My Journey Thus Far

These past few months have been a strange way to live. The days are sometimes long or sometimes short, I've learned some sign language and I've gotten to leisure-read more. The time I've spent at home has not been totally awful, but has made me appreciate the outdoors and public events more. It's made me think a lot about my life since I have spent a lot of this time alone. I hope that I have come out of this a better version of myself.
