher B is considered a carpooler (He/She traveled 50% of the trip with Teacher A)*

Scenario 3

Employee A and employee B live together. They each work at 2 different sites. They travel 4 miles to employee A's work site. Employee B travels an additional mile to his/her work site.

Yes both are considered carpoolers (They traveled 50% of the trip together)
